The Influence Of Spiritual Beings Upon Man:

The Influence of Spiritual Beings Upon Man Rudolf Steiner, 2011-05-01 Eleven Lectures Delivered In Berlin Between January 6 And June 11 1908 *The Heavenly Sophia and the Being Anthroposophia* Sergei O. Prokofieff, 2006 Based on the author s experience of the suprasensory being behind spiritual science Anthroposophy this volume is the culmination of Sergei Prokofieff s twenty five years of work on Rudolf Steiner s spiritual impulse He shows that the being Anthroposophia is not merely a poetic image or an abstract concept but an actual spiritual entity who works in the higher worlds to benefit earthly evolution and bring to humanity the new revelation of the heavenly Sophia the divine wisdom In the first part of the book Prokofieff describes the path that led him to experience the being Anthroposophia a path that is clearly outlined so that it can be followed by the reader as well In the second part beginning with Steiner s relatively few statements on the subject the author considers the position of the living Anthroposophia in the cosmic hierarchy specifically her relationship to Christ to the heavenly Sophia and the to Archangel Michael Finally available in paperback this work will be of special interest to all those who have a close connection to Rudolf Steiner s Anthroposophy **The Anthroposophical Soul Calendar and the Incarnation Cycle of Man** Roland Schrapp, 2021-01-14 This book takes a completely new look at the Anthroposophical Soul Calendar It is about the deeper meaning of the fifty two weekly verses which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner A dense veil of Isis was spread over them of which is well known that no mortal person can lift it Only the immortal psycho spiritual human being who knows himself at home in the extrasensory higher worlds is capable of doing this Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever higher spiritual cosmic realms until he reaches the experience of God from where he gradually descends again into a new life on Earth enriched in spirit and fertilized in his soul If the reader embarks on this journey the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ By many quotations from Rudolf Steiner s lectures and books the author virtually lets Steiners himself elucidate the breathtaking depths of his mysterious weekly verses **The Burning Bush** Edward Reaugh Smith, 1997 Even more significant for Christianity in the long run than the twentieth century Dead Sea and Nag Hammadi discoveries is the growing North American awareness of Rudolf Steiner s works Virtually unavailable until the end of the twentieth century English translations from the German archives are gradually coming into print Both Steiner and his works have thus far been virtually unknown in traditional theological circles No Bible commentary has yet reflected the remarkable spiritual insights of Anthroposophy Now ten years after first encountering a written comment about Rudolf Steiner Ed Smith combines his own extensive traditional biblical knowledge with his years of concentrated study and reflection on hundreds of assembled works by Steiner The result is the first Bible commentary in the light of anthroposophic insight This is the first volume of a series of Bible commentary by the author It is based on the anthroposophic understanding given to humanity by Rudolf Steiner during

the first quarter of the twentieth century Bible commentaries have always reflected the general line of thinking of their authors. However, the dramatic newness of anthroposophic thought means that perhaps the usual method of using a Bible commentary is not appropriate here. A large part of *The Burning Bush* is necessarily devoted to laying an anthroposophic or spiritual scientific groundwork. A major assumption indulged in most Bible commentaries that one can go directly to portions dealing with given passages of scripture and understand what is being said about them does not fit.

Occult Significance of Forgiveness Sergei O. Prokof'ieff, 2004-11-04 A survey of recent history reveals the gloomy picture of an ongoing series of conflicts, wars, and general turmoil. Consequently, the human emotional landscape is littered today with angry, bitter, and vengeful thoughts, emotions, and actions. Even our modern justice systems are preoccupied only with finding and proving guilt and dealing out retribution, doing little to remedy the tragic situation. Nevertheless, many individuals and groups have always sought ways to break this vicious cycle of recrimination. When faced with the question of what we can do to change the world for the better, one of the most radical and challenging answers is to begin forgiving others for what they have done. In this powerful and moving book, Prokof'ieff shows how the forces that lead to forgiveness can be developed consciously and freely. Without preaching the morality of forgiveness, he presents spiritual facts that speak for themselves. From Tsarist Russia and the concentration camps of Nazi Germany to the infighting during the early years of the Anthroposophical Society, the author offers striking examples of those who have been able to forgive frequently terrible crimes. He provides multilayered analyses and shows the beneficial consequences of each act of forgiveness. As he develops his theme, the importance of forgiving not simply for personal salvation but for the advancement of human evolution is revealed in all its healing truth. Now available in paperback, *The Occult Significance of Forgiveness* has been read and loved by thousands of readers for years. It is perhaps the most valuable, accessible, and succinct of Prokof'ieff's works on inner development.

Occult Science Rudolf Steiner, 2013-05-01 Given his energetic involvement in practical initiatives and extensive lecturing, Rudolf Steiner had little time to write books. Of those he did write, belonging almost entirely to the earlier years of his work, four titles form an indispensable introduction to his later teaching: *Knowledge of the Higher Worlds*, *Theosophy*, *The Philosophy of Freedom*, and *Occult Science*. The anthroposophy of Rudolf Steiner is not a theoretical system but the results of research based on direct observation. As Steiner's research was so vast and conducted over such a long period of time, no single book can be said to contain the whole of his spiritual teaching. However, of all his books, *Occult Science* comes closest. Steiner even referred to it as an epitome of anthroposophical spiritual science. The book sets out in systematic order the fundamental facts concerning the nature and constitution of the human being and in chronological order the history of the universe and man. Whereas the findings of natural science are derived from observations made through the senses, the findings of spiritual science or anthroposophy are occult inasmuch as they derive from direct observation of realities which are hidden to everyday perception. And yet these elements of humanity and the universe form the foundation of the sense world. A substantial part of

Occult Science is occupied by a description of the preliminary training which is necessary to make such spiritual observations. Although Occult Science is not all inclusive it is indispensable to any serious student seeking to master Rudolf Steiner's extraordinary philosophy.

Relating to Rudolf Steiner Sergei O. Prokofieff, 2008. Even within the Anthroposophical Society and the anthroposophic movement people's relationship to Rudolf Steiner is weakening and dissipating. This is problematic, says Prokofieff, as the future of both the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy. Prokofieff deals in detail with this issue and asks: Can one be an anthroposophist without being Rudolf Steiner's pupil? In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the spiritual Foundation Stone at the Society's Christmas Meeting that began 1923. That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed. Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone. Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow. In Prokofieff's words: The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner. **Relating to Rudolf Steiner** includes an essay on the problem of digitally publishing Steiner's most important esoteric texts and the esoteric background of the internet and electronic media in general. In response to readers' questions about how to counteract the harmful consequences of these developments Prokofieff has expanded and developed his original essay on this subject.

Europa Richard Seddon, 1995. Seddon considers Europe from the point of view of the rulerships of the various Archangels of Time from Michael's regency between the mid sixth and the third century BC up to his present rulership between 1879 and the twenty second century.

Across the Great Border Fault Kevin T. Dann, 2000. He argues that these were expressions of the early back to nature movement whose underlying biological materialism or Naturalism was integral to American popular culture of the time.

Paths of the Christian Mysteries Virginia Sease, Manfred Schmidt-Brabant, 2003. In recent decades there has been an upsurge of interest in the Camino, the pilgrim's route to Santiago de Compostela in northern Spain. But where does this fascination in the spiritual exploration of the Middle Ages come from and what is its significance? Virginia Sease and Manfred Schmidt Brabant assert that we live in a time of spiritual quest, discovery and change. Humanity is becoming increasingly sensitive and primal memories are beginning to emerge in people's consciousness. Within this dynamic context of inner transformation the Camino's historic importance is being reechoed in human souls. Rudolf Steiner explained that people need to live not only with outer history but also with the esoteric hidden narrative behind it, the history of the mysteries. Today at the beginning of the twenty first century the authors suggest that it is increasingly necessary for us to live consciously with this veiled history of humanity's continual search for communion with the divine world. Based on long research and contemplation the authors present a survey of extraordinary breadth and depth.

Focusing on the spiritual history of humankind they begin with the cosmic origin of the Grail Mysteries and culminate with the suprasensory Michael cultus and the being of Anthroposophia Topics also include the school of Athens early Christian art and its Gnostic impulses the Grail initiation in northern Spain the role of the Cathars and Troubadours in the Manichean spiritual stream the Camino to Santiago de Compostela and the esoteric aspect of music for the pilgrims the Music of the Spheres and the Elders of the Apocalypse the Templars as emissaries of the Holy Grail the initiations of Christian Rosenkreutz and his relation to anthroposophical art the early Rosicrucian impulses in America and Europe and much more

The Archetypal Human-Animal Angela Lord, 2022-04-11 Rudolf Steiner's watercolour painting *The Archetypal Human Animal* presents us with the enigmatic image of a strange creature apparently swimming in water It has a human profile showing a clearly outlined nose and slightly opened mouth with a mysterious eye almost concealed in its greenish hair It has appendages similar to hands and feet and dark blue plant like forms float about in the water beneath the creature's bright red and yellow body Only the title provides us with a clue to its meaning it is an archetypal human animal form But even this is enigmatic What is this strange unusual creature this archetypal human animal We are presented with a perplexing image and a puzzling description In this original work illustrated throughout with full colour paintings and images many by the author

herself Angela Lord takes us on a journey of discovery to realizing the meaning of Rudolf Steiner's painting From Goethe's theory of metamorphosis in nature we are introduced to Steiner's ideas of human evolution from the primal beginnings of the archetypal human animal on Ancient Moon Lord recounts myths and legends from many cultures that tell of human animal forms and reflects on the meaning of the fish in Christianity She takes us through a series of colour sequences for repainting Steiner's human animal motif and includes appendices that summarize evolutionary phases of the earth and humanity from a spiritual scientific perspective The Archetypal Human Animal is both a valuable workbook for painters and a fascinating insight into hidden aspects of human evolution

The Temple Sleep of the Rich Young Ruler Edward Reaugh Smith, 2011-11 Who wrote the Gospel of John The author identifies himself only as the disciple whom Jesus loved and Christian tradition tells us that this disciple was the apostle John However during the past century scholars have increasingly come to doubt that attribution In 1902 Rudolf Steiner wrote that the author of the Gospel of John was in fact Lazarus Steiner's position stemmed from his insight that Lazarus's encounter with death involved far more than people realized an initiation into higher spiritual realities that uniquely qualified him to write this gospel Edward Smith takes up this argument and shows that subsequent research has tended to favor Lazarus for reasons grounded in John's Gospel itself More important Smith shows that subsequent discoveries at Nag Hammadi and Mar Saba corroborate Steiner's reasoning about the nature of the raising of Lazarus pointing to Lazarus as the rich young ruler of Mark's Gospel
