

Spokesmen for Ethical Religion

*Biographical sketches of the great
figures in the Ethical Culture Society*

by HENRY NEUMANN

Spokesmen For Ethical Religion

Michael Brown

Spokesmen For Ethical Religion:

Spokesmen for Ethical Religion Henry Neumann, 1951 **The Religion of Democracy** Amy Kittelstrom, 2016-04-05 A history of religion's role in the American liberal tradition through the eyes of seven transformative thinkers Today we associate liberal thought and politics with secularism When we argue over whether the nation's founders meant to keep religion out of politics the godless side is said to be liberal But the role of religion in American politics has always been far less simplistic than today's debates would suggest In *The Religion of Democracy* historian Amy Kittelstrom shows how religion and democracy have worked together as universal ideals in American culture and as guides to moral action and to the social practice of treating one another as equals who deserve to be free The first people in the world to call themselves liberals were New England Christians in the early republic Inspired by their religious belief in a God given freedom of conscience these Americans enthusiastically embraced the democratic values of equality and liberty giving shape to the liberal tradition that would remain central to our politics and our way of life *The Religion of Democracy* re-creates the liberal conversation from the eighteenth century to the twentieth by tracing the lived connections among seven transformative thinkers through what they read and wrote where they went whom they knew and how they expressed their opinions from John Adams to William James to Jane Addams from Boston to Chicago to Berkeley Sweeping and ambitious *The Religion of Democracy* is a lively narrative of quintessentially American ideas as they were forged debated and remade across our history

Pluralism and Progressives Rivka Shpak Lissak, 1989-11-09 The settlement house movement launched at the end of the nineteenth century by men and women of the upper middle class began as an attempt to understand and improve the social conditions of the working class It gradually came to focus on the new immigrants mainly Italians Slavs Greeks and Jews who figured so prominently in this changing working class Hull House one of the first and best known settlement houses in the United States was founded in September 1889 on Chicago's West Side by Jane Addams and Ellen G Starr In a major new study of this famous institution and its place in the movement Rivka Shpak Lissak reassesses the impact of Hull House on the nationwide debate over the place of immigrants in American society

The Achievement of American Liberalism William H. Chafe, 2002-12-18 The New Deal established the contours and character of modern American democracy It created an anchor and a reference point for American liberal politics through the struggles for racial gender and economic equality in the five decades that followed it Indeed the ways that liberalism has changed in meaning since the New Deal provide a critical prism through which to understand twentieth century politics From the consensus liberalism of the war years to the strident liberalism of the sixties to the besieged liberalism of the eighties and through the more recent national debates about welfare reform and Social Security privatization the prominent historians gathered here explore the convoluted history of the complex legacy of the New Deal and its continuing effect on the present In its scope and variety of subjects this book reflects the protean quality of American liberalism Alan Brinkley focuses on the range of choices New

Dealers faced Alonzo Hamby traces the Democratic Party's evolving effort to incorporate New Deal traditions in the Cold War era Richard Fried offers a fresh look at the impact of McCarthyism Richard Polenberg situates Robert Oppenheimer the father of the atomic bomb in a tradition of liberal thought And Melvin Urofsky shows how the Roosevelt Court set the legal dimensions within which the debate about the meaning of liberalism would be conducted for decades Other subjects include the effect of the Holocaust on relations between American Jews and African Americans the limiting effects of racial and gender attitudes on the potential for meaningful reform and the lasting repercussions of the tumultuous 1960s Provocative illuminating and sure to raise questions for future study *The Achievement of American Liberalism* testifies to a vibrant and vital field of inquiry

Marching to a Different Drummer Robin K. Berson, 1994-09-30 These 35 little known heroes and heroines of American history from across the ethnic spectrum have been virtually ignored in traditional history books Their inspiring biographical profiles reveal the struggle in the face of entrenched opposition for a just equitable and humane society They spoke for racial and social justice women's rights safe working conditions and freedom of conscience and religion More than half of the profiles are of women one fourth are of African Americans and Native Americans Asian Americans Latino and Chicano Americans are also represented Each profile integrates the individual life with a detailed explanation of the historical context and each entry provides excerpts from primary sources speeches writings and interviews and is followed by broad bibliographical references An alternative perspective on American history for students is offered in this work The 35 men and women profiled here all defied the social and moral conventions of their times frequently facing opposition and condemnation Their voices were often stifled muted or lost but their ethically grounded courage their clarity of vision and their willingness to stand up to injustice provide role models for Americans of all ages One third of these people cannot be found in standard biographical references and others have never before been the focus of biographical sketches Subject lists by chronology gender ethnicity and focus of the biographee's concern will enable the student to select an appropriate subject for investigation and reports

The Annals of the American Academy of Political and Social Science, 1951-11 **The Standard**, 1955 **Love, Science, and Social Justice** Thomas Marshall Todd, 1916 **The Standard**, 1929 [United States Jewry, 1776-1985](#) Jacob Rader Marcus, 2018-02-05 The third volume covers the period from 1860 to 1920 beginning with the Jews slavery and the Civil War and concluding with the rise of Reform Judaism as well as the increasing spirit of secularization that characterized emancipated prosperous liberal Jewry before it was confronted by a rising tide of American anti-Semitism in the 1920s

Getting the books **Spokesmen For Ethical Religion** now is not type of challenging means.
