and often deliberately disorderly The first full length study of the Irish female coming of age story the book develops a feminist psychoanalytic narratology derived from the belated oedipalization of Joyce's bildungsroman to read these stories This study argues that all Irish maturation stories are shaped by the uneven and belated maturation story of the Irish republic itself which took as its avatar the Irish woman whose citizenship in that republic was unrealized as indeed was her citizenship in an Irish republic of letters Dougherty takes the writing of Irish women as seriously as other critics have taken Joyce's work
