The Last Campaign Grant Saves The Union Great Battles Of History:

The Last Campaign: Grant Saves the Union Earl Schenck Miers, 1972 Illuminates the men and events that influenced Grant's role as the victor in the last campaign of the Civil War **Great Military Leaders** William T. Worthington, 2002 Great Military Leaders A Bibliography with Vignettes The Reader's Adviser, 1977 **Grant** Jean Edward Smith, 2002-04-09 In this magnificent biography Jean Edward Smith skillfully reconciles the disparate conflicting assessments of Ulysses S. Grant confirming his genius as a general but convincingly showing that Grant's presidential accomplishments were as considerable as his military victories 40 photos The Myth of the Lost Cause Edward H. Bonekemper, 2015-10-05 History isn't always written by the winners Twenty first century controversies over Confederate monuments attest to the enduring significance of our nineteenth century Civil War As Lincoln knew the meaning of America itself depends on how we understand that fratricidal struggle As soon as the Army of Northern Virginia laid down its arms at Appomattox a group of Confederate officers took up their pens to refight the war for the history books They composed a new narrative the Myth of the Lost Cause seeking to ennoble the sacrifice and defeat of the South which popular historians in the twentieth century would perpetuate Unfortunately that myth would distort the historical imagination of Americans north and south for 150 years In this balanced and compelling correction of the historical record Edward Bonekemper helps us understand the Myth of the Lost Cause and its effect on the social and political controversies that are still important to all Americans

Encyclopedia of African American History, 1619-1895 Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the Encyclopedia of African American History 1619-1895 documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The Encyclopedia covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the Encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimké Sojourner Truth Nat Turner Phillis Wheatley and many others All of the Encyclopedia's alphabetically arranged entries are accessibly written and free of jargon and technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example

includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness **National Union Catalog** ,1973 Includes entries for maps and atlases The Army Historian ,1993 *Ways of War* Matthew S. Muehlbauer,David J. Ulbrich,2017-11-06 From the first interactions between European and native peoples to the recent conflicts in Afghanistan and Iraq military issues have always played an important role in American history Now in its updated second edition *Ways of War* comprehensively explains the place of the military within the wider context of the history of the United States showing its centrality to American culture economics and politics The fifteen chapters provide a complete survey of the American military s evolution that is designed for semester length courses Features of the revised and fully updated second edition include Chronological and comprehensive coverage of North American conflicts in the seventeenth century and all wars undertaken by the United States New or expanded sections on Non English Colonization in Northeast North America the Beaver Wars Pontiac s War causes of the American Revolution borderlands conflict from 1848 to 1865 causes of the American Civil War Reconstruction the Meuse Argonne Campaign Barack Obama s second term as president the Syrian Civil War and the rise of the Islamic State 50 revised maps 20 new images chapter timelines identifying key events and text boxes providing biographical information and first person accounts A companion website featuring a testbank of essay and multiple choice questions for instructors as well as student study resources such as an interactive timeline chapter summaries annotated further readings links to online resources flashcards and a glossary of key terms Extensively illustrated and written by experienced instructors the second edition of *Ways of War* remains essential reading for all students of American Military History **Desperate Engagement** Marc Leepson,2013-08-20 This Civil War history offers a sharp assessment of the single Confederate victory north of the Mason Dixon line and the threat it posed to the capitol Kirkus The Battle of Monocacy is one of the Civil War s most significant yet little known battles On July 9 1864 in the fields just south of Frederick Maryland some 12 000 Confederate troops led by the controversial Jubal Anderson Early were met by a much smaller and untested Union force under the mercurial Lew Wallace the future author of *Ben Hur* When the fighting ended Early had routed Wallace in the northernmost Confederate victory of the war Yet that victory came at a pivotal cost Two days later Early sat astride his horse on the doorstep of Washington D C contemplating whether or not to order his men to invade the nation s capital Washington s fortifications were maintained by a ragtag collection of walking wounded Union soldiers The news of an impending rebel attack sent Union leaders scrambled to coordinate a force of volunteers But Early did not pull the trigger Because his men were exhausted from the fight at Monocacy Early paused before attacking thus giving Grant

just enough time to bring thousands of veteran troops up from Richmond Historian Marc Leepson shows that had Early arrived in Washington one day earlier the ensuing havoc easily could have brought about a different conclusion to the war Leepson uses a vast amount of primary material including memoirs official records newspaper accounts diary entries and eyewitness reports in a reader friendly and engaging description of the events surrounding what became known as the Battle That Saved Washington The Encyclopedia Britannica James Louis Garvin, Franklin Henry Hooper, Warren E. Cox, 1929

A History of the United States in Chronological Order Emery E. Childs, 1886 The Publishers' Trade List Annual, 1976

A Chronological History of the United States from the Advent of Columbus, 1492, to December 1887 Charles Higgins, 1887 **A History of the United States in Chronological Order from the Discovery of America in 1492 to the Year 1885** Emery E. Childs, 1885 **Presidents and Presidencies in American History** Jolyon P. Girard, 2019-10-07 This innovative encyclopedia explores the life and times of America's forty five presidents from the first administration to that of Donald Trump Forty five men have served as President of the United States since George Washington swore the oath of office in 1789 in New York City Some have proved exceptional leaders and others have not Some have faced serious crises both foreign and domestic Franklin Roosevelt was elected to four terms leading the country through a major economic depression and a world war while one held the office for only a single month Each however played a key role in the evolution of United States history Each of their histories therefore remains a critical civics lesson to consider This four volume encyclopedia provides an expansive analysis of the life and times of each United States president in chronological order from George Washington to Donald Trump Each chapter includes a timeline a biographical sketch a historical overview and an analytical essay concerning the president and his presidency Each also includes a substantial selection of related primary documents presenting important presidential speeches and correspondence A suggested reading list for further study of each president rounds out each entry **Almanac of American Military History** Spencer C. Tucker, 2012-11-21 This almanac provides a comprehensive chronological overview of all American military history serving as the standard reference work of its type Almanac of American Military History is yet another reference work from acclaimed historian Dr Spencer C Tucker and ABC CLIO offering an unprecedented resource for a wide range of students and researchers A comprehensive four volume title this almanac traces all of American military history from the European voyages of discovery through 2011 chronicling the pivotal moments that have shaped the United States into the country it is today In addition to documenting key events this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems A detailed glossary is included as are discussions of ranks and military awards and decorations Divided into conflict periods each chapter includes a detailed chronology reference entry sidebars statistical information primary source documents and a bibliography *The Oxford Companion to American Military History*, **A New History of the United States** Charles Morris, 2022-09-15 In A New History of the United

States Charles Morris presents a comprehensive reinterpretation of American history weaving together political social and cultural narratives to provide a multifaceted view of the nation's evolution Utilizing an engaging yet scholarly tone Morris carefully critiques and expands upon traditional historical interpretations considering the complexities of race class and gender His meticulous research is grounded in primary sources while his literary style embraces both accessibility and depth ensuring the book serves as both an academic resource and a compelling read for general audiences This work situates itself within a broader context of contemporary historiography where revisionist approaches challenge established norms Charles Morris's background as a historian and educator profoundly informs his exploration of American history With a keen interest in the intersections of social movements and historical narratives his previous works have laid the groundwork for this ambitious project Morris's commitment to examining underrepresented voices and events reflects his broader scholarly inclinations making him a trusted figure in the field of American studies This book is a must read for anyone interested in a nuanced understanding of the United States Morris's insightful analysis not only enriches the reader's perspective on America's past but also provokes critical thought about its future Whether you are a seasoned historian or a casual reader this work will undoubtedly deepen your appreciation for the complexities of American history Lincoln and Grant Edward H. Bonekemper, 2015-03-23 Lincoln and Grant is an intimate dual portrait of President Abraham Lincoln and General Ulysses S Grant their ordinary Western backgrounds their early struggles to succeed and their history making relationship during the Civil War Though generally remembered by history as two very different personalities the soft spoken Lincoln and often crude Grant in fact shared a similar drive and determination as this in depth character study illustrates

This Enthralling World of E-book Books: A Thorough Guide Revealing the Pros of Kindle Books: A World of Ease and Versatility E-book books, with their inherent mobility and simplicity of access, have liberated readers from the limitations of hardcopy books.
