The Last Colony In Africa Diplomacy And The Independence Of Rhodesia:

The Last Colony in Africa Michael Charlton,1990-01-01 **Labour's First Century** Duncan Tanner,Pat Thane,Nick Tiratsoo,2000-09-11 The Labour Party's centenary is an appropriate moment to evaluate its performance across the twentieth century and to reflect on why a party which has so many achievements to its credit nonetheless spent so much of the period in opposition Duncan Tanner Pat Thane and Nick Tiratsoo have assembled a team of acknowledged experts who cover a wide range of key issues from economic policy to gender The editors also provide a lucid accessible introduction Labour's First Century covers the most important areas of party policy and practice always placing these in a broader context Taken together these essays challenge those who minimize the party's contribution whilst they also explain why mistakes and weaknesses have occurred Everyone interested in British political history whether supporters or opponents of the Labour Party will need to read Labour's First Century Race and Diplomacy in Zimbabwe Timothy Lewis Scarnecchia,2023-03-09 Examining the role of racism within international relations bureaucracies during years of diplomacy before and after Zimbabwe's Independence in 1980 Timothy Scarnecchia offers a fresh perspective on how nationalist leaders used Cold War diplomacy to shape Zimbabwe's decolonization process Available as Open Access on Cambridge Core The Iconography of Independence Robert Holland,Susan Williams,Terry Barringer,2013-09-13 This book explores the phenomenon of Independence Days These rituals had complex meanings both in the territories concerned and in Britain as the imperial metropole where they were extensively reported in the press The text is concerned with the political management associated rhetoric and iconography of these seminal celebrations The focus is therefore very much on political culture in a broad sense and changing perceptions and presentations over time Highlights of the book include an overview by David Cannadine relating the topic to ornamentalism invented tradition and transitions in British culture Although the book is mainly concerned with the British Empire Martin Shipway a leading historian and cultural analyst of French decolonization contributes an acute summary of how the same moment was handled differently in the other great European empires There are detailed and lively studies by noted specialists of the immediate coming of Independence to India Pakistan Malaya Ghana Zimbabwe and Guyana The book includes a thematic focus on the important role of representatives of the British monarchy in legitimating transfers of sovereignty at their point of climax This book was published as a special issue of The Round Table Unpopular Sovereignty Luise White,2015-03-23 In 1965 the white minority government of Rhodesia after 1980 Zimbabwe issued a unilateral declaration of independence from Britain rather than negotiate a transition to majority rule In doing so Rhodesia became the exception if not anathema to the policies and practices of the end of empire In Unpopular Sovereignty Luise White shows that the exception that was Rhodesian independence did not in fact make the state that different from new nations elsewhere in Africa indeed this history of Rhodesian political practices reveals some of the commonalities of mid twentieth century thinking about place and race and how much government should link the two White locates Rhodesia's

independence in the era of decolonization in Africa a time of great intellectual ferment in ideas about race citizenship and freedom She shows that racists and reactionaries were just as concerned with questions of sovereignty and legitimacy as African nationalists were and took special care to design voter qualifications that could preserve their version of legal statecraft Examining how the Rhodesian state managed its own governance and electoral politics she casts an oblique and revealing light by which to rethink the narratives of decolonization

Encyclopedia of African History 3-Volume Set

Kevin Shillington, 2013-07-04 Covering the entire continent from Morocco Libya and Egypt in the north to the Cape of Good Hope in the south and the surrounding islands from Cape Verde in the west to Madagascar Mauritius and Seychelles in the east the Encyclopedia of African History is a new A Z reference resource on the history of the entire African continent With entries ranging from the earliest evolution of human beings in Africa to the beginning of the twenty first century this comprehensive three volume Encyclopedia is the first reference of this scale and scope Also includes 99 maps

The White Redoubt, the Great Powers and the Struggle for Southern Africa, 1960-1980 Filipe Ribeiro de Meneses, Robert McNamara, 2017-12-05 This work examines the attempt by the governments of Portugal Rhodesia and South Africa to defy the drive for African independence in the 1960s and 70s and the international community's response From 1961 to 1974 Portugal Rhodesia and South Africa collaborated in the attempt to preserve white minority rule in their respective territories Hard pressed by African nationalists recently decolonized states and many of the world's Great Powers they supported each other economically politically and militarily turning southern Africa into a major diplomatic concern which defied Cold War logic This book examines how this collaboration came about and how the international community responded to it paying close attention to the evolving situation in each country The Portuguese Revolution of April 1974 undid this white redoubt and the diplomatic policy subsequently adopted by apartheid South Africa did little to sacrifice Rhodesia in return for the illusion of permanent safety A true work of transnational history this book is based on the archival material of eight different countries yet it serves as well as an introduction to the politics of southern Africa during the late colonial era

Cold War in Southern Africa

Sue Onslow, 2009-09-10 This edited volume examines the complexities of the Cold War in Southern Africa and uses a range of archives to develop a more detailed understanding of the impact of the Cold War environment upon the processes of political change In the aftermath of European decolonization the struggle between white minority governments and black liberation movements encouraged both sides to appeal for external support from the two superpower blocs Cold War in Southern Africa highlights the importance of the global ideological environment on the perceptions and consequent behaviour of the white minority regimes the Black Nationalist movements and the newly independent African nationalist governments Together they underline the variety of archival sources on the history of Southern Africa in the Cold War and its growing importance in Cold War Studies This volume brings together a series of essays by leading scholars based on a wide range of sources in the United States Russia Cuba Britain Zambia and South Africa By focussing on a range of

independent actors these essays highlight the complexity of the conflict in Southern Africa a battle of power blocs of systems and ideas which intersected with notions and practices of race and class This book will appeal to students of cold war studies US foreign policy African politics and International History Sue Onslow has taught at the London School of Economics since 1994 She is currently a Cold War Studies Fellow in the Cold War Studies Centre IDEAS **The Wilson Governments**

1964-1970 Reconsidered glen O'Hara,Helen Parr,2014-01-02 This book provides a fascinating re assessment of our view of the Wilson governments of 1964 1970 This new text draws on newly available sources across the range of British government and for the first time looks at the whole range of political and state activity This critical appraisal provides a fascinating case study of British government in action in this key period of British History This book was previously published as a special issue of the leading journal Contemporary British History It is an excellent resource for students of governance foreign policy economics and social policy *Guerrilla Veterans in Post-war Zimbabwe* Norma J. Kriger,2003-05-29 Zimbabwe s guerrilla

veterans have burst into the international media as the storm troopers in Mugabe s new war of economic liberation In this book Norma Kriger gives the unfolding contemporary drama a historical background and shows continuities between the present and past Between 1980 and 1987 guerrilla veterans and the ruling party colluded with and manipulated each other to build power and privilege in the army police bureaucracy and among workers Both relied chiefly on violence and appeals to their participation in the anti colonial liberation war as they sought to vanquish their then political opponents Today violence and a liberation war discourse continue to be salient as Mugabe s party and its guerrilla veterans struggle to maintain power through land invasions and purges of a new political opposition This study gives a critical review of guerrilla programs and the war to peace transitions literatures thus changing the way we view post conflict societies **The Cold**

Power of Legality Nikolas M. Rajkovic, Tanja E. Aalberts, Thomas Gammeltoft-Hansen, 2016-07-28 From an airstrip in Saudi Arabia the CIA launches drones to legally kill Al Qaida leaders in Yemen On the North Pole Russia plants a flag on the seabed to extend legal claim over resources In Brussels the European Commission unveils its Emissions Trading System extending environmental jurisdiction globally over foreign airlines And at Frankfurt Airport a father returning from holiday is detained because his name appears on a security list Today legality commands substantial currency in world affairs yet growing reference to international legality has not marked the end of strategic struggles in global affairs Rather it has shifted the field and manner of play for a plurality of actors who now use influence and contest the way that law's rule is applied to address global problems Drawing on a range of case studies this volume explores the various meanings and implications of legality across scholarly institutional and policy settings

The Fortunes of Africa Martin Meredith, 2014-10-14 A sweeping history the fortune seekers adventurers despots and thieves who have ruthlessly endeavored to extract gold diamonds and other treasures from Africa and its people Africa has been coveted for its rich natural resources ever since the era of the Pharaohs In past centuries it was the lure of gold ivory and slaves that drew merchant adventurers and conquerors from afar In modern times the focus of attention is on oil diamonds and other rare earth minerals In this vast and vivid panorama of history Martin Meredith follows the fortunes of Africa over a period of 5 000 years With compelling narrative he traces the rise and fall of ancient kingdoms and empires the spread of Christianity and Islam the enduring quest for gold and other riches the exploits of explorers and missionaries and the impact of European colonization He examines too the fate of modern African states and concludes with a glimpse of their future His cast of characters includes religious leaders mining magnates warlords dictators and many other legendary figures among them Mansa Musa ruler of the medieval Mali empire said to be the richest man the world has ever known

Robert Mugabe Sue Onslow, Martin Plaut, 2018-03-05 Zimbabwe's President Robert Mugabe sharply divides opinion and embodies the contradictions of his country's history and political culture As a symbol of African liberation and a stalwart opponent of white rule he was respected and revered by many This heroic status contrasted sharply in the eyes of his rivals and victims with repeated cycles of gross human rights violations Mugabe presided over the destruction of a vibrant society capital flight and mass emigration precipitated by the policies of his government resulting in his demonic image in Western media This timely biography addresses the coup led by some of Mugabe's closest associates that forced his resignation after thirty seven years in power Sue Onslow and Martin Plaut explain Mugabe's formative experiences as a child and young man his role as an admired Afro nationalist leader in the struggle against white settler rule and his evolution into a political manipulator and survivalist They also address the emergence of political opposition to his leadership and the uneasy period of coalition government Ultimately they reveal the complexity of the man who stamped his personality on Zimbabwe's first four decades of independence

The Fate of Africa Martin Meredith, 2005-07-05 Traces the history of Africa in the fifty years since the independence era began describing how

the withdrawal of Europe's colonial powers influenced the African people and culture The Commonwealth Patricia Larby, Harry Hannam, 2024-11-01 The modern British Commonwealth linking fifty countries around the world in voluntary association cooperation and consultation is a unique body in world history The area of its member countries covers a third of the globe and collectively their peoples represent a quarter of the world's total population Though essentially different from the British Empire from which it originated the Commonwealth shares many common historical ties with Britain Patricia M Larby and Harry Hannam have assembled an unrivaled body of literature to illustrate the growth of the Empire into the Commonwealth This extensive bibliography identifies lists and annotates the most important publications on the development and growth of the Commonwealth its present status and functions and its role in education literature sport and the arts and sciences It includes its historical origins its cooperation in economics politics and international issues such as the environment and its many spheres of professional activity including medicine law and architecture Strong emphasis is placed on the role of the English language in the Commonwealth and as a medium for creative literature in many disparate cultures worldwide The Commonwealth appears at a time when this unique organization is on the threshold of a new era in its history The proposals emerging from the 1991 Commonwealth Heads of Government meeting include statements on democracy and human rights environmental affairs and global concerns such as international crime drug abuse and AIDS No previous comprehensive bibliography of the Commonwealth exists and this volume fills a long standing gap in the bibliographical coverage It will be an essential reference source for libraries and scholars involved in Commonwealth studies and will be of particular interest to historians political scientists economists and educators **A Selected Bibliography--Sub-Saharan**

Africa, 1991 **Disarmament, Demobilization and Reintegration in Southern Africa** Gwinyayi Albert Dzinesa, 2017-08-24 This book is a critical comparative reflection of the post colonial conflict Disarmament Demobilization and Reintegration DDR of ex combatants in Zimbabwe Namibia and South Africa It offers an up to date comparative analysis of how specific analytical elements that transcend state boundaries shaped DDR in the three southern African countries The author explores structural and organizational frameworks target groups state leadership in DDR linkages between DDR and SSR in nation and state building and types of post conflict violence The volume draws on fieldwork including interviews with policy makers and government officials as well as ex combatants and experts to provide valuable insights into how post colonial conflict DDR can provide knowledge crucial to understanding and addressing the problems of post conflict peace building in Africa The book is aimed at academics researchers and students working on Southern Africa African and Western policymakers concerned with problematic post conflict situations on the continent where improvising DDR processes will be vital to success as well as the general reader interested in political security and other developments in the region It will be of use in postgraduate courses in the inter related fields of international relations comparative government conflict resolution and peacebuilding **The Lived International** Stephen Chan, OBE, 2022-02-25 The Lived International is a poetic account

of Stephen Chan's personal engagement in International Relations. It speaks to the inadequacy of an abstract voyeurism while the problems of the world are death, devastation and underdevelopment. Drawn from a lifetime of travel and engagement and from both published and hitherto unpublished poetry forming a parallel list to the author's academic works, the book seeks to inject into debate the sense that language spoken and written discourse alone are not a sufficient claim to bearing witness and that even activism from afar can often fail to understand a human condition that afflicts the majority of the world's population. Chan demonstrates that a life of praxis living international relations yields more insights than a life of theory alone.

Fighting for Time Charles D. Melson, 2021-02-05. This military study examines the evolution of the Rhodesian armed services during the complex conflicts of the Cold War era. Through the 1960s and 1970s, Africa endured a series of conflicts involving Rhodesia, South Africa and Portugal in conflict with the Frontline States. The Cold War brought outside influences including American interest at the diplomatic, economic and social level. In *Fighting for Time*, military historian Charles D. Melson sheds new light on this complex and consequential period through analysis of the Rhodesian military. Drawing on a wealth of primary sources, Melson examines the Rhodesian military's evolution into a special operations force conducting intelligence-driven operations. Along the way, he identifies key lessons to be learned from this low-intensity conflict at the level of tactics, techniques and procedures. Melson looks closely at the military response to the emerging revolutionary threat and the development of general and special purpose units. He addresses the critical use of airpower as a force multiplier supporting civil police and army efforts ranging from internal security and border control to internal and external combat operations, the necessity of full-time joint command structures and the escalation of cross-border attacks and unconventional responses as the conflict evolved.
