The Kentucky Hardcover By Clark Thomas Dionysius:

The Greening of the South Thomas D. Clark, 2021-12-14 In the early 1920s in many a sawmill town across the South the last quitting time whistle signaled the cutting of the last log of a company's timber holdings and the end of an era in southern lumbering. It marked the end as well of the great primeval forest that covered most of the South when Europeans first invaded it. Much of the first forest despite the labors of pioneer loggers remained intact after the Civil War. But after the restrictions of the Southern Homestead Act were removed in 1876 lumbermen and speculators rushed in to acquire millions of acres of virgin woodland for minimal outlays. The frantic harvest of the South's first forest began; it was not to end until thousands of square miles lay denuded and desolate, their fragile soils like those of the abandoned cotton lands exposed to rapid destruction by the elements. With the end of the sawmill era and the collapse of the southern farm economy the emigration routes from the South to the industrial cities of the North and Midwest were thronged with people forced from the land. Yet in the first quarter of this century even as the destruction of forest and land continued a day of renewal was dawning. The rise of the conservation movement, the beginnings of the national forests, the development of scientific forestry and establishment of forest schools, the advance of chemical research into the use of wood pulp, all converged even as the 1930s brought to the South the sweeping reclamation programs of the Civilian Conservation Corps and the Tennessee Valley Authority. In their wake came a new generation of wood-using industries concerned not so much with the immediate exploitation of timber as with the maintenance of a renewable resource. In *The Greening of the South* this dramatic story is told by one of the participants in the renewal of the forest, Thomas D. Clark, author of many books about southern history and also an active timber producer on lands in both Kentucky and South Carolina.

My Century in History Thomas D. Clark, 2006-08-04 When Thomas D. Clark was hired to teach history at the University of Kentucky in 1931 he began a career that would span nearly three quarters of a century and would profoundly change not only the history department and the university but the entire Commonwealth. His still definitive *History of Kentucky* 1937 was one of more than thirty books he would write or edit that dealt with Kentucky, the South, and the American frontier. In addition to his wide scholarly contributions Clark devoted his life to the preservation of Kentucky's historical records. He began this crusade by collecting vast stores of Kentucky's military records from the War of 1812, the Mexican War, and the Civil War. His efforts resulted in the Commonwealth's first archival system and the subsequent creation of the Kentucky Library and Archives, the University of Kentucky Special Collections and Archives, the Kentucky Oral History Commission, the Kentucky History Center recently named for him, and the University Press of Kentucky. Born in 1903 on a cotton farm in Louisville, Mississippi, Thomas Dionysius Clark would follow a long and winding path to find his life's passion in the study of history. He dropped out of school after seventh grade to work first at a sawmill and then on a canal dredgeboat before resuming his formal education. Clark's earliest memories, hearing about local lynch mob violence and witnessing the destruction of virgin forest, are an

invaluable window into the national issues of racial injustice and environmental depredation In many ways the story of Dr Clark s life is the story of America in the twentieth century In *My Century in History* Clark offers vivid memories of his journey both personal and academic a journey that took him from Mississippi to Kentucky and North Carolina to leadership of the nation s major historical organizations and to visiting professorships in Austria England Greece and India as well as in universities throughout the United States An enormously popular public lecturer and teacher he touched thousands of lives in Kentucky and around the world With his characteristic wit and insight Clark now offers his many admirers one final volume of history his own The National union catalog, 1968-1972 ,1973 The National Union Catalogs, 1963- ,1964
