

A Spoken Word

**From the lips of a mortal~
Words are spoken.
When the words are spoken
from the heart and soul,
I believe the words are true.**

**Sometimes a word may be uttered
from a person's deep wounded inner child,
Where confusion and misunderstanding,**

Are the words we speak.

**Learn to trust...
Have faith in what you do not see
with the naked eye...
Knowing that God will be your light,
If your life has been touched by God.**

**Mortal words will not dampen
your soul...
You will be filled with,**

wisdom and understanding.

**Never to fear...
Words that you hear...**

Meaning, Expression and Thought Wayne A. Davis, 2002-11-11 This philosophical treatise on the foundations of semantics is a systematic effort to clarify deepen and defend the classical doctrine that words are conventional signs of mental states principally thoughts and ideas and that meaning consists in their expression This expression theory of meaning is developed by carrying out the Gricean programme explaining what it is for words to have meaning in terms of speaker meaning and what it is for a speaker to mean something in terms of intention But Grice's own formulations are rejected and alternatives developed The foundations of the expression theory are explored at length and the author develops the theory of thought as a fundamental cognitive phenomenon distinct from belief and desire argues for the thesis that thoughts have parts and identifies ideas or concepts with parts of thoughts This book will appeal to students and professionals interested in the philosophy of language
