A Children's History of India in 100 Objects Devika Cariapa, 2023-10-30 A stone age hand axe, an enchantingly sculpted yakshi, the Koh-i-Noor diamond, and even an HMT watch—can these things have anything in common? Yes, they can. Each of these has been conceived by the human mind and shaped by the human hand. Each object has a voice, not just of rulers and conquerors but also of the common people. Most significant of all, each carries stories of how communities and identities were built on the Indian subcontinent. Spanning the entirety of Indian history from prehistoric to contemporary times, the 100 objects and artefacts chronicled in this book have shaped our present. Learn about the people who created these amazing objects, their way of life and culture, and how these objects influenced our world. Embellished with vibrant illustrations, this engaging book will fire the imagination of readers and make them look at our incredible material remains in a new light while helping them understand our diverse pasts. **Big and Small** Lynne Vallone, 2017-11-07
