Introduction

Benchmarks are important tools for tracking the rapid advancements in large language model (LLM) capabilities. However, benchmarks are not keeping pace in difficulty: LLMs now achieve over 90% accuracy on popular benchmarks like MMLU, limiting informed measurement of state-of-the-art LLM capabilities. In response, we introduce Humanity's Last Exam, a multi-modal benchmark at the frontier of human knowledge, designed to be the final closed-ended academic benchmark of its kind with broad subject coverage. The dataset consists of 3,000 challenging questions across over a **hundred** subjects. We publicly release these questions, while maintaining a private test set of held out questions to assess model overfitting.

The Last Story Gaurav Maheshwari, 2024-12-19 The Last Story is a poignant tapestry of life's trials triumphs and the fragile beauty of human connections At its heart is Garv Maheshwari a boy

whose fiery temperament and fierce loyalty mask a deeply sensitive soul The narrative meanders through his chaotic yet heartwarming world where friendships are forged on cricket grounds rivalries ignite in classrooms and unspoken emotions bloom quietly amidst life s noise Garv s relationship with Anshika Saxena an ambitious and stoic classmate becomes the cornerstone of the story Their journey from adversaries to companions is painted with subtlety an interplay of care misunderstanding and mutual growth Anshika challenges Garv s brashness grounding him while he adds spontaneity and warmth to her meticulous world This story is more than youthful escapades it is an exploration of self discovery the weight of unspoken guilt and the delicate balance between vulnerability and strength The Last Story is both a celebration of youthful imperfection and a profound reflection on the bittersweet inevitability of change **The Last Cloud Of Hope** Shwetha Parth,
