Colliander, 1974 **Mental Territories** Katherine G. Morrissey, 2018-09-05 Rarely recognized outside its boundaries today the Pacific Northwest region known at the turn of the century as the Inland Empire included portions of the states of Washington and Idaho as well as British Columbia Katherine G Morrissey traces the history of this self proclaimed region from its origins through its heyday In doing so she challenges the characterization of regions as fixed places defined by their geography economy and demographics Regions she argues are best understood as mental constructs internally defined through conflicts and debates among different groups of people seeking to control a particular area s identity and direction She tells the story of the Inland Empire as a complex narrative of competing perceptions and interests **Sketchbook** William Cumming, 2005 William Cumming began as a self taught artist who grew up in Tukwila a small town outside Seattle In 1937 at the age of twenty he met Morris Graves who was at that time working in Seattle for the Federal Art project of the Works Progress Administration Through Graves he soon became part of the circle of friends who came to be known as the Northwest School of artists Mark Tobey then nearing fifty the patriarchal leader of the group Kenneth Callahan and his wife Margaret a writer and critic who became Cumming s particular mentor Guy Anderson Lubin Petric and others He has taught for many years at the Art Institute of Seattle and Cornish College of the Arts Bill Cumming is at once an exceptional and successful regional artist and one of the most erudite perceptive and entertainingly cantankerous characters in this part of the world He tells what it was like to be an artist in the Great Depression tells tales out of school about such international luminaries as Mark Tobey and Morris Graves tells how the Northwest School of which he was the youngest member developed tells about the early success and ultimate failure of the Communist movement in the Far West and shows how the political economic and cultural events of a half century affected the life of a region and of its creative minority Cumming is a natural raconteur equipped with more literary wit and charm than most professional writers Tom Robbins Besides being one of the Northwest s best painters Bill Cumming has certainly had a knack for being historically speaking in the right place at the right time Beyond being good local history his Sketchbook is a moving sometimes chillingly perceptive and certainly fascinating glimpse into the nature of artists themselves Wesley Wehr Catalog of Copyright Entries.
