The International Commibion Of Jurists The Pioneering Years:

The International Commission of Jurists Lucian G. Weeramantry, 2021-10-18 The object of this volume is to present a comprehensive survey of the early history and activities of the International Commission of Jurists highlighting its achievements in defining developing and promoting the Rule of Law It seeks to give readers an awareness of the Commission s unique role in the evolution of the Rule of Law concept which is not otherwise available While there were several international organizations including the Commission working in the field of human rights following upon the adoption of the Universal Declaration the Commission was unique in that it focused on the development of the Rule of Law as a sine qua non for the protection and advancement of human rights The scope of this work is therefore much wider than mere identification and promotion of human rights It deals with the principles identified by the Commission as underlying the Rule of Law and the institutions and procedure necessary to safeguard those principles it reviews in depth studies by eminent jurists on aspects of the Rule of Law it surveys applications and violations of the Rule of Law in different countries or regions of the world and it draws attention to trials of persons arrested or detained under cover of legislation patently offending against the Rule of Law The work also covers the many initiatives taken by the Commission either by itself or in collaboration with the United Nations and other international organizations to ensure better recognition of and respect for the Rule of Law and human rights Reference is made in this connection to different initiatives of national sections both at the regional and national level The International Commission of Jurists Howard B. Tolley, Jr., 2010-11-24 Since its founding in 1952 the International Commission of Jurists has inspired the international human rights movement with persistent demands that governments obey the rule of law Encyclopedia of Human Rights David P Forsythe, 2009-08-27 Winner of the 2010 Dartmouth Medal this major five volume encyclopedia offers comprehensive coverage of all aspects of human rights theory practice law and history The set will provide situation profiles and full coverage of the development of the movement historical cases of abuse the key figures major organizations and a range of other issues in economics government religion and journalism that touch on human rights theory and practice In addition to providing original analytical articles covering standard subjects such as the right to health and health care Amnesty International the Balkan wars and former President of Ireland Mary Robinson it offers innovative coverage of such subjects as the Internet intellectual property rights the American civil rights movement globalization and Brazil in historical context Focusing primarily on developments since 1945 it offers an unrivaled reference source for students and researchers even human rights experts are likely to find much original material and keen insights in many of the entries KEY SUBJECT AREAS INCLUDE ORGANIZATIONS AND INSTITUTIONS American Civil Liberties Union World Health Organization UNICEF Carter Center LEADING FIGURES Adolf Hitler Steve Biko Elie Wiesel Simone de Beauvoir Joseph Stalin Eleanor Roosevelt Pol Pot Shirin Ebadi Kim Jong Il HUMAN RIGHTS EVENTS AND CRISES Darfur Irish Famine Soviet Gulag Central America in the 1980s Colonialism Belgian Congo AIDS

HUMAN RIGHTS NORMS Ethnic Cleansing Women's Rights Religious Freedom Torture International Law Disability Rights The African Charter on Human and Peoples' Rights Volume 2 Nat Rubner, 2023 Landmark study of the African Charter on Human and Peoples Rights Documents on one side the international community s inability to foist a human rights system upon Africa and on the other the process within the OAU now African Union that eventually brought it into being and determined its content The African Charter on Human and Peoples Rights ACHPR which was proposed in 1979 adopted in 1981 and came into effect in 1986 was the first non Western declaration of human rights and the first official statement of an African human rights perspective With Africa largely absent in 1948 when the Universal Declaration of Human Rights UDHR was adopted it stands in stark historical reproach to the Western conception of universal human rights as a pivotal document in the decolonisation of the continent This book for the first time presents a comprehensive account of the development of the ACHPR which is key to a proper understanding of its fundamental nature Through documenting its process of construction it becomes possible to understand how Africans themselves understood the process and the issues involved and how the ACHPR became a political text asserted by African leaders and not a continuum of a so called universal human rights tradition The result is a radical repositioning of the underlying context of the ACHPR one of the most important documents in modern African history of how it came to be and how it should therefore be understood Volume 2 describes the process through which the ACHPR came into being Analysing the role of Western governments the UN and NGOs it shows that contrary to the prevailing view of African human rights commentators their influence was limited and at times counter productive That in fact the formulation of the ACHPR was a profoundly political process that was primarily a product of an African desire to instigate its own human rights perspective as a counter to the human rights universalism advanced by the Western post war human rights tradition The Ethos of Europe Andrew Williams, 2010-03-11 Andrew Williams analyses the role of values in the European Union and suggests how to make the EU more just The ^AHidden History of International Law in the Americas Dr. Juan Pablo Scarfi, 2017-03-15 This book offers the first exploration of the deployment of international law for the legitimization of U S ascendancy as an informal empire in Latin America This book explores the intellectual history of a distinctive idea of American international law in the Americas focusing principally on the evolution of the American Institute of International Law AIIL The Protection Roles of Human Rights NGOs, 2022-12-30 This book focuses for the first time ever on the protection roles of human rights NGOs since the establishment of the United Nations and the adoption of the Universal Declaration of Human Rights It also looks at how NGOs are responding to future challenges such as artificial Intelligence robots in armed conflicts digital threats and the protection of human rights in outer space Written by leading NGO human rights practitioners from different parts of the world it sheds light on the multiple roles of the leading pillar of the global human rights movement the Non Governmental Organizations This is a rich and wonderful production a great magnum opus that will continue to test the scrutiny of all times Professor Theo van Boven Professor

Amnesty International and Human Rights Activism in Postwar Britain, 1945-1977 Tom Buchanan,2020-04-30 In this definitive new account of the emergence of human rights activism in post war Britain Tom Buchanan shows how disparate individuals organisations and causes gradually came to acquire a common identity as human rights activists This was a slow process whereby a coalition of activists working on causes ranging from anti fascism anti apartheid and decolonisation to civil liberties and the peace movement began to come together under the banner of human rights The launch of Amnesty International in 1961 and its landmark winning of the Nobel Peace Prize in 1977 provided a model and inspiration to many new activist movements in the field of human rights and helped to affect major changes towards public and political attitudes towards human rights issues across the globe **NGOs* in Contemporary Britain** N. Crowson, M. Hilton, J. McKay, 2009-04-22 Examining the history of social movements and non state socio political action this volume shows how Non Governmental Organisations NGOs have proliferated in Britain since 1945 and how they have raised new political agendas revived associational life and arguably re politicized generations disillusioned with the politics of the ballot box

The African Charter on Human and Peoples' Rights [2 Volume Set] Nat Rubner, 2023 A landmark study of the African Charter on human and peoples rights one of the most important documents in modern African history that positions it within the African Lives Matter struggle to assert an African identity rather than as simply a human rights document This set describes its underlying African origins and how the principles of the OAU influenced its path and content **Handbook of the Rule of Law** Michael Sevel, 2024-10-24 This Handbook provides a state of the art survey of the study of the rule of law across law the humanities and social sciences as well as insights into the practice of building the rule of law within and among states Its 28 chapters are by many of the world's leading scholars of the rule of law as well as distinguished junior scholars from a dozen countries and representing a number of academic disciplines The chapters are ordered to progress first from theory to the practice of the rule of law and second from the rule of law within to beyond the state They divide into three parts The first part examines the concept history and value of the rule of law This section considers the importance of political and intellectual history in shaping the concept over the centuries and takes novel philosophical approaches to the connection between the rule of law and other important ideals such as justice equality and civil disobedience. The second part transitions from theoretical studies to accounts of practical exercises in building the rule of law The chapters consider the challenges of rule of law reform including the use of local intermediaries facilitating interactions between international legal aid organizations and state governments the challenges of legal translation across vastly different societies the pathways of knowledge among the powerless about the protective potential of the rule of law as well as the possible future for artificial intelligence systems in helping to reinforce rule of law principles The third part examines the rule of law from a number of perspectives within particular supranational and national states such as the European Union China Singapore and South Africa among others and concludes by considering the prospects of the rule of law beyond the state both within and among international institutions such as the United Nations as well as non territorial spaces like the world's oceans This Handbook is aimed at rule of law scholars across law the humanities and the social sciences law and development practitioners policymakers and advanced students and researchers who seek a state of the art **Populism and Contemporary Democracy in Europe** overview of the history theory and practice of the rule of law Josep Maria Castellà Andreu, Marco Antonio Simonelli, 2022-04-12 This book provides a comprehensive analysis of the impact of populism on the European democratic polity In the last two decades European democracies have come under strain amid growing populism By asserting the superiority of the majority over the law of direct democracy over representation and claiming the necessity to defend national sovereignty against foreign interferences the populist conception of democracy is in stark contrast with the longstanding Western notion of liberal democracy This volume investigates populist attempts to radically change what Bobbio called the rules of the game of democracy from an eminently legal perspective Weaving together normative and empirical analysis the contributions focus on the institutions that have suffered the most from the rise of populism as well as those that have better resisted the populist tide Special attention will be paid to the Venice Commission s opinions and documents as they represent the best European standards to evaluate the extent to which populism deviates from constitutional democracy requirements The book also considers the responses of European States to the explosion of the COVID 19 pandemic The COVID 19 pandemic has indeed been an accelerator of known and studied trends in most constitutional systems such as the concentration of powers in the executive hands and the consequential loss of parliament's centrality Various forms of populism across Europe have thus found an ideal breeding ground to implement their agenda of granting the executive broad regulatory and decision making powers while loosening parliamentary and judicial checks Against this backdrop the book analyses how European democracies should adapt to the challenges posed by the pandemic as this reflection can help respond to populist threats and propose a way forward for liberal democracy

Pioneers of Genocide Studies Samuel Totten, Steven Jacobs, 2017-07-05 From the early efforts that emerged in the struggle against Nazism and over the past half century the field of genocide studies has grown in reach to include five genocide centers across the globe and well over one hundred Holocaust centers This work enables a new generation of scholars researchers and policymakers to assess the major foci of the field develop ways and means to intervene and prevent future genocides and review the successes and failures of the past The contributors to Pioneers of Genocide Studies approach the questions of greatest relevance in a personal way crafting a statement that reveals one s individual voice persuasions literary style scholarly perspectives and relevant details of one s life The book epitomizes scholarly

autobiographical writing at its best The book also includes the most important works by each author on the issue of genocide Among the contributors are experts in the Armenian Bosnian and Cambodian genocides as well as the Holocaust against the Jewish people The contributors are Rouben Adalian M Cherif Bassiouni Israel W Charney Vahakn Dadrian Helen Fein Barbara Harff David Hawk Herbert Hirsch Irving Louis Horowitz Richard Hovannisian Henry Huttenbach Leo Kuper Raphael Lemkin James E Mace Eric Markusen Robert Melson R J Rummel Roger W Smith Gregory H Stanton Ervin Staub Colin Tatz Yves Ternan and the co editors The work represents a high watermark in the reflections and self reflections on the comparative study of genocide Pioneers of Genocide Studies (Clt) Samuel Totten, Steven Leonard Jacobs, 2002 New areas of research are not the result of a snap of the finger They are carved out of the marrow of human existence The study of genocide well illustrates this raw fact From the early efforts that emerged in the struggle against Nazism and over the past half century the field has now reached a point where there at least five genocide centers across the globe and well over one hundred Holocaust centers This work emerged out of an earlier effort at an oral history project one that would enable a new generation of scholars researchers and policy makers to assess the major foci of the field efforts to develop ways and means to intervene and prevent future genocides and review the successes and failures of the field The editors of Pioneers of Genocide Studies emphasize that contributors should approach the questions of greatest relevance in a personal way crafting a statement that reveals ones individual voice persuasions literary style scholarly perspectives and relevant details of ones life The book succeeds admirably in the above aims and in so doing epitomizes scholarly autobiographical writing at its best The book also includes the most important works by each author on the issue of genocide As a result the collective portrait enhances the usefulness of the volume for those new to the field Among the contributors are experts in the Armenian Bosnian Cambodian genocides as well as the Holocaust against the Jewish people The contributors are Rouben Adalian M Cherif Bassiouni Israel W Charney Vahakn Dadrian Helen Fein Barbara Harff David Hawk Herbert Hirsch Irving Louis Horowitz Richard Hovannisian Henry Huttenbach Leo Kuper Raphael Lemkin James E Mace Eric Markusen Robert Melson R J Rummel Roger W Smith Gregory H Stanton Ervin Staub Colin Tatz Yves Ternan and the co editors The work has been five years in the making and represents a high watermark in the reflections and self reflections on the comparative study of genocide Samuel Totten is professor of curriculum and instruction in the College of Education and Health Professions at the University of Arkansas Fayetteville He is the editor of First Person Accounts of Genocidal Acts and Century of Genocide Eyewitness Accounts and Critical Views and book review editor for the Journal of Genocide Research Steven Leonard Jacobs is associate professor and Aaron Aronov Chair of Judaic Studies in the department of religious studies at the University of Alabama Tuscaloosa He is the author of Shirot Bialik A New and Annotated Translation of Chaim Nachman Bialiks Epic Poems Raphael Lemkins Thoughts on Nazi Genocide Not Guilty and Contemporary Christian and Contemporary Jewish Religious Responses to the Shoah Echoes from Forgotten Mountains Jamyang Norbu, 2023-07-24 Jamyang Norbu has taken the stories of

forgotten Tibetansresistance fighters secret agents soldiers peasants merchants even street beggarsand skillfully worked their myriad accounts into a single glorious memory history of the Tibetan struggle He uses recollections from his own childhood to ease the reader into an immersive understanding of the complexity of Tibet's modern history the Chinese invasion the uprisings in Kham and Amdo the formation of the Four Rivers Six Ranges Resistance Force the March 59 Lhasa Uprising the CIA supported Air Operations the Nyemo peasant Uprising of 68 69 and the Mustang Guerilla Force in northern Nepal where Norbu later served He writes of leaving home to drive tractors at refugee settlements educate refugee children produce plays at the Tibetan Institute of Performing Arts and collect intelligence for the Tibetan Office of Research and Analysis TORA and for France's External Intelligence Agency SDECE He uses these anecdotes not so much as autobiography but as a framing device to recount the lives deeds and too often tragedies of the many Tibetans he encountered and befriended throughout his lifenearly all of whom played vital roles in shaping the recent history of their country but whose contributions are still unsung and forgotten Jamyang Norbu's lifelong commitment to collecting and orchestrating the echoes of these many forgotten voices from the past has resulted in a lyrical learned and compassionate book that could well be described as the prose epic of the Tibetan freedom struggle **The Rule of Law** Christopher May, 2014-05-30 By building on and extending debates in socio legal studies about the social role of law and dealing with issues largely absent from international political economy this book will be of great interest to socio legal scholars and political economist

International Criminal Justice at the Yugoslav Tribunal Mohamed Shahabuddeen, 2012-11-01 International criminal justice has undergone rapid recent development Since the establishment of the International Criminal Tribunal for the former Yugoslavia ICTY in 1993 and the International Criminal Tribunal for Rwanda ICTR in the following year the field has changed beyond recognition The traditional immunity of presidents or heads of government prime ministers and other functionaries acting in an official capacity no longer prevails the doctrine of superior orders is inapplicable except where appropriate as in mitigation and the gap between international armed conflict and non international armed conflict has closed More generally the bridge has been crossed between the irresponsibility of the state and the criminal responsibility of the individual As a result the traditional impunity of the state has practically gone This book by one of the former judges of the ICTY ICTR and the International Court of Justice assesses some of the workings of the ICTY that have shaped these developments In it Judge Shahabuddeen provides an insightful overview of the nature of this criminal court established on behalf of the whole of the international community He reflects on its transformation into one of the leading fora for the growth of international criminal law first hand offering a unique perspective on the challenges it has faced Judge Shahabuddeen's experience in international criminal justice makes this volume essential reading for those interested in or working with international criminal law Mobilizing for Human Rights Beth A. Simmons, 2009-08-31 This volume argues that international human rights law has made a positive contribution to the realization of human rights in much of the world

Although governments sometimes ratify human rights treaties gambling that they will experience little pressure to comply with them this is not typically the case Focusing on rights stakeholders rather than the United Nations or state pressure Beth Simmons demonstrates through a combination of statistical analyses and case studies that the ratification of treaties leads to better rights practices on average Simmons argues that international human rights law should get more practical and rhetorical support from the international community as a supplement to broader efforts to address conflict development and **Keepers of the Flame** Stephen Hopgood, 2013-07-15 If one organization is synonymous with keeping hope alive even as a faint glimmer in the darkness of a prison it is Amnesty International Amnesty has been the light and that light was truth bearing witness to suffering hidden from the eyes of the world from the Preface The first in depth look at working life inside a major human rights organization Keepers of the Flame charts the history of Amnesty International and the development of its nerve center the International Secretariat over forty five years Through interviews with staff members archival research and unprecedented access to Amnesty International s internal meetings Stephen Hopgood provides an engrossing and enlightening account of day to day operations within the organization larger decisions about the nature of its mission and struggles over the implementation of that mission An enduring feature of Amnesty's inner life Hopgood finds has been a recurrent struggle between the keepers of the flame who seek to preserve Amnesty's accumulated store of moral authority and reformers who hope to change modernize and use that moral authority in ways that its protectors fear may erode the organization's uniqueness. He also explores how this concept of moral authority affects the working lives of the servants of such an ideal and the ways in which it can undermine an institution s political authority over time Hopgood argues that human rights activism is a social practice best understood as a secular religion where internal conflict between sacred and profane the mission and the practicalities of everyday operations are both unavoidable and necessary Keepers of the Flame is vital reading for anyone interested in Amnesty International its accomplishments agonies obligations fears opportunities and challenges or more broadly in how humanitarian organizations accommodate the moral passions that energize volunteers and professional staff alike
