kitchens and dining rooms of restaurants coast to coast from David Chang's Momofuku noodle bar in New York to the seasonal French inspired cuisine of Alice Waters and Thomas Keller in California to the deconstructed comfort food of Homaro Cantu's Moto in Chicago to explore the different forms and flavors this casualization is taking. Through lively on the scene observation and interviews with major players and chefs, Smart Casual will transport readers to restaurants around the country to learn the secrets to their success and popularity. It is certain to give foodies and restaurant goers something delectable to chew on. This study is erudite and hip, written with both verve and a keen analytical eye. Ken Albala, author of *Beans: A History*. Becoming a Chef Andrew Dornenburg, Karen Page, 1995. What an extraordinary book. Pain, gain, joy, pathos, and the aroma of braised short ribs. It made me want to open God forbid another restaurant. I never thought anyone could capture the magic and mission of being a chef, but they've done it. Barbara Tropp, Chef Owner, China Moon Cafe. An unusually comprehensive book, immensely readable at once passionate and coherent, probing and well informed. For anyone interested in the historic coming of age of the professional American kitchen, this is a requisite buy. Michael and Ariane Batterberry, Founding Editors and Associate Publishers of Food Arts. Finally a book that lets chefs speak for themselves. An insightful look at the complex life of a professional chef in the 90s. Fascinating portraits of the people who have defined American cuisine: who they are and how they got to be where they are today. Anyone who is interested in becoming a chef will find this book invaluable. This is what it takes to make it. Mark Miller, Chef Owner, Coyote Cafe and Red Sage. After reading this book, I understand that becoming an outstanding leader is not very different from becoming a chef. Both roles require passion, discipline, authenticity, and an experimental attitude. On top of that, organizing a kitchen may be as difficult as organizing any business. Not only will present and future chefs and restaurateurs want to read this book, but anyone with a taste for excellent cooking and excellent leadership will find something of interest on every page. Warren Bennis, Distinguished Professor of Business Administration at the University of Southern California and Author of *Becoming a Leader* and *Leaders Becoming a Chef*. This is a marvelous book for the interested home cook as well as the aspiring chef. Like great wines with great food, there are great dishes and a great education here.
