Iwuala . CPA FCA, 2023-11-22 The purpose of this book is to help couples to build solid marriages devoid of financial conflicts and marital dissolutions due to money arguments in marriage by understanding financial planning in marriage God's design for marriage commitment in marriage and the need to put one's spouse above the love for money This book will help rescue couples teetering on the edges of separation and divorce because of money arguments in marriage Scholarly research has found that thousands of couples are separated or divorced yearly because of money arguments in marriage The enemy of the family knows that once couples are separated those under their care such as their children will be vulnerable to all kinds of social vices such as drug use dropping out of school ending up in jail prostitution and having children as single parents Children raised in broken homes do not perform well in a society like those born and raised in two parent homes **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1979 **Chinese Marriages in Transition** Xiaoling Shu, Jingjing Chen, 2023 Chinese Marriages in Transition documents the nuanced and multidirectional nature of the transformations in Chinese marriage gender roles and family Using complex and large scale historical national data as well as comprehensive data from multiple countries Xiaoling Shu and Jingjing Chen demonstrate that Chinese new familism consists of values both old and new The Origins of the Love Song Nino Tsitsishvili, 2022-11-18 The book offers a radically new perspective on the origins of the love song and human sexuality in an evolutionary context By comparing different human societies and animal species past and present it reveals that love songs romantic love and exclusive pair bonds are not the original evolutionary features of *Homo sapiens* One of the key findings of the book is that early humans practiced multiple partner sexual relations similar to our closest relatives bonobos and chimpanzees but with the emergence of culture and sexual taboo their behaviour had to adjust It contends that since the exodus from Africa and the rise of culture humans started to distance themselves from the rest of the animal kingdom drastically restraining their innate sexual nature The book will appeal to both scholars and laypeople with an

interest in evolutionary theory socio biology anthropology and the origins of culture
