The Illustrated Guide to Victorian Parian China Charles Shinn, Dorrie Shinn, 1971      The Melancholy Man John Lucas, 2016-07-22 First published in 1980 this book surveys Dickens growing power to drive deep into the causes of his contemporary conditions It reveals the importance of nature to Dickens as a rich metaphor of human freedom and potentiality and emphasises his concern with time and the problems of freedom The author considers the peculiarity of Dickens being unanimously acclaimed as a great writer considering the difficulty in placing him definitively within the literary tradition The author argues Dickens was an isolated figure indifferent to changing fashions and with a strong sense of the dignity of human nature and that this formed the basis of his character and writings      *English China* Geoffrey A. Godden, 1985 This is an edited and revised compilation of 15 of the standard reference books written by Geoffrey Godden between 1961 and 1983 many of which are now out of print It provides an excellent survey of the main types of English 18th century porcelain Mason s Ironstone china and the productions of the Coalport Ridgway and Minton factories up to the mid 19th century with an important section of Parian porcelain An illustrated glossary of the basic types of English ceramics factory marks and extensive bibliography and general hints on forming a collection make this a particularly useful work for anyone with an interest in ceramics      **Godden's Guide to English Porcelain** Geoffrey A.
