The Healing Of A Nation:

The Healing of a Nation David Loye, 1998-12 The Healing of a Nation winner of the 1971 Anisfield Wolf Award for the best scholarly book in the field of race relations applies the insights of modern psychology and sociology to an exploration of the causes and cures of racism Taking a fresh look at the works of such giants as Pavlov Freud Marx Myrdal and Kurt Lewin David Loye shows us how their theories and findings can be used to help solve our racial dilemma *The Healing of a Nation* Chevelle R. Moore, 2007-09 The Healing of a Nation is a pathway for national leaders educators scientists and everyday people who want to access healing and see positive changes occur within their respective lands This pathway outlines how a nation's past and current relationship with God affects its wellness and captures His voice alerting us I see that you have entered a troubled zone Turn back **The Healing of a Nation?** Alex Boraine, Janet Levy, 1995 A collection of papers delivered at a conference in July 1994 on the subject of a Truth and Reconciliation Commission Includes the challenge facing South Africa Commissions of truth and reconciliation Chile Patricio Aylwin Jose Zalaquett Argentina Catalina Smulovitz El Salvador Patricia Valdez Contributions by Richard Goldstone Dullah Omar Antjie Krog Albie Sachs Frank Chikane For the Healing of the Nation William Russell Pregeant, 2016-04-14 For the Healing of the Nation offers a serious look at the social and political climate in the United States from a biblical perspective emphasizing race and otherness economics and the environment and institutional violence war and capital punishment An autobiographical thread traces the journey of a white male coming of age in the mid twentieth century Deep South as his evolving faith leads him to painful breaks with inherited values and standard views on controversial issues Critical not only of both major political parties but also of centrist compromises between Right and Left Russell Pregeant seeks a forward position which he terms ecocommunitarian based on biblical values His musings touch on both southern and American identities and on the nature of the biblical writings and the ways they should and should not be used in contemporary debates Central to the entire work are discussions of how idolatrous commitments to a culture's prevalent ideologies obscure the essential demands of biblical faith *The Healing of Nations* Mark R. Amstutz, 2005 How does one forgive an international political transgression as deep as genocide or apartheid Forgiveness is often conceived of as an element of personal morality and even at that it is difficult This book argues that it is also an essential part of political ethics especially when dealing with collective wrongdoing by political regimes In the past a retributive justice demanding prosecution and punishment of all past offenses has kept the international community away from moving on to the next step in regime change Here Mark R Amstutz takes a restorative justice approach calling for nations to account for crimes through truth commissions public apology and repentance reparations and ultimately forgiveness and the lifting of deserved penalties The distinctive feature of forgiveness is the balance it strikes between backward looking accountability and forward looking reconciliation The Healing of Nations combines a theory of the role of forgiveness in public life with four key case studies that test this ethic Argentina Chile

Northern Ireland and South Africa Amstutz uses the hard cases to illustrate the promise and limits of forgiving without forgetting **The Healing of the Nations**, 19?? The Lamb Donald Peart, 2012-11-01 A detailed look at the Lamb of God and His kingdom principles We explore His wonderful character and work as it relates to our expected lifestyle self esteem and relational living The book starts with a fresh look at His blood that speaks better things **Foretaste of the Future** Dean Flemming, 2022-08-23 For many Christians the book of Revelation is a confusing coded screenplay for the end times But when we read Revelation as focused on the future we miss what it says about what God is doing in the world now Dean Flemming mines this untapped resource by introducing a missional reading that draws on a variety of cultural perspectives *Revisiting Vietnam* Julia Bleakney, 2006 First Published in 2007 Routledge is an imprint of Taylor Francis an informa company The Scar That Binds Keith Beattie, 2000-07-01 At the height of the Vietnam War American society was so severely fragmented that it seemed that Americans may never again share common concerns The media and other commentators represented the impact of the war through a variety of rhetorical devices most notably the emotionally charged metaphor of the wound that will not heal References in various contexts to veterans attempts to find a voice and to bring the war home were also common Gradually an assured and resilient American self image and powerful impressions of cultural collectivity transformed the Vietnam war into a device for maintaining national unity Today the war is portrayed as a healed wound the once silenced veteran has found a voice and the American home has accommodated the effects of Vietnam The scar has healed binding Americans into a union that denies the divisions diversities and differences exposed by the war In this way America is now over Vietnam In The Scar That Binds Keith Beattie examines the central metaphors of the Vietnam war and their manifestations in American culture and life Blending history and cultural criticism in a lucid style this provocative book discusses an ideology of unity that has emerged through widespread rhetorical and cultural references to the war A critique

of this ideology reveals three dominant themes structured in a range of texts the wound the voice of the Vietnam veteran and home The analysis of each theme draws on a range of sources including film memoir poetry written and oral history journalism and political speeches In contrast to studies concerned with representations of the war as a combat experience The Scar That Binds opens and examines an unexplored critical space through a focus on the effects of the Vietnam War on American culture The result is a highly original and compelling interpretation of the development of an ideology of unity in our culture **Bible Society Record** ,1939 **A Light to the Nations** Stanley M. Burgess,Paul W. Lewis,2017-03-02 The essays in this volume which are written by friends colleagues and former students are dedicated to Gary B McGee as a memorial to his life work and service As a professor with a clear calling to teach he modeled this passion at the Open Bible College Des Moines Iowa Central Bible College Springfield Missouri and the Assemblies of God Theological Seminary Springfield Missouri He exuded the understanding that quality teaching superior scholarship a genuine Pentecostal spirituality and an irenic spirit can and should go together Within the title of this volume A Light to the Nations two aspects become clear First each person is called to be a light to the nations as Gary McGee modeled Second and foundational to the first is the reality that Jesus Christ is the ultimate light and our energies study discussions and life in general should rely on this fact As a reflection of Gary McGee s life and ministry these two aspects are focused through three lenses which are the three sections of this volume Ecumenism Missions and Pentecostalism The essays represent a diversity of subjects and denote various explorations by colleagues and friends of Gary B McGee The Cultural Politics of Emotion Sara Ahmed,2013-11-15 In The Cultural Politics of the Emotions Sara Ahmed develops a new methodology for reading the emotionality of texts She offers analyses of the role of emotions in debates on international terrorism asylum and migration and reconciliation and reparation and reflects on the role of emotions in feminist and queer politics Of interest to readers in gender studies and cultural studies the psychology and sociology of emotions and phenomenology and psychoanalysis The Cultural Politics of the Emotions offers new ways of thinking about our inner and our outer lives Publisher description Prophecy the Missing Dimension of Healing, the Healing Power of Angels Karma of the Nations Elizabeth Clare Prophet,1988-03
