

# The Lady Delia Peel Born Spencer 18891981

**Graham Viney**

## **The Lady Delia Peel Born Spencer 18891981:**

A Memoir of the Lady Delia Peel Priscilla Napier, 1984      **The Last Hurrah** Graham Viney, 2019-04-18 Young Elizabeth captures in vivid detail perhaps the single most important formative experience in Queen Elizabeth's life the 1947 royal tour of southern Africa with her parents King George VI Queen Elizabeth and Princess Margaret during which she celebrated her twenty first birthday The year of the royal tour of southern Africa 1947 marked both the high water mark of the British Empire and the very moment at which it began to unravel Graham Viney has written an intimate revealing portrait of the young princess on tour with her parents and sister Princess Margaret hard at work in the national interest and succeeding triumphantly against all odds In the words of Rian Malan South African author of *My Traitor's Heart* it is a story about a country teetering on the brink of convulsive change and yet almost united at least for a moment by love for a king and queen who weren't really ours The year 1947 was a pivotal moment not just in the history of the Union of South Africa but of the British Empire itself Later that same year India gained independence and just one year later the Afrikaner Nationalist victory in South Africa would lead inexorably to the Republic of South Africa in 1961 and its departure from the Commonwealth The present Queen Elizabeth must have learned a great deal about statecraft from her father and about duty tact and hard work from both her parents in the course of this three month tour during which the then princess celebrated her twenty first birthday It was also the family's first real experience of multiculturalism Graham Viney's book gives us an intimate and revealing portrait of the royal family while also superbly capturing a moment in the life of a fractious recently formed nation before its descent into over four decades of darkness The royal family travelled ceaselessly from February to April on a specially commissioned white and gold train meeting thousands of people at every stop along the way The tour was a show of imperial solidarity and a recognition of South Africa's contribution to the Allied cause during the Second World War specifically that of South African prime minister Jan Smuts who had served in both British war cabinets Young Elizabeth draws skilfully on many diverse sources not least the Royal Archive at Windsor and includes many photographs of the royal family not previously published such as stills from film footage held by the South African National Film Video and Sound Archives in Pretoria      British Royal Visits and Black Loyalism in Twentieth-century Southern Africa Hilary Sapire, 2024-10-31 Exploring the entwined histories of British royal visits to Southern Africa in the twentieth century this book analyses the clashing voices of dissent and cheering crowds that accompanied royal tours providing insight into the shifting nature of Black loyalism Originating in the Indigenous empire loyalism of eighteenth century Canada Black loyalism encompassed loyalty to the British crown and a shared ideology of rights and entitlements which positioned the crown as a source of protection against white settler rapacity colonial violence and racial oppression However expressions of monarchical devotion were often double edged and addressed the fundamental contradiction of a crown that was both the source of rights and complicit in colonial conquest appropriation and misrule It was on royal occasions such as jubilees

coronation celebrations and especially royal visits when the sovereign was literally amongst their more distant subjects that loyalist sentiment was rekindled reinvented and made directly relevant to the concerns of the day By analysing change and continuity in Black perspectives towards both the British and Indigenous African monarchy during these visits this book offers a fruitful way into examining an array of Black Southern African discourses on governance political values and cultural identities across the region It argues that the refashioning of British imperial monarchy in the twentieth century was profoundly shaped by African initiatives and re imaginings and provides valuable reading for those researching imperialism popular attitudes to the British monarchy in the twentieth century and the diverse politics and identities of southern Africa

**Spencer House** Joseph Friedman, Joe Friedman, 1993 Spencer House is one of the great architectural landmarks of London Built in the eighteenth century by John 1st Earl Spencer an ancestor of the Princess of Wales it was immediately recognized as a building of major importance and is today the most complete surviving example of its kind the great London mansions of the nobility and gentry having largely been demolished Under the direction of its current occupants the J Rothschild group of companies the house has recently been the object of one of the most ambitious restoration projects to be undertaken this century and the state rooms are now open to the public In this first in depth study Joseph Friedman highlights the unique importance of the building and argues that the great London mansion was no less significant than the country house in shaping the architectural social and political history of England He documents the history of Spencer House from its construction to the present day and examines the revolutionary work of its architects John Vardy whose designs for the exterior and ground floor mark the evolution from Palladianism towards a Neo Classicism inspired by the architecture of ancient Rome and James Athenian Stuart who pioneered the use of Greek architectural ornament in the decoration of the first floor rooms At a deeper level the author argues that Spencer House has much to teach us about the all embracing role of the architect in the eighteenth century and the importance of symbolism metaphor and allegory By tracing the sources of the building s design he sheds new light on the philosophy and methodology of eighteenth century English architecture and attitudes towards the art and architecture of the past The successive owners of the house are chronicled beginning with a history of the Spencer family in particular John 1st Earl Spencer and culminating in a discussion of the conditions which led to the letting of the house and the eventual sale of the lease to the J Rothschild group The survey concludes with a detailed account of the restoration and the ingenious ideas which guaranteed its success The book is illustrated throughout with sumptuous interiors architectural drawings and details portraits and maps BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The British National Bibliography** Arthur James Wells, 1979
