Mason, Gretchen always knew her trusty infinity pouch held a world full of secrets but she didn't imagine she was carrying around a relic that could bring down a kingdom Or that it would land her into a boiling pot where she ends up a fugitive from the witches and wizards alike But standing accused of a shocking crime she didn't commit this witch refuses to give in An old friend in a dank sanctuary is all she has up her sleeve and with a bit of ingenuity and kindness she hatches a plan to be rid of the relic and clear her name The kingdom depends on her even if the monarchy doesn't know it And what does she have to lose Only her livelihood freedom and a friend from the other side of the aisle **The Kingmaker's Women** Julia A. Hickey, 2023-10-12 The story of the Earl of Warwick's wife Anne Beauchamp and their daughters Isabel and Anne Neville They were supposed to be pious fruitful and submissive The wealthiest women in the kingdom Anne Beauchamp and her daughters were at the heart of bitter inheritance disputes Well educated and extravagant they lived in style and splendour but were forced to navigate their lives around the unpredictable clashes of the Cousins War Were they pawns or did they exert an influence of their own The twists and turns of Fate as well as the dynastic ambitions of Richard Neville Earl of Warwick saw Isabel married without royal permission to the Yorkist heir presumptive George Duke of Clarence Anne Neville was married to Edward of Lancaster the only son of King Henry VI when her father turned his coat One or the other was destined to become queen Even so the Countess of Warwick heiress to one of the richest titles in England could not avoid being declared legally dead so that her sons in law could take control of her titles and estates Tragic Isabel beloved by her husband would experience the dangers of childbirth and on her death her midwife was accused of witchcraft and murder Her children both faced a traitor's death because of their Plantagenet blood Anne Neville became the wife of Richard Duke of Gloucester having survived a forced march widowhood and the ambitions of Isabel's husband When Gloucester took the throne as Richard III she would become Shakespeare's tragic queen The women

behind the myth suffered misfortune and loss but fulfilled their domestic duties in the brutal world they inhabited and fought by the means available to them for what they believed to be rightfully their own The lives of Countess Anne and her daughters have much to say about marriage childbirth and survival of aristocratic women in the fifteenth century
