New Mexico trilogy The Magic Journey tells the tale of how relentless progress transformed a rural backwater into a boomtown Boom times came to the forgotten little southwestern town of Chamisaville just as the rest of America was in the Great Depression They came when a rattletrap bus loaded with stolen dynamite blew sky high leaving behind a giant gushing hot spring Within minutes the town s wheeler dealers had organized and within a year Chamisaville was flooded with tourists and pilgrims and the wheeler dealers were rich At first it was a magic time for Chamisaville almost as if every day were a holiday But the euphoria gradually dissipated and the land hungry developers speculators and interlopers moved in Finally the day came when Chamisaville s people found themselves all but displaced their children no longer heirs to their land or their tradition With mounting intensity The Magic Journey reaches a climax that is tragically foreordained A sensitive vital and honest chronicle of life in America s Southwest it is also an incisive commentary on what America has become on its road to progress The Magic Journey is part of John Nichols s New Mexico trilogy which includes The Milagro Beanfield War and The Nirvana Blues

Go Southwest, Old Man Mario Materassi,2009 Go Southwest Old Man a sort of personal remake of Go West Young Man the founding episteme of the American nineteenth century conciliates these two souls well not to be pretentious let s simply say two sides that have actually always lived in harmony This is a book generated by a quarter of a century spent wandering around the canyons and deserts of Arizona Colorado Utah and above all New

Mexico with a view to penetrating the by now universal legend of the West approaching the cultures English Hispanic and native American and mastering the literature The slant is composite melding the scholarly with the informative and the travel journal and the writing is composite too because the book speaks English and Italian It talks about cinema lots of John Ford and about detective stories the most popular genre here about visual arts and Latino folklore about the legend of the West the so called Soul of the Southwest and the kitsch style of Santa Fe And it talks about and with some of the greatest writers that the Southwest has spawned Rudolfo Anaya Stanley Crawford John Nichols and Hillerman So what we have is a first hand experience of the Southwest where the ego is not entrenched within a precise disciplinary role but opens up and exposes itself to the thrilling risk of the discovery that can renew it *American Blood* John Nichols, 2014-04-01 Michael Smith survives the Vietnam war only to find himself angry and adrift in a United States at war with itself Though he cannot forget the pornographic atrocities he witnessed abroad it is the pervasive brutality of civilian life that threatens to destroy him until he lands in a tormented yet life saving relationship First published in 1987 and now available to a new generation of readers this disturbing novel foreshadows twenty first century headlines that feature assault rifles and mass murders *American Blood* is a timely and fiercely moral statement on violence and loss One of the most intense anti war books since *The Red Badge of Courage* Rocky Mountain News An auspicious literary event The America he describes the nation bathed in blood the people who keep loaded guns by their pillows are more real here than in the news yet it leaves us with wisdom and hope Ray Mungo San Francisco Chronicle **The Voice of the Butterfly** John Nichols, 2003-02 A dazzling darkly comic novel by the author of *The Sterile Cuckoo* *The Voice of the Butterfly* looks at chaotic relationships fraught with conservation efforts Funny and touching Nichols's novel is a wild ride through the lunacies of the postmodern age **Dancing on the Stones** John Nichols, 2000 This new collection of essays gives you the opportunity to know him even more intimately *The Memory of Nature in Aboriginal, Canadian and American Contexts* Françoise Besson, Claire Omhové, Héliane Ventura, 2014-06-12 This volume engages the reader's interest in the relationship that binds man to nature a relationship which makes itself manifest through certain literary or visual artefacts produced by Native or non Native writers and artists It ranges from the study of literatures mainly from Canada including Quebec and Acadia but also from Britain the United States of America France Turkey and Australia to the exploration of films photographs paintings and sculptures produced by Aboriginal artists from North America Thanks to a relational paradigm founded on spatial and temporal enlargement it re imagines the critical outlook on indigenous production by instigating a dialogue between endogenous and exogenous scholars novelists and artists and by weaving together interdisciplinary approaches spanning anthropology geology ecocriticism and the study of myths From the writings by Scott Momaday to those by Tomson Highway from Pauline Johnson to Louise Erdrich or from the photographs by William McFarlane Notman and Edward Burtynsky or the films by Randy Redroad to the paintings by Emily Carr it explores art as the sedimentation of nature It simultaneously interrogates the representation of nature and the nature

of representation as a geological and generic process inscribed in the history of mankind Without eclipsing differences and imposing a reified Eurocentric critical discourse upon indigenous productions this volume does not colonize indigenous texts or indulge in cultural appropriation of works of art but looks for historical mythological or geological traces of the past a past characterized by the intimacy between man and animal man and rock or man and plant a past which is allowed to resurface through the creative and critical outlooks that are bestowed upon its subjacent or subterranean existence It resurfaces not as nostalgic memory but as an interactive fertilization giving the present a new life in which the non human provides a key to the understanding of the human bond to nature

The Milagro Beanfield War John Nichols, 2013-12-10 *The Milagro Beanfield War* is the first book in John Nichols's New Mexico trilogy Gentle funny transcendent *The New York Times Book Review* later adapted to film by Robert Redford Joe Mondragon a feisty hustler with a talent for trouble slammed his battered pickup to a stop tugged on his gumboots and marched into the arid patch of ground Carefully and also illegally he tapped into the main irrigation channel And so began though few knew it at the time the Milagro beanfield war But like everything else in the dirt poor town of Milagro it would be a patchwork war fought more by tactical retreats than by battlefield victories Gradually the small farmers and sheepmen begin to rally to Joe's beanfield as the symbol of their lost rights and their lost lands And downstate in the capital the Anglo water barons and power brokers huddle in urgent conference intent on destroying that symbol before it destroys their multimillion dollar land development schemes The tale of Milagro's rising is wildly comic and lovingly tender a vivid portrayal of a town that half stumbling and partly prodded gropes its way toward its own stubborn salvation
