The Imprisoned Splendour:

The Imprisoned Splendour Raynor C. Johnson, 1954 *The Imprisoned Splendour* Murdoch Mackinnon, 1922 The Imprisoned Splendour Raynor Carey Johnson, 1953 **The imprisoned splendour**, 1953 *The Imprisoned Splendour* Raynor C. Johnson, 2013-02 The title *The Imprisoned Splendour* derives from the author's conviction that there is a world of unfolding spiritual potentiality interpenetrating the world of matter and that to understand ourselves and our relationship to nature and the creatures of the physical world we inhabit this interpenetration must be philosophically considered In this book physicist Raynor Johnson explores natural science psychical research and mystical experience The book is valuable for the serious and casual reader alike or anyone wishing to explore the mystical world of paranormal phenomena Telepathy clairvoyance clairaudience telekinesis poltergeist phenomena phantoms of the living and the dead trance phenomena automatic writing and the evidence for the etheric body are all discussed Johnson the Scientist is clearly a mystic at heart and this makes for fascinating reading No stone is left unturned and theological dogma is cast aside Pre existence is discussed in depth Johnson explains If the general conception of evolution be regarded as applicable to the soul as well as to the physical world it is not either improbable or unreasonable that the soul should adventure forth into the physical world in a newly built body to acquire further experience of the kind which this world can provide The fact that the soul has done so once was presumably for adequate and compelling reasons and whatever these are it is apparent that more might be gained by a series of such incarnations The imprisoned Splendour is deeply impressive and now considered a classic in psychical research literature **The Imprisoned Splendour** Raynor C. Johnson, 1961 *The Imprisoned Splendor* Raynor Carey Johnson, 2011-10-01 An Approach To Reality Based Upon The Significance Of Data Drawn From The Fields Of Natural Science Psychical Research And Mystical Experience The Imprisoned Splendour R. The Imprisoned Splendour, an Approach to Reality, Based Upon the Significance of Data Drawn from the Fields of Natural Science, Psychical Research and Mystical Experience [by] Raynor C. Johnson Raynor Carey Johnson, *Shambhala* Victoria LePage, 1996-10-01 Somewhere beyond Tibet lies a paradise of universal wisdom and ineffable peace known as Shambhala Called by some Shangri la this mythical kingdom of jewel lakes wish fulfilling trees and speaking stones has fired the imagination of both actual explorers and travelers to the inner realms This fascinating look behind the myth shows Shambhala to be a real place always accessible to the pure of heart **The Paidologist** Mary Louch, Fletcher Beach, 1899

warn you that once you start this journey there is no turning back This guide will take you there but do not reckon on coming back Once you have had a taste of the inner worlds nothing in your objective world is ever the same A consciousness expanded can never return to its original size Man is asleep but when he awakens he must tread a razor edged path The path outlined in the major esoteric traditions is one that leads to a higher experience to a higher state of being All esoteric disciplines from alchemy to yoga are systems that are designed to bring about biological changes in the brain and nervous system changes which are essential for the metamorphosis of consciousness This book and other volumes written by Dr Baker will take you on your personal journey without any detours In *The Secret Doctrine* Madame Blavatsky tells us that we are given in our lives opportunities to acquire enough of the right sort of information to take us to perfection but we have not within our personality equipment the power to synthesise the knowledge we have gained This is indeed true There is no lack of teachings Our library shelves are stacked with books read and unread our Halls of Learning bulge with enough knowledge to make Masters of us all yet that wisdom the deposit of the ages given out by the initiates and Master lies practically ignored Very few only a handful in each country are prepared to take the Secret Path to self mastery Only the Few will search deeper than that narrow margin or surface area of wisdom which merely brings comfort to some thwarted aspect of the personality In the Bible Jacob's Ladder is the stairway to heaven the five initiations which you must undergo and in yoga we speak of building the Antahkarana the rainbow bridge to the higher worlds This then is the goal this is the journey upon which you are about to embark As Life itself is unending so too is this a journey without an end and just as there is no end to life there is no need to think of the end to this journey Life is a flow of becoming and so the journey is the process of becoming
