## К истории очерка Ивана Щеглова (И. Л. Леонтьева) «У отца Иоанна Кронштадтского»

**Аннотация:** В статье впервые на основе материалов дневников И. Л. Леонтьева (Ивана Щеглова) и его переписки с С. А. Рачинским, В. П. Горленко, М. О. Меньшиковым и свящ. И. И. Фуделем реконструируется творческая история мемуарного очерка «У отца Иоанна Кронштадтского», вышедшего в свет при жизни всероссийского пастыря, в 1892 г. Работа над этим произведением пришлась на время духовного перелома в жизни «тоскующего юмориста» (так назвал Щеглова критик А. А. Измайлов) и шла параллельно с завершением повести, обличающей толстовство («Около истинным»), и созданием повести о «психопатическом времени» («Убыль души»). Задуманный как рядовая статья для рождественского номера газеты «Новое время» очерк вырос и в объеме, и в смысловой наполненности, был опубликован в сборнике журнала «Нива», а затем вышел отдельным изданием. Одним из толчков к усложнению замысла было появление повести Н. С. Лескова «Полунощники», остро критичной по отношению к о. Иоанну и его почитателям. Не входя в открытую полемику с Лесковым, Щеглов в своем произведении стремится показать образ своего святого современника «во всем его героическом величии».

**The Kronstadt-Thesis for a Free Russian Government** Eugene S. pseud Step,1964      **The Kronstadt Thesis for a Free Russian Government** E. Petrov-Skitalet[s],1964      The Russian Revolution and Civil War 1917-1921 Jonathan Smele,2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature The Russian Revolution and Civil War 1917 1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state      **Theses on Tactics** Communist International,1921      *Theses and Resolutions Adopted at the Third World Congress of the Communist International (June 22nd-July 12th, 1921)* Communist International. the early days of the Soviet republic He holds as well a high place in the ranks of the Old Bolsheviks How are these contrasts between the Western and the Soviet scholarly positions to be explained Several factors account for the high position occupied by Frunze in Soviet historiography He was a military hero He had a long record of revolutionary activity He died at an early age and did not become involved in the purges and other excesses of Stalin's later career In short Frunze's short active life and his contributions to the revolution suited him almost ideally to the role of historical hero Western scholars have neglected him probably for a number of reasons *The Marine Corps Gazette*, 1964 *The Utopian Globalists* Jonathan Harris, 2013-02-25 THE UTOPIAN GLOBALISTS Crossing continents historical periods and cultural genres Jonathan Harris skilfully traces the evolution of utopian ideals from early modernism to the spectacularised and biennialised or banalised as some would say contemporary art world of today Michael Asbury University of the Arts London The Utopian Globalists is the second in a trilogy of books by Jonathan Harris examining the contours forces materials and meanings of the global art world along with its contexts of emergence since the early twentieth century The first of the three studies Globalization and Contemporary Art Wiley Blackwell 2011 anatomized the global art system through an extensive anthology of over 30 essays contextualized through multiple thematic introductions The final book in the series Contemporary Art in a Globalized World forthcoming Wiley Blackwell combines the historical and contemporary perspectives of the first and second books in an account focused on the mediatizations shaping and representing contemporary art and its circuits of global production dissemination and consumption This innovative and revealing history examines artists whose work embodies notions of revolution and human social transformation The clearly structured historical narrative takes the reader on a cultural odyssey that begins with Vladimir Tatlin's constructivist model for a Monument to the Third International 1919 a statement of utopian globalist intent via Picasso's 1940s commitment to Soviet communism and John and Yoko's Montreal Bed-in to what the author calls the late globalism of the Unilever Series at London's Tate Modern The book maps the ways artists and their work engaged with and offered commentary on modern spectacle in both capitalist and socialist modernism throughout the eras of the Russian Revolution the Cold War and the increasingly globalized world of the past 20 years In doing so Harris explores the idea that the utopian globalist lineage in art remains torn between its yearning for freedom and a deepening identification with spectacle as a media commodity to be traded and consumed The Soviet Political Mind Robert C. *Anarchists Never Surrender* Victor Serge,2015-03-01 Anarchists Never Surrender provides a complete picture of Victor Serge s relationship to anarchism The volume contains writings going back to his teenage years in Brussels where he became influenced by the doctrine of individualist anarchism At the heart of the anthology are key articles written soon after his arrival in Paris in 1909 when he became editor of the newspaper *l anarchie* In these articles Serge develops and debates his own radical thoughts arguing the futility of mass action and embracing illegalism Serge s involvement with the notorious French group of anarchist armed robbers the Bonnot Gang landed him in prison for the first time in 1912 Anarchists Never Surrender includes both his prison correspondence with his anarchist comrade mile Armand and articles

written immediately after his release The book also includes several articles and letters written by Serge after he had left anarchism behind and joined the Russian Bolsheviks in 1919 Here Serge analyzed anarchism and the ways in which he hoped anarchism would leaven the harshness and dictatorial tendencies of Bolshevism Included here are writings on anarchist theory and history Bakunin the Spanish revolution and the Kronstadt uprising Anarchists Never Surrender anthologizes Victor Serge s previously unavailable texts on anarchism and fleshes out the portrait of this brilliant writer and thinker a man I F Stone called one of the moral figures of our time     Eurasian Politics: Ideas, Institutions and External Relations Mr Tulsiram,Mr Ajay Patnaik,2013-06-15 The transitional politics of Eurasian space is marked by a constant struggle among three sets of ideas and institutions the 1 is the remarkable resilience of Soviet ideas and institutions 2 an attempt by the regimes of these states to reinvent the historical and cultural traditions of preSoviet periods and third is an attempt by a section of the powerful elite to superimpose Western liberal ideas and institutions There is a strange intertwining of these ideas and institutions This book examines the extent to which the postSoviet politics has departed from the Soviet one What are the new ideational structures emerging in these states and how far have they crystallised into institutions What are the external influences which are shaping the institutions in the Eurasian space And finally what are the various dynamics of geopolitics in this region Experts from various countries will delve into the shifting dynamics of Eurasian politics
