philosophical account of anarchist individualism Yet Colomer died in obscurity in Moscow abandoned by his friends and comrades and is scarcely known in the English speaking world today Lyrical Individualism presents a selection of Colomer s crucial writings with a focus on anarchist theory and the philosophy of Henri Bergson It reveals the richness of Colomer s philosophical work particularly his creative engagement with Bergson Max Stirner and Friedrich Nietzsche to forge a novel anarchist ideology Colomer s writings not only offer valuable insights into interwar anarchism they also present a distinctive philosophical vision that in many ways anticipates theories and debates animating radical political movements today This book also showcases his acerbic and pugnacious political commentary on the turbulent events of the 1910s and 1920s The first translation and publication of Colomer s work since his untimely death in 1931 Lyrical Individualism allows a range of readers to discover this vital thinker *Health and the Inner Life* Horatio Willis Dresser,1906 Studies in Psychoanalysis Charles Baudouin,1922 *The Value & Dignity of Human Life as Shown in the Striving and and Suffering of the Individual* Charles Gray Shaw,1911 **Modern Individuality in Hegel's Practical Philosophy** Erzsébet Rózsa,2012-10-19 In Modern Individuality in Hegel s Practical Philosophy Erzsébet Rózsa aims to reconstruct Hegel s theory of individuality in the light of his idea of modernity Modern individuality is one of the central topics of Hegel s practical philosophy discussed systematically in the forms of subjectivity in subjective objective and practical spirit Hegel interpreted modern existence and lifeworld in the context of law politics economy and private life Infinite subjective freedom is the historical principle of the modern age as well as the basic determination of modern individual forms of existence and knowledge Modern form of life and mentality based on the values and practical actions of self knowledge and self determination is an achievement of historical significance This radical turn however gives a new perspective to the problem of good life the normative role of substantial values is overshadowed by the stabilizing function of the objective order of institutions **Concordance to the Complete Works** Sangharakshita,2024-11-26 With elements of index dictionary encyclopaedia concordance and collection of quotations this volume has been designed to act as a comprehensive and accessible guide to the whole of Sangharakshita s Complete Works *Light* ,1886 **The Greatest Measure** Tim Pomp,2004-07 In his book The Greatest Measure The Incredible Eternal Quality of Hope Tim Pomp offers the reader a new vision and a change in direction by providing the element missing in so many believers today Pomp uses the truth of Scripture to teach that the entire kingdom of God pivots on hope and that God has chosen hope as the eternal balance of life When groups of believers learn to live in hope they become an expectant encouraging body ready to embrace love and faith About the author Tim Pomp is a renowned evangelist youth minister and worship leader He came to the saving knowledge of Jesus at the age of nine received a call to ministry in his early teens and has followed the call ever since Educated at Rhema Bible College Buffalo School of the Bible the Lord has set Tim apart to minister the word of hope He spends extensive time ministering in different denominations throughout Minnesota South Dakota Iowa Wisconsin and Nebraska Tim and Cathy his wife of twenty years have two children Dharma

Eriksen, Karen Langsholt Holmqvist, Bjørn Bandlien, 2020-09-21 The main aim of this book is to discuss various modes of studying and defining the medieval self based on a wide span of sources from medieval Western Scandinavia c 800 1500 such as archeological evidence architecture and art documents literature and runic inscriptions The book engages with major theoretical discussions within the humanities and social sciences such as cultural theory practice theory and cognitive theory The authors investigate how the various approaches to the self influence our own scholarly mindsets and horizons and how they condition what aspects of the medieval self are visible to us Utilizing this insight we aim to propose a more syncretic approach towards the medieval self not in order to substitute excellent models already in existence but in order to foreground the flexibility and the complementarity of the current theories when these are seen in relationship to each other The self and how it relates to its surrounding world and history is a main concern of humanities and social sciences Focusing on the theoretical and methodological flexibility when approaching the medieval self has the potential to raise our awareness of our own position and agency in various social spaces today The Christian Roots of Individualism Maureen P.

Heath,2019-11-28 The modern West has made the focus on individuality individual freedom and self identity central to its self definition and these concepts have been crucially shaped by Christianity This book surveys how the birth of the Christian worldview affected the evolution of individualism in Western culture as a cultural meme Applying a biological metaphor and Richard Dawkins definition of a meme this work argues the advent of individualism was not a sudden innovation of the Renaissance or the Enlightenment but a long evolution with characteristic traits This evolution can be mapped using profiles of individuals in different historical eras who contributed to the modern notion of individualism Utilizing excerpts from original works from Augustine to Nietzsche a compelling narrative arises from the slow but steady evolution of the modern self The central argument is that Christianity with its characteristic inwardness was fundamental in the development of a sense of self as it affirmed the importance of the everyday man and everyday life
