

The book cover features a collage of black and white photographs. At the top, a group of African American people are smiling. On the left, a large, multi-story building is shown. On the right, a portrait of a woman is visible. The bottom half of the cover is dominated by a large photograph of a group of people, some wearing headwraps, gathered together. The entire cover is framed by a decorative border with a repeating geometric pattern in red, orange, and black.

Stefansson, 2004-11-09 Despite the mass dislocation and repatriation efforts of the last century the study of return movements still sits on the periphery of anthropology and migration research *Homecomings* explores the forces and motives that drive immigrants war refugees political exiles and their descendants back to places of origin By including a range of homecoming experiences Markowitz and Stefansson destabilize the key oppositions and the key terminologies that have vexed migration studies for decades analyzing migration and repatriation home and homeland and host returnee and newcomer through a comparative ethnographic lens The volume provides rich answers to the following questions Does group repatriation sponsored and sometimes coerced by national governments or supranational organizations create resettlement conditions more or less favorable than those experienced by individuals or families who made this journey alone How important are first impressions living conditions and initial reception in shaping the experience of home in the homeland What are the expectations that a mythologized homeland encourages in those who have left Filling a conspicuous gap in the literature on migration in diverse fields such as anthropology politics international law and cultural studies *Homecomings* and the gripping ethnographic studies included in the volume demonstrate that a home and a homeland remain salient cultural imperatives that can inspire a call to political action **Thin Description** John L. Jackson Jr., 2013-11-04 The African Hebrew Israelites of Jerusalem are often dismissed as a fringe cult for their beliefs that African Americans are descendants of the ancient Israelites and that veganism leads to immortality But John L. Jackson questions what fringe means in a world where cultural practices of every stripe circulate freely on the Internet In this poignant and sophisticated examination of the limits of ethnography the reader is invited into the visionary sometimes vexing world of the AHIJ Jackson challenges what Clifford Geertz called the thick description of

anthropological research through a multidisciplinary investigation of how the AHJ use media and technology to define their public image in the twenty first century Moving beyond the modest witness of nineteenth century scientific discourse or the thick descriptions of twentieth century anthropology Jackson insists that Geertzian thickness is impossible especially in a world where the anthropologist s subjects craft their own self ethnographies and critically consume the ethnographer s offerings Taking as its topic a group situated along the fault lines of several diasporas African American Jewish Thin Description provides an account of how race religion and ethnographic representation must be understood anew in the twenty first century lest we reenact old mistakes in the study of black humanity

Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations

examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more

African Zion Edith Bruder,2012-03-15 Over the last hundred years in Africa and the United States through a variety of religious encounters some black African societies adopted or perhaps rediscovered a Judaic religious identity African Zion grows out of a joined interest in these diversified encounters with Judaism their common substrata and divergences their exogenous or endogenous characteristics the entry or re entry of these people into the contemporary world as Jews and the necessity of reshaping the standard accounts of their collective experience In various loci the bonds with Judaism of black Jews were often forged in the harshest circumstances and grew out of experiences of slavery exile colonial subjugation political ethnic conflicts and apartheid For the African peoples who identify as Jews and with other Jews identification with biblical Israel assumes symbolical significance This book presents the way in which the religious identification of African American Jews and African black Jews real ideal or imaginary has been represented conceptualized and reconfigured over the last century or so These essays grow out of a concern to understand Black encounters with Judaism Jews and putative Hebrew Israelite origins and are intended to illuminate their developments in the medley of race ethnicity and religion of the African and African American religious experience They reflect the geographical and historic mosaic of black Judaism permeated as it is with different meanings both contemporary and historical

The New Ship of Zion Martina Könighofer,2008 The New Ship of Zion explores the dynamic Diaspora dimensions of the African Hebrew Israelites a spiritual movement of African Americans who have traced their roots to Zion With the successful establishment of thriving model communities in Israel and Ghana they have built up a framework for repatriation to the motherland The resulting constructions of ethnic and cultural identity are the subjects of this book It also sheds light on the ideological concepts of other communities that travel the same waters as the New Ship of Zion such as the Rastafarians

Searching for Zion Emily Raboteau,2013-01-08 From Jerusalem to Ghana to Katrina ravaged New Orleans a woman reclaims her history in a beautifully written and thought provoking memoir Dave Eggers author of A Hologram for the King and Zeitoun A biracial woman from a country still divided along racial lines Emily Raboteau never felt at home in America As the daughter of an African American religious historian she understood the Promised Land as the spiritual realm black people yearned for But while visiting Israel the Jewish Zion she was surprised to discover black Jews More surprising was the story of how they got there Inspired by their exodus her question for them is the same one she keeps asking herself have you found the home you re looking for In this American Book Award winning inquiry into contemporary and historical ethnic displacement Raboteau embarked on a ten year journey around the globe and back in time to explore the complex and contradictory perspectives of black Zionists She talked to Rastafarians and African Hebrew Israelites Evangelicals and

Ethiopian Jews all in search of territory that is hard to define and harder to inhabit Uniting memoir with cultural investigation Raboteau overturns our ideas of place patriotism dispossession citizenship and country in an exceptionally beautiful book about a search for the kind of home for which there is no straight route the kind of home in which the journey itself is as revelatory as the destination Edwidge Danticat author of *The Farming of Bones*
