Heather Worthington,2011-08-31 An insight into a popular yet complex genre that has developed over the nineteenth and twentieth centuries The volume explores the contemporary anxieties to which crime fiction responds along with society's changing conceptions of crime and criminality The book covers texts contexts and criticism in an accessible and user friendly format Bloody Italy Patricia Prandini Buckler,2014-03-13 These new essays comprise a critical analysis of present day crime fiction and nonfiction works set in Italy all of which are available in English The writers discussed range from Donna Leon and Michael Dibdin to Leonardo Sciascia and Andrea Camilleri Essays also deal with nonfiction by Roberto Saviano and Douglas Preston An emerging theme is the corruption of Italian police and judiciary officials and the frustration of officers and politicians trying to work ethically within a flawed system Many of the works discussed show the struggle of the honest characters to find at least a limited justice for the victims **Deviance in Contemporary Crime Fiction C.**

Gregoriou,2007-01-30 This book explores the three aspects of deviance that contemporary crime fiction manipulates linguistic social and generic Gregoriou conducts case studies into crime series by James Patterson Michael Connelly and Patricia Cornwell and investigates the way in which these novelists correspondingly challenge those aforementioned conventions Writing and Victorianism J.B. Bullen,2014-06-06 Writing and Victorianism asks the fundamental question what is Victorianism and offers a number of answers taken from methods and approaches which have been developed over the last ten years This collection of essays written by both new and established scholars from Britain and the U S A develops many of the themes of nineteenth century studies which have lately come to the fore touching upon issues such as drugs class power and gender Some essays reflect the interaction of word and image in the nineteenth century and the notion of the city as spectacle others look at Victorian science finding a connection between writing and the growth of psychology and psychiatry on the one hand and with the power of scientific materialism on the other As well as key figures such as Dickens Tennyson and Wilde a host of new names are introduced including working class writers attempting to define themselves and writers in the Periodical press who once anonymous exercised a great influence over Victorian politics taste and social ideals From these observations there emerges a need for self definition in Victorian writing History ancestry and the past all play their part in figuring the present in the nineteenth century and many of these studies foreground the problem of literary social and psychological identity The Novel Life of PG Wodehouse Roderick Easdale,2014-06-18 Was PG Wodehouse really a traitor a naive simpleton dominated by his wife and out of touch with the world around him This book challenges many of the accepted wisdoms about PG Wodehouse and his work and skilfully entwines details of Wodehouse's life with an analysis of his work to show that contrary to popular belief many of the scenarios characters and issues he wrote about came from his own sometimes bitter personal experience It shows for instance how Bertie Wooster is a much misunderstood figure in literature and shared many of the characteristics and life story of PG Wodehouse himself Easdale also gives fresh insight into PG Wodehouse's alleged treachery during World War II and his motives for making five radio broadcasts from Germany

which were to cast a shadow over the rest of his life Easdale often finds an original angle with which to shatter stale accepted perception this book is compelling Country Life This fascinating examination offers a refreshing and accessible study of Wodehouse's work Press Association
