The Killing of the Iron Twelve Hedley Malloch, 2019-05-30 A compelling read Highly recommended for its extraordinarily powerful insight into the frayed edges of the first months of the European War The Western Front Association Why did the Germans brutally and illegally execute a group of British soldiers who had been trapped behind the lines during the retreat to the Marne in 1914 Hedley Malloch in this gripping and meticulously

researched account vividly describes the fate the soldiers on the run and of the French civilians who sheltered them He tells a dramatic and tragic story of escape betrayals and punishment that also gives a fascinating insight into the life stories of the soldiers and civilians involved and the mind set of the German army on the Western Front The book names the German officers responsible for this atrocity and explores their motivations This is an episode of WW1 with which I am not familiar and one that I found particularly fascinating and at the same time harrowing The author attempts to set the record straight by naming the perpetrators of this enormous outrage Books Monthly Hedley Malloch who is chair of the Iron Memorial fund and Honorary Life Member of the RMFA has done a wonderful job with his book a true memorial in its own right to those that were executed innocent soldiers who just happened to find themselves on the wrong side of the lines Redcoat and Khaki If you have a Top Ten books on the First World War then make room for The Killing of the Iron Twelve by Hedley Malloch The Western Front Association Grim Ripper! , Reports of Cases Argued and Determined in the Supreme Court of Judicature of the State of Indiana, Being an Official Continuation of Blackford's Reports, with Tables of the Cases and Principal Matters Indiana. Supreme Court,1874 **The Longest Race** Ed Ayres,2013-08-20 It soon becomes clear that this book isn't just about an athletic race It's also about the human race Bloomberg Businessweek Having run in more than six hundred races over the span of fifty five years Ed Ayres is a legendary distance runner and this book is his urgent exploration of the connection between individual endurance and a sustainable society The Longest Race begins in 2001 at the starting line of the JFK 50 Mile the nation's oldest and largest ultramarathon and like other such races it's an epic test of human limits and aspiration At age sixty his sights set on breaking the age division record Ayres embarks on a course over the rocky ridge of the Appalachian Trail along the headwind buffeted towpath of the Potomac River and past momentous Civil War sites such as Harpers Ferry and Antietam But even as Ayres focuses on an endurance runner's familiar concerns starting strong and setting the right pace controlling his breathing overcoming fatigue and staying mindful of the course ahead he finds himself as preoccupied with the future of our planet as with the finish line A veteran journalist and environmental editor Ayres reveals how the skills and mindset necessary to complete an ultramarathon are also essential for grappling anew with the imperative to endure not only as individuals but as a society and not just for fifty miles but over the real long haul in a unique meditation that ought to be required reading even for people who have never run a step The Boston Globe He seamlessly moves between discussing running to exploring larger life issues such as why we run our impact on the environment and the effects of the nation's declining physical fitness Thought provoking Booklist To read this book is to run alongside a seasoned athlete a deep thinker and a great storyteller And Ayres doesn't disappoint He is the best kind of running companion generously doling out hilarious stories and hard won insights into performance conditioning and the human condition His lifetime of ultra running and environmental writing drive his exploration of what keeps us running long distances and what it might take to keep the planet from being run into the ground Nature Conservancy magazine
