Splendor Of Sorrow:

Splendor of Sorrow Eddie Doherty, 1990 In his book *Splendor of Sorrow* Eddie Doherty styles himself and the Blindman who realizes that without help he cannot understand the significance of important happenings in our Christian heritage He calls upon his friends the saints to lead him back through time and help him to see With St Francis St Martin St Michael St Therese St Anthony and a host of angels and saints the author collapses time and space to make us witnesses of key events in the life of Our Lord and Our Lady which Catholic tradition refers to as the seven sorrows of Mary We see each sorrow and joy through the eyes of the Blindman My friend I am that Blindman and so are you At this late date in your soul's life it's time for you to pick up this book and let it give you eyes to see Let the Blindman awaken in you new gratitude for Jesus Mary and the saints John L Barger Sophia Institute

Filmmakers fascination with opera dates back to the silent era but it was not until the late 1980s that critical enquiries into the intersection of opera and cinema began to emerge Jeongwon Joe focusses primarily on the role of opera as soundtrack by exploring the distinct effects opera produces in film effects which differ from other types of soundtrack music such as jazz or symphony These effects are examined from three perspectives peculiar qualities of the operatic voice various properties commonly associated with opera such as excess otherness or death and multifaceted tensions between opera and cinema for instance opera as live embodied high art and cinema as technologically mediated popular entertainment Joe argues that when opera excerpts are employed on soundtracks they tend to appear at critical moments of the film usually associated with the protagonists and the author explores why it is opera not symphony or jazz that accompanies poignant scenes like these Joe s film analysis focuses on the time period of the post 1970s which is distinguished by an increase of opera excerpts on soundtracks to blockbuster titles the commercial recognition of which promoted the production of numerous opera soundtrack CDs in the following years Joe incorporates an empirical methodology by examining primary sources such as production files cue sheets and unpublished interviews with film directors and composers to enhance the traditional hermeneutic approach The films analysed in her book include Woody Allen s Match Point David Cronenberg s M Butterfly and Wong Kar wai s 2046 **The Preacher and Homiletic Monthly** ,1881
