Splitting Up Single Parent Liberation:

Splitting Up Catherine Itzin, 1980 **The Virago Story** Catherine Riley, 2018-04-23 The 1970s witnessed a renaissance in women's print culture as feminist presses and bookshops sprang up in the wake of the second wave women's movement. At four decades remove from that heady era, however, the landscape looks dramatically different with only one press from the period still active in contemporary publishing: Virago. This engaging history explains how, from modest beginnings, Virago managed to weather epochal transformations in gender politics, literary culture, and the book publishing business. Drawing on original interviews with many of the press's principal figures, it gives a compelling account of Virago's place in recent women's history while also reflecting on the fraught relationship between activism and commerce.

The Abolitionists Ronald Fletcher, 2013-10-18 In *The Abolitionists*, a companion volume to *The Shaking of the Foundations*, Ronald Fletcher turns his attention to those critics who have advocated the abolition of the family. Blaming the strength of the family for all discontents, they see the family as the deeply entrenched last bastion of an exploitative capitalist society, an obstacle to social progress and a prop for patriarchy. These new critics have exerted a growing influence throughout the 1970s and 1980s, and this is the first book to subject them to a systematic critical appraisal. *The Abolitionists* is a controversial and impressive defence of the modern family shaped by a century and a half of humane reform.

Having To (Routledge Revivals) E. Cashmore, 2013-10-14 First published in 1985, *Having To* summarises the situation of more than a million parents in the UK alone that survive as single parents. This thought-provoking book is based on interviews with more than 200 women and men of all ages and backgrounds. The accounts of what life can be like in the world of one-parent families are revealing, sometimes disturbing, and above all moving. In this book, parents talk in depth about their experiences when confronted by violence, infidelity, lesbianism, child abuse, and paranoia. They portray stories that will provoke many questions about the state of the nuclear family.

The Family: Change or Continuity? Faith Robertson Elliot, 1986-10-27 Faith Elliot's book has a coherence unusual in a textbook. As its title suggests, it directs our attention to change and continuity in the family. It reviews debates about the biological origins of the nuclear family and gender roles, accounts of the development of the conjugal family as the dominant family form in modern Western societies, and of change in the roles of men and women within and without the family, the remodelling of the conjugal family consequent on the legitimization of divorce and the emergence of one-parent families and remarriage families, and the development of alternative lifestyles as exemplified in unmarried cohabitation, same-sex pairings, and group living. The book considers Marxist and feminist approaches alongside the functional approaches which have been more traditional in the sociological study of the family.

The Mating Trade Robert Mullan, 2022-02-23
Are marriages made in heaven In reality many people need a little help in the arrangement of such matters whether from Jewish shadkhans matchmakers go between computer or video dating agencies marriage bureaux Asian arranged marriages gay dating agencies or personal ads Originally published in 1984 the author's clear sighted look at the mating trade takes some of the mystique away from the subject and is the first serious and detailed account of the third party in marriage Dr Mullan looks at the singles scene and the arranged marriage historically and cross culturally and makes it clear that there is nothing necessarily odd or deviant about the mating trade It is a business like any other and as long as people continue to want perfect partners marriage permanent relationships dates and sex and while evolving social structures make such demands ever more difficult to meet the business will thrive It could even expand and grow but the author believes that first it will have to clean up its act

Women-Headed Households S. Chant, 1997-01-31 Households headed by women are a growing presence worldwide This is the first book to focus on their diversity and dynamics in developing countries Set within the context of global trends and debates on female household headship and using case study material based on interviews with low income women in Mexico Costa Rica and the Philippines the analysis explores the reasons for the formation and increase in women headed households in different parts of the world and their capacity for survival in societies where male headed households are both the norm and ideal

Middletown Families, 1982 Middletown Families was first published in 1985 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions Fifty years after publication of Robert and Helen Lloyd's classic studies Middletown 1929 and Middletown in Transition 1937 the Middletown III Project picked up and continued their exploration of American values and institutions By duplicating the original studies in many cases by using the same questions this team of social scientists attempted to gauge the changes that had taken place in Muncie Indiana since the 1920s In Middletown Families the first book to emerge from this project Theodore Caplow and his colleagues reveal that many widely discussed changes in family life such as the breakdown of traditional male female roles increased conflict

between parents and children and disintegration of extended family ties are more perceived than actual Their evidence suggests that the Middletown family seems to be stronger and more tolerant with closer bonds and greater marital satisfaction than fifty years ago Instead of breaking it apart the pressures of modern society may have drawn the family closer together *Liberating Economics, Second Edition* Drucilla Barker, Suzanne Bergeron, Susan F. Feiner, 2021-02-08 In this brand new critical analysis of economics Barker Bergeron and Feiner provide a feminist understanding of the economic processes that shape households labor markets globalization and human well being to reveal the crucial role that gender plays in the economy today With all new and updated chapters the second edition of *Liberating Economics* examines recent trends in inequality global indebtedness crises of care labor precarity and climate change Taking an interdisciplinary and intersectional feminist approach the new edition places even more emphasis on the ways that gender race class sexuality and nationality shape the economy It also highlights the centrality of social reproduction in economic systems and makes connections between the economic circumstances of women in global North and global South Throughout the authors reject the idea that there is no alternative to our current neoliberal market economy and offer alternative ways of thinking about and organizing economic systems in order to achieve gender equitable outcomes Written in an accessible and engaging style this book will be of interest to students and scholars across a range of fields policymakers and any reader interested in creating just futures
