Splendours Miseries:

Splendors and Miseries of the Brain Semir Zeki, 2011-09-23 *Splendors and Miseries of the Brain* examines the elegant and efficient machinery of the brain showing that by studying music art literature and love we can reach important conclusions about how the brain functions discusses creativity and the search for perfection in the brain examines the power of the unfinished and why it has such a powerful hold on the imagination discusses Platonic concepts in light of the brain shows that aesthetic theories are best understood in terms of the brain discusses the inherited concept of unity in love using evidence derived from the world literature of love addresses the role of the synthetic concept in the brain the synthesis of many experiences in relation to art using examples taken from the work of Michelangelo C zanne Balzac Dante and others

Splendour, Misery, and Possibilities Darko Suvin, 2016-06-27 Suvin's *X Ray of Socialist Yugoslavia* offers an indispensable overview of a unique and often overlooked twentieth century socialism It shows that the plebeian surge of revolutionary self determination was halted in SFR Yugoslavia by 1965 that between 1965 72 there was a confused and hidden but still open ended clash and that by 1972 the oligarchy in power was closed and static leading to failure The underlying reasons of this failure are analysed in a melding of semiotics and political history which points beyond Yugoslavia including its achievements and degeneration to show how political and economic democracy fail when pursued in isolation The emphasis on socialist Yugoslavia is at various points embedded into a wider historical and theoretical frame including Left debates about the party sociological debates about classes and Marx's great foray against a religious State doctrine in *The Jewish Question*
