**The Infiltrator** Robert Mazur, 2014-06-29 Describes the author's exploits as an undercover agent infiltrating the illegal drug cartels of Colombia detailing how he helped bring down criminal bankers and drug lords    **Israel Yearbook on Human Rights 1974** Yoram Dinstein, 1989-05-01    **Search Games and Other Applications of Game Theory** Andrey Garnaev, 2012-12-06 This book is on applications of game theory The title of this book is not Game Theory and its Applications because it does not construct a general theory for considered games The book contains a lot of examples of application of game theory together with the background of those games considered and a list of unsolved problems Also we consider only the game where the optimal strategies of the players are found in closed form This book is an attempt to carry on the approach developed in nice books Search Games by Gal and Geometric Games and their Applications by Ruckle

The first chapter of this book supplies the required definitions and theorems from game theory. The second chapter deals with discrete search games where both players act simultaneously: the games of protection of a channel from infiltration of a submarine, the submarine versus helicopter game, the matrix search games, and others. The third chapter considers the game where the players allocate their continuous efforts. In these games, players face up an alternative: either not to come into contest if the cost of efforts seems too high or come into it. In the last case, the player has to decide how much resources they can afford to spend. The allocation models of search, antiballistic protection, and marketing are investigated.

*Managing the Insider Threat* Nick Catrantzos, 2022-11-30. *Managing the Insider Threat: No Dark Corners and the Rising Tide Menace* Second Edition follows up on the success of and insight provided by the first edition, reframing the insider threat by distinguishing between sudden impact and slow onset aka rising tide insider attacks. This edition is fully updated with coverage from the previous edition having undergone extensive review and revision, including updating citations and publications that have been published in the last decade. Three new chapters drill down into the advanced exploration of rising tide threats, examining the nuanced complexities and presenting new tools such as the loyalty ledger (Chapter 10) and intensity scale (Chapter 11). New explorations of ambiguous situations and options for thwarting hostile insiders touch on examples that call for tolerance, friction, or radical turnaround (Chapter 11). Additionally, a more oblique discussion (Chapter 12) explores alternatives for bolstering organizational resilience in circumstances where internal threats show signs of gaining ascendancy over external ones, hence a need for defenders to promote clearer thinking as a means of enhancing resilience against hostile insiders. Coverage goes on to identify counters to such pitfalls called lifelines, providing examples of questions rephrased to encourage clear thinking and reasoned debate without inviting emotional speech that derails both. The goal is to redirect hostile insiders, thereby offering alternatives to bolstering organizational resilience, particularly in circumstances where internal threats show signs of gaining ascendancy over external ones, hence a need for defenders to promote clearer thinking as a means of enhancing resilience against hostile insiders. Defenders of institutions and observers of human rascality will find in *Managing the Insider Threat* Second Edition new tools and applications for the No Dark Corners approach to countering a vexing predicament that seems to be increasing in frequency, scope, and menace. **X WAR: Infestation** John Triptych, The endgame has begun. China has gone over to the alien menace, and the world now stands at the precipice of ultimate defeat. All will be lost unless Task Force Zero somehow finds a way to reassert human control as the fate of civilization hangs in the balance. The odds are very long, and the final outcome now hinges on a few key individuals and where they stand. Piper is finally reunited with her long lost brother, but the boy displays frightening powers and has a vengeful mind of his own. Thorne's ruse is discovered, and he is now the hunted one. His knowledge of both sides is unparalleled, but can he strike the right bargain in order to stay alive? Elsner finds some unexpected allies, but can he convince them that Earth's civilization is worth saving? Don't miss the thrilling conclusion to this epic saga of alien invasion. Local

Sergeant Dennis Urban,2024-10-01 The Infantryman His emotions are impenetrable yet his shoulders are soft for someone to lean on His hands are firm yet know exactly where to be If he has his arms wrapped around you you're either in the last moments of your life or the safest place you could ever be He's stubborn but will let you have your way just to see you smile He's deadly with a rifle but gentle with a

child He plays poker with the devil but guards the gate of Heaven He curses like no other but is the perfect gentleman He has a thousand yard stare but when you look into his eyes it s the most comforting thing you ve ever felt The US government trained him as a weapon but raised him as a lover He knows every part of his rifle and every curve of his woman There is no other man like him Whether you love him or hate him both are a privilege He could be your worst nightmare or your best friend I am a seventy five year old former infantry soldier with eight months of hazardous duty pay under my belt I made my Sergeant E 5 stripes the hard way I earned them while patrolling inside the DMZ for over four months The patrol ambush teams that I worked with took part in a number of small firefights leading to three confirmed enemy kills and numerous wounded enemy forces The North Koreans almost always carried off their wounded and dead soldiers so the U N would have no evidence of them violating the truce agreement signed in 1953 That doesn t mean we didn t kill and wound more of them we just could not recover their bodies Our team suffered one casualty during our five months in the DMZ from August 7 1968 to January 7 1969 Our company had at least three patrol teams available each and every day but there was no communication between the teams so we had no way to know what they were running into on a daily basis While on the barrier fence positions I had one incident where I fatally wounded a North Korean infiltrator who managed to take shelter inside the fifty yard deep minefield after which he died I was involved in a vicious firefight along with a nearby foxhole as we fought against a much superior force of North Korean infiltrators which resulted in three North Korean soldiers bodies being recovered The quick response force the next morning found many pools of frozen blood used combat bandages and bloody drag trails headed back toward North Korea close to two miles away The QRF leader later told us we were up against a force as large as thirty men and we were instrumental in stopping them while other forces were sent for By the time they arrived we were all down to our last bullets for our rifles and had already put our bayonets on the end of our rifles expecting a full assault on our two positions My last firefight was while on a woodcutting detail inside the DMZ very close to the MDL or the dividing line between South and North Korea A medium sized North Korean force totally camouflaged in white managed to get within one hundred yards of our location before they were spotted and a firefight took place as we fled the scene leaving our tools and precious wood behind The next morning we returned with a full platoon of armed soldiers and found many blood pools on the ground and bloody drag marks where dead and injured soldiers were carried away to North Korea about one half mile north of the battle scene With the added guards we completed our mission to gather the much needed firewood for the troops on the line and got the hell out of there Two days later our unit rotated to our camp south of the Imjin River
