prone to the occasional lapse in normal behaviour but it usually passes in a moment or two It also leads to intense remorse that the thought ever occurred Not in this case though The thought of digging a grave right here and now and luring Rachel here throwing her into the newly dug hole and covering it with earth She would scream for a while but there would be nobody to hear her I would keep filling the hole with earth and then the screaming would stop She would be gone forever I would report her missing and she would never be found I would be looked at with sympathy and my career would skyrocket because of it I would be the hero who came back from the brink to relaunch a successful acting career I would marry a supermodel but not before a string of torrid but highly sexually charged relationships had taken place I had a peculiar sensation of d j vu as if this wasn't exactly a new thought or indeed a new experience for me I did
