in British Espionage Fiction Robert Lance Snyder, 2011-07-25 In contrast to the classical detective story the spy novel tends to be considered a suspect somewhat subversive genre While previous studies have focused on its historical thematic and ideological dimensions this critical work examines British espionage fiction's unique narrative form which is typically elliptical oblique and recursive Featured works include eighteen novels by Eric Ambler Graham Greene Len Deighton John le Carré Stella Rimington and Charles Cumming most of which exemplify the existential or serious spy thriller Half of these texts pertain to the Cold War era and the other half to its aftermath in the so called Age of Terrorism *Alarms and*

secluded villa on the French Riviera He s more than a little curious about what they really want from him and confident he can avoid implicating himself But it soon becomes evident that the host and his guests are under siege by a third party one whose motives and violent intentions are unclear If they are to survive the criminal and the criminologists will have to band together The Siege of the Villa Lipp is a classic Eric Ambler tale of suspense in which a man thrust into a high stakes situation far outside of his usual expertise finds himself at the mercy of forces beyond his control
