The Castrato and His Wife Helen Berry, 2011-09-22 The opera singer Giusto Ferdinando Tenducci was one of the most famous celebrities of the eighteenth century In collaboration with the English composer Thomas Arne he popularized Italian opera translating it for English audiences and making it accessible with his own compositions which he performed in London s pleasure gardens Mozart and J C Bach both composed for him He was a rock star of his day with a massive female following He was also a castrato Women flocked to his concerts and found him irresistible His singing pupil Dorothea Maunsell a teenage girl from a genteel Irish family eloped with him There was a huge scandal her father persecuted them mercilessly Tenducci s wife joined him at his concerts achieving a status as a performer she could never have dreamed of as a respectable girl She also wrote a sensational account of their love affair an early example of a teenage novel Embroiled in debt the Tenduccis fled to Italy and the marriage collapsed when she fell in love with another man There followed a highly publicized and unique marriage annulment case in the London courts Everything hinged on the status of the marriage whether the husband was capable of consummation and what exactly had happened to him as a small boy in a remote Italian hill village decades before Ranging from the salons of princes and the grand opera houses of Europe to the remote hill towns of Tuscany the unconventional love story of the castrato and his wife affords a fascinating insight into the world of opera and the history of sex and marriage in Georgian Britain while also exploring questions about the meaning of marriage that continue to resonate in our own time **Epic Performances from the Middle Ages into the Twenty-First Century**

Fiona Macintosh, Justine McConnell, Stephen Harrison, Claire Kenward, 2018-10-26 Greek and Roman epic poetry has always provided creative artists in the modern world with a rich storehouse of themes Tim Supple and Simon Reade s 1999 stage adaptation of Ted Hughes Tales from Ovid for the RSC heralded a new lease of life for receptions of the genre and it now routinely provides raw material for the performance repertoire of both major cultural institutions and emergent experimental theatre companies This volume represents the first systematic attempt to chart the afterlife of epic in modern performance traditions with chapters covering not only a significant chronological span but also ranging widely across both place and genre analysing lyric film dance and opera from Europe to Asia and the Americas What emerges most clearly is how anxieties about the ability to write epic in the early modern world together with the ancient precedent of Greek tragedy s reworking of epic material explain its migration to the theatre This move though was not without problems as epic encountered the barriers imposed by neo classicists who sought to restrict serious theatre to a narrowly defined reality that precluded its broad sweeps across time and place In many instances in recent years the fact that the Homeric epics were composed orally

has rendered reinvention not only legitimate but also deeply appropriate opening up a range of forms and traditions within which epic themes and structures may be explored Drawing on the expertise of specialists from the fields of classical studies English and comparative literature modern languages music dance and theatre and performance studies as well as from practitioners within the creative industries the volume is able to offer an unprecedented modern and dynamic study of epic content and form across myriad diverse performance arenas *Harvard Library Bulletin* Harvard University.
