The Land And People Of Cambodia:

The Land and People of Cambodia David Porter Chandler, 1991 Introduces the history geography people culture government and economy of Cambodia **The Land Grabbers** Fred Pearce, 2012-05-29 How Wall Street Chinese billionaires oil sheiks and agribusiness are buying up huge tracts of land in a hungry crowded world An unprecedented land grab is taking place around the world Fearing future food shortages or eager to profit from them the world s wealthiest and most acquisitive countries corporations and individuals have been buying and leasing vast tracts of land around the world The scale is astounding parcels the size of small countries are being gobbled up across the plains of Africa the paddy fields of Southeast Asia the jungles of South America and the prairies of Eastern Europe Veteran science writer Fred Pearce spent a year circling the globe to find out who was doing the buying whose land was being taken over and what the effect of these massive land deals seems to be *The Land Grabbers* is a first of its kind expos that reveals the scale and the human costs of the land grab one of the most profound ethical environmental and economic issues facing the globalized world in the twenty first century The corporations speculators and governments scooping up land cheap in the developing world claim that industrial scale farming will help local economies But Pearce s research reveals a far more troubling reality While some mega farms are ethically run all too often poor farmers and cattle herders are evicted from ancestral lands or cut off from water sources The good jobs promised by foreign capitalists and home governments alike fail to materialize Hungry nations are being forced to export their food to the wealthy and corporate potentates run fiefdoms oblivious to the country beyond their fences Pearce s story is populated with larger than life characters from financier George Soros and industry tycoon Richard Branson to Gulf state sheikhs Russian oligarchs British barons and Burmese generals We discover why Goldman Sachs is buying up the Chinese poultry industry what Lord Rothschild and a legendary 1970s asset stripper are doing in the backwoods of Brazil and what plans a Saudi oil billionaire has for Ethiopia Along the way Pearce introduces us to the people who actually live on and live off of the supposedly empty land that is being grabbed from Cambodian peasants victimized first by the Khmer Rouge and now by crony capitalism to African pastoralists confined to ever smaller tracts Over the next few decades land grabbing may matter more to more of the planet s people than even climate change It will affect who eats and who does not who gets richer and who gets poorer and whether agrarian societies can exist outside corporate control It is the new battle over who owns the planet **Ethiopia: The Land, Its People, History and Culture** Yohannes K.

Mekonnen, A general introduction to Ethiopia and to smaller exttent Eritrea **World and Its Peoples** ,2007 Most of what is known about the outside world remains superficial and stereotypical *World and Its Peoples* Eastern and Southern Asia brings a long rich story to light about ethnic groups the impact of terrain and natural resources and the influence of history This unique reference work maps out how the nations of the modern world became what they are today through photographs of the geography and people of foreign lands through discussion of ancient and contemporary works of art and events and

election of women as heads of state in several countries African descendant and indigenous women remain virtually invisible in public and political life They are also the population group that has borne the brunt of armed conflict in the region subjected to rape and sexual violence As elsewhere they have little hope of redress against those who assaulted them In Europe and Oceania migrant women face economic and social marginalization and are often unable to access support services because of their immigration status leaving them trapped in abusive relationships In 2010 women belonging to Muslim minorities in the global North choosing to wear the face veil also faced increasing pressure with bans under discussion in many countries In the Middle East and Africa minority and indigenous women continue to be subjected to religious and customary legal systems that deny them their rights while Iraqi refugee women many of whom belong to religious minorities elsewhere in the Middle East are increasingly vulnerable to trafficking and sexual exploitation In Asia sexual violence against women has again been used as a weapon against minority women while land seizures are resulting in further economic marginalization of indigenous groups This year's edition of State of the World's Minorities and Indigenous Peoples presents an overview of the situation of minority and indigenous women today and includes Discussions of gender based violence and armed conflict including the violence that indigenous and minority women experience within their own communities and the difficulties that they face in accessing justice and support from outside Consideration of the lack of progress made towards achieving the Millennium Development Goals for minority and indigenous women with special focus on reproductive rights and maternal mortality Interviews and special reports on trafficking intersectional discrimination land seizures and women's political representation Overviews of the human rights situation of minorities and indigenous peoples in every major world region Peoples Under Threat 2011 MRG's unique statistical analysis and ranking of countries An invaluable reference for policy makers academics journalists and everyone who is interested in the human rights situation of minorities and indigenous peoples around the world **The Global Land Grab** Annelies Zoomers, Mayke Kaag, 2014-02-13 The last two years have seen a huge amount of academic policy making and media interest in the increasingly contentious issue of land grabbing the large scale acquisition of land in the global South It is a phenomenon against which locals seem defenceless and one about which multilateral organizations such as the World Bank as well as civil society organizations and action NGOs have become increasingly vocal This in depth and empirically diverse volume taking in case studies from across Africa Asia and Latin America takes a step back from the hype to explore a number of key questions Does the global land grab actually exist If so what is new about it And what beyond the immediately visible dynamics and practices are the real problems A comprehensive and much needed intervention on one of the most hotly contested but little understood issues facing countries of the South today **From the Land of Shadows** Khatharya Um, 2015-10-16 In a century of mass atrocities the Khmer Rouge regime marked Cambodia with one of the most extreme genocidal instances in human history What emerged in the aftermath of the regime's collapse in 1979 was a nation fractured by death and dispersal It is estimated

that nearly one fourth of the country's population perished from hard labor, disease, starvation and executions. Another half million Cambodians fled their ancestral homeland with over one hundred thousand finding refuge in America. From the Land of Shadows surveys the Cambodian diaspora and the struggle to understand and make meaning of this historical trauma. Drawing on more than 250 interviews with survivors across the United States as well as in France and Cambodia, Khatharya Um places these accounts in conversation with studies of comparative revolutions, totalitarianism, transnationalism and memory works to illuminate the pathology of power as well as the impact of auto-genocide on individual and collective healing. Exploring the interstices of home and exile, forgetting and remembering, From the Land of Shadows follows the ways in which Cambodian individuals and communities seek to rebuild connections frayed by time, distance and politics in the face of this injurious history.

It is published under the auspices of the Foundation for the Development of International Law in Asia (DILA) in collaboration with DILA Korea, the Secretariat of DILA in South Korea. When it was launched, the Yearbook was the first publication of its kind, edited by a team of leading international law scholars from across Asia. It provides a forum for the publication of articles in the field of international law and other Asian international legal topics. The objectives of the Yearbook are two-fold: First, to promote research, study and writing in the field of international law in Asia; and second, to provide an intellectual platform for the discussion and dissemination of Asian views and practices on contemporary international legal issues. Each volume of the Yearbook contains articles and shorter notes, a section on Asian state practice, an overview of the Asian states' participation in multilateral treaties, and succinct analysis of recent international legal developments in Asia, a bibliography that provides information on books, articles, notes and other materials dealing with international law in Asia, as well as book reviews.
