President (1989-1993 : Bush),1990 *The Manipulative Child* Ernest W. Swihart, Jr.,1998-03-02 Why do so many of our kids raised in the most affluent nation on earth fail to thrive and strive and enter adulthood lacking appropriate and effective coping skills Drs Swihart and Cotter have come up with a revolutionary theory on why our kids are having such a tough time of it today It is because we allow our children to manipulate us and the world around them rather than teaching them how to respond to life and life s tough situations The result is that manipulative behavior is directly tied to low self esteem which only heightens its negative impact on kids families and the larger communities we live in The good news is that Drs Swihart and Cotter have created a radical and clinically proven program for breaking manipulative behavior and getting our kids back on track The program teaches parents to say no without feeling guilt to resist the urge to feel responsible for their child s happiness to view their children as emotionally competent and resilient and most importantly to realize that effective parenting means allowing your child to make mistakes and develop a sense of competence which leads to enhanced self esteem and an ability to live independently and successfully in the real world Drawing on their twenty five years in private practice the authors illustrate their program with examples of successful kids as well as case studies of how parents have regained control and effectively blocked their children s manipulative behavior The positive results will enlighten and even astound you and give you the tools needed to become a better parent **Jill** Julie Pace,Darlene Superville,2022-04-19 Most Anticipated by Daily Hive The personal and political life of First Lady Dr Jill Biden Dr Jill Biden has been described as President Joe Biden s greatest political asset Like many women of her generation she holds her commitments as wife mother and grandmother at the center of her life She is a professor earned a doctorate in educational leadership and taught at Northern Virginia Community College She broke barriers as First Lady as the first to hold a paying job outside the White House Jill is the story of this accomplished American woman From her earliest days dating Senator Biden to her embrace of Biden s young sons Beau and Hunter Biden and the birth of their daughter Ashley her role by Joe Biden s side through Senate reelection race after Senate reelection race her years as Second Lady to Joe s successful third run for the Democratic presidential nomination Jill has lived in the public eye In this deeply reported biography Julie Pace and Darlene Superville of The Associated Press along with writer Evelyn M Duffy reveal some of the private sides of Jill Biden We come to better understand her personality which has held the Biden family together through tragedy and good fortune alike
