**The Illusionless Man** Allen Wheelis,1971 *Illusionless Man* Allan Wheelis,1971-11-01 *Creative Listening and the Psychoanalytic Process* Fred Griffin,2016-08-25 Contemporary psychoanalytic thinking about the interdependence of subjectivity and intersubjectivity has reenvisioned the analytic process and with it the very nature of creative and engaged psychoanalytic listening Yet few systematic writings on psychoanalytic listening or technique provide comprehensive instruction that would prepare the analyst for the kind of analytic listening needed to participate imaginatively in this sort of intersubjective experience Offering a short course in analytic listening *Creative Listening and the Psychoanalytic Process* provides a guide for the clinical uses of imaginative literature Outside the psychoanalytic literature extraordinary pieces of imaginative literature exist that provide the kind of experience in analytic listening that can guide clinicians in their work with patients Certain works of fiction create textured sensory worlds in which complex characters possessing shifting states of consciousness live within fluid emotional atmospheres In this book Fred Griffin demonstrates that by entering the worlds that original writers create in their texts the psychoanalytic therapist will learn to attend more closely to varying emotional states that generate nuanced multidimensional views of the analysand's internal and relational worlds He illustrates how these works capture more fully the sensory experience encountered by psychoanalysts when taking in what the patient communicates within the analytic space *Creative Listening and the Psychoanalytic Process* presents case material alongside selected passages from works of fiction written by a range of creative writers each of which stimulates analytic sensibility about this clinical experience A conceptual framework is provided that makes these and other original works of fiction more accessible for these purposes This book will be essential reading for psychoanalysts and psychoanalytic psychotherapists as well as professors and graduate students studying psychoanalysis and literature It will also appeal to literary scholars and those teaching and practicing in the field of narrative medicine *Illusion and Disillusionment* Stanley H. Teitelbaum,1999 Rich case material illustrates how the therapist can effectively address the illusions and manage the resulting disillusionment

Bollas Nancy Chodorow Sander L Gilman Adam Phillips and Allen and Joan Wheelis All are genuinely interdisciplinary in their work bridging multiple cultural and professional positions but all are deeply rooted in the humanities They are all also highly controversial challenging and critiquing conventional psychoanalytic wisdom while also devoting themselves to expanding psychoanalytic knowledge Drawing on interviews as well as his own readings Jeffrey Berman examines the continuities and discontinuities in each writer s work while also exploring the interrelationships between psychoanalysis and the humanities The book ultimately offers a portrait of psychoanalysis as a work in progress a plurality of visions that might more aptly be termed psychoanalyses
