The Last Forty Eight Hours Soldier Of Fortune No 11:

Cosmopolis Danilo Zolo,2013-05-31 This volume makes a challenging critique of the idea of Cosmopolis that is the idea of world or global government In recent years this idea has been put forward as a way of averting the threat of war and international disorder and as a way of avoiding the destruction of the planet Proponents of this idea call for a radical reform of the United Nations which aims to legitimize this institution as an international police force and as a provider of global justice Zolo criticizes this new cosmopolitan philosophy and rejects the idea of trying to eliminate international conflict through the use of centralized and superior military force He seeks instead to develop a conception of international relations which takes account of their pluralistic dynamic and conflictual nature This conception moves away from the logic of hierarchical centralization which so dominates the UN Charter and towards the logic of weak interventionism and weak pacifism which relies on self organization co ordination and negotiation Timely provocative and iconoclastic *Cosmopolis* is an important contribution to current debates in politics international relations and social and political theory **Clear by Fire**

Joshua Hood,2015-08-18 *Clear by Fire* is a blistering new military thriller about an American hero who in order to clear his name must take down a highly classified band of soldiers that has gone murderously rogue Mason Kane was a loyal American soldier and a proud member of the elite off the books Anvil Program a group of black ops soldiers who wage war from the shadows But all that changed when his commander as a part of a twisted scheme to force America s continued involvement in the Middle East ordered an innocent Afghan family murdered Refusing the order Mason finds himself on the run hunted by his former comrades and labeled a terrorist by the country he served faithfully Relying only on his survival skills and the help of female Special Operations operative Renee Hart Kane must embark on his gravest mission yet unraveling the conspiracy that reaches all way to the President s inner circle and stopping the world s most dangerous soldiers from completing their treacherous plan
