The Intellect And Beyond:

BEYOND THE INTELLECT Dr. Douglas M. Baker, 2014-04-15 **BEYOND THE INTELLECT** Western culture exalts the function and importance of the intellect Modern man reacts to the problems generated by a society increasingly complex by trying to refine and develop our intellectual tools to gain the answers Knowledge gained via the intellect can only be of the external or not self For answers pertaining to the internal or one Self we must go beyond the intellect This masterly written book is likely one of Dr Baker s most valuable gifts to all those seeking contact with their Soul or Higher Self This major work is to facilitate step by step unfoldment from individuality to group awareness from unconscious activity to conscious cooperation with your Higher Self and its purpose for you the personality In today s language aided by much personal experience and education Dr Baker explains the most abstruse esoteric subjects with a fantastic clarity that everybody will benefit from He leads us beyond the intellect into the world of archetypes myths and the meaning of intuition Detailed instructions are given on methods to establish a dialogue with the Self through which we can approach the Fifth Kingdom that of the Soul located beyond the intellect Seventy five images charts and drawings many in color will aid your understanding of this vast subject Foreword Introduction is given by Count D Angerville *Religious and Intellectual Diversity in the Islamicate World and Beyond Volume I*, 2024-08-19 *Religious and Intellectual Diversity in the Islamicate World and Beyond* is a collection of essays in honor of Sarah Stroumsa an eminent scholar who through the years has embodied and advanced the possibility of collaboration across borders The volume is presented to her by scholars working on the study of the intellectual history of the Middle Ages the intercultural contact and migration of knowledge in the Islamic world and many other topics Contributors Binyamin Abrahamov Camilla Adang Anna Ayse Akasoy Aleida Assmann Jan Assmann Meir M Bar Asher Jos Bellver Menachem Ben Sasson Haggai Ben Shammai Glen W Bowersock R mi Brague Godefroid de Callata Jonathan Decter Michael Ebstein Hussein Fancy Carlos Fraenkel Gil Gambash Robert Gleave Miriam Goldstein Frank Griffel Jaakko H meen Anttila Steven Harvey Warren Zev Harvey Meir Hatina Geoffrey Khan Gudrun Kr mer Ehud Krinis Y Tzvi Langermann Daniel J Lasker Reimund Leicht Gideon Libson Menachem Lorberbaum Maria Mavroudi Jon McGinnis Omer Michaelis Yonatan Moss David Nirenberg Sari Nusseibeh Olaf Pluta Meira Polliack James T Robinson Marina Rustow Sabine Schmidtke Gregor Schwarb Ahmed El Shamsy Mark Silk Uriel Simonsohn Daniel De Smet Josef Stern Guy G Stroumsa Sara Sviri Alexander Treiger Roy Vilozny Ronny Vollandt Elvira Wakelnig Paul E Walker David J Wasserstein Tanja Werthmann Dong Xiuyuan Arye Zoref **Yoga Beyond Body and Mind: Translation and Commentary of Upadesh Saram of Bhagavan Ramana Maharshi** David Frawley, 2025-01-01 Yoga is a Science of Consciousness that teaches us how to realize our immortal Self Atman beyond body and mind one with the entire universe This is explained in the Yoga of Knowledge Jnana Yoga and Non dual Vedanta as clearly presented in the teachings of the great guru Bhagavan Ramana Maharshi Yoga Beyond Body and Mind sets forth the path of Self inquiry reflecting on Ramana s transformative insights

Beyond Faith and Reason Tim Holmes, 2009-09-14 Once again Holmes brings us deeper along the journey of self analysis in his latest critique of identity Traditional and contemporary philosophies alike are surveyed with provoking style to illuminate a novel introspection The primary goal remains the constituents of human identity Through an analysis of reason affectivity aesthetics and responsibility this new view presents the human person as the indelible foundation of selfhood Not only does the psychology presented allow for a delineation of the various elements of who we are but emerging alongside is a cogent epistemology and spiritual orientation The depths of existence and the self are equally plumbed and artistically rendered despite their transcendent ends

The Vedanta-Sutras (Complete) Ramanuja,2020-09-28

To the sacred literature of the Brahmins in the strict sense of the term i e to the Veda there belongs a certain number of complementary works without whose assistance the student is according to Hindu notions unable to do more than commit the sacred texts to memory In the first place all Vedic texts must in order to be understood be read together with running commentaries such as S yana s commentaries on the Samhit s and Br hmanas and the Bh shyas ascribed to Sankara on the chief Upanishads But these commentaries do not by themselves conduce to a full comprehension of the contents of the sacred texts since they confine themselves to explaining the meaning of each detached passage without investigating its relation to other passages and the whole of which they form part considerations of the latter kind are at any rate introduced occasionally only The task of taking a comprehensive view of the contents of the Vedic writings as a whole of systematising what they present in an unsystematical form of showing the mutual co ordination or subordination of single passages and sections and of reconciling contradictions which according to the view of the orthodox commentators can be apparent only is allotted to a separate s tra or body of doctrine which is termed M m ms i e the investigation or enquiry viz the enquiry into the connected meaning of the sacred texts Of this M m ms two branches have to be distinguished the so called earlier p rva M m ms and the later uttara M m ms The former undertakes to systematise the karmak nda i e that entire portion of the Veda which is concerned with action pre eminently sacrificial action and which comprises the Samhit s and the Br hmanas exclusive of the ranyaka portions the latter performs the same service with regard to the so called g nak nda i e that part of

the Vedic writings which includes the ranyaka portions of the Br hmanas and a number of detached treatises called Upanishads Its subject is not action but knowledge viz the knowledge of Brahman At what period these two s tras first assumed a definite form we are unable to ascertain Discussions of the nature of those which constitute the subject matter of the P rva M m ms must have arisen at a very early period and the word M m ms itself together with its derivatives is already employed in the Br hmanas to denote the doubts and discussions connected with certain contested points of ritual The want of a body of definite rules prescribing how to act i e how to perform the various sacrifices in full accordance with the teaching of the Veda was indeed an urgent one because it was an altogether practical want continually pressing itself on the adhvaryus engaged in ritualistic duties And the task of establishing such rules was moreover a comparatively limited and feasible one for the members of a certain Vedic s kh or school had to do no more than to digest thoroughly their own br hmana and samhit without being under any obligation of reconciling with the teaching of their own books the occasionally conflicting rules implied in the texts of other s kh s It was assumed that action as being something which depends on the will and choice of man admits of alternatives so that a certain sacrifice may be performed in different ways by members of different Vedic schools or even by the followers of one and the same s kh The Uttara M m ms s tra may be supposed to have originated considerably later than the P rva M m ms In the first place the texts with which it is concerned doubtless constitute the latest branch of Vedic literature And in the second place the subject matter of those texts did not call for a systematical treatment with equal urgency as it was in no way connected with practice the mental attitude of the authors of the Upanishads who in their lucubrations on Brahman and the soul aim at nothing less than at definiteness and coherence may have perpetuated itself through many generations without any great inconvenience resulting therefrom
