Spoken French In Review:

Spoken French in Review Quentin M. Hope, 1963 **Spoken French in Review** Quentin Manning Hope, 1963 *On Spoken French* William J. Ashby, 2023-03-15 This scholarly edition invites us to reconsider our assumptions about the French language by showcasing the oeuvre of one of the pioneers of diachronic Spoken French corpus linguistics William J Ashby and the ground breaking findings to come out of his influential Tours corpora 1976 1995 including two real time studies appearing for the first time in English translation To help readers visualize just how radically different the morphosyntax morphophonology and semantics of Spoken French are from French on the page the editor has developed a glossing framework designed to capture the systemic radically prefixal morphology of Spoken French and the variability of change in progress The model presented here and used to gloss the examples from the Tours corpus is also suitable for corpus tagging The volume is organized into sections preceded by an Editor's note and followed by suggestions for further reading and closes with an appendix of French corpora This scholarly edition was written for advanced undergraduates graduate students and scholars in the field

Norm and Ideology in Spoken French David Hornsby, 2020-10-19 This volume offers a diachronic sociolinguistic perspective on one of the most complex and fascinating variable speech phenomena in contemporary French Liaison affects a number of word final consonants which are realized before a vowel but not prepausally or before a consonant Liaisons have traditionally been classified as obligatoire obligatory interdite forbidden and facultative optional the latter category subject to a highly complex prescriptive norm This volume traces the evolution of this norm in prescriptive works published since the 16th Century and sets it against actual practice as evidenced from linguists descriptions and recorded corpora The author argues that optional or variable liaison in French offers a rich and well documented example of language change driven by ideology in Kroch's 1978 terms in which an elite seeks to maintain a complex conservative norm in the face of generally simplifying changes led by lower socio economic groups who tend in this case to restrict liaison to a small set of traditionally obligatory environments

Varieties of Spoken French Sylvain Detey, Jacques Durand, Bernard Laks, Chantal Lyche, 2016-07-14 This book examines the variation found in modern spoken French based on the research programme Phonology of Contemporary French Phonologie du Français Contemporain PFC Extensive data are drawn from all over the French speaking world including Algeria Canada Louisiana Mauritius and Switzerland Although the principal focus is on differences in pronunciation the authors also analyse the spoken language at all levels from sound to meaning The book is accompanied by a website hosting audio visual material for teaching purposes data and a variety of tools for working with corpora The first part of the book outlines some key concepts and approaches to the description of spoken French Chapters in Part II are devoted to the study of individual samples of spoken French from all over the world covering phonological and grammatical features as well as lexical and cultural aspects A class friendly ready to use multimedia version of these 17 chapters as well as a full transcription of each extract is provided with the sound files

also available on the book's companion website Part III looks at inter and intra speaker variation it begins with chapters that provide the methodological background to the study of phonological variation using databases while in the second section authors present case studies of a number of PFC survey points including Paris the Central African Republic and Quebec Varieties of Spoken French will be an invaluable resource for researchers teachers and students of all aspects of French language and linguistics The French Review James Frederick Mason, Hélène Harvitt, 1927 *Spoken French in Review, Based on Modern Authors. Second Edition* Quentin Manning HOPE, 1968 American Monthly Review of Reviews Albert Shaw, 1929 The Modern Language Review , 1915 The Modern Language Review MLR is an interdisciplinary journal encompassing the following fields English including United States and the Commonwealth French including Francophone Africa and Canada Germanic including Dutch and Scandinavian Hispanic including Latin American Portuguese and Catalan Italian Slavonic and East European Studies and General Studies including linguistics comparative literature and critical theory The Volta Review , 1917
