Tsimshian narratives: volume 1 Marius Barbeau, William Beynon, 1987-01-01 These oral histories collected by Marius Barbeau and William Beynon from the Pacific Northwest reflect the Tsimshian relationship with the environment their understanding of the spiritual universe and their interpretation of the physical world Published in English *A Commentary on Ovid's Metamorphoses: Volume 1, General Introduction and Books 1-6* Alessandro Barchiesi, Gianpiero Rosati, 2024-02-01 Comprising fifteen books and over two hundred and fifty myths Ovid's Metamorphoses is one of the longest extant Latin poems from the ancient world and one of the most influential works in Western culture It is an epic on desire and transgression that became a gateway to the entire world of pagan mythology and visual imagination This the first complete commentary in English covers all aspects of the text from textual interpretation to poetics imagination and ideology and will be useful as a teaching aid and an orientation for those who are interested in the text and its reception Historically the poem's audience includes readers interested in opera and ballet psychology and sexuality myth and painting feminism and posthumanism vegetarianism and metempsychosis to name just a few outside the area of Classical Studies **Volume 1 of the Collected Works of Marie-Louise von Franz** Marie-Louise von Franz, 2021-09-20 This newly translated volume of the Collected Works of Marie Louise von Franz one of the most renowned authorities on fairytales presents a systematic and wide ranging approach Von Franz amplifies a variety of fairytale motifs to show that the magical realm is alien to the profane and mundane realm of ordinary daily life She was one of Analytical Psychology's most original thinkers and here she presents a lucid concise exploration of the archetypal symbols found in fairytales Fairytales like myths provide a cultural and societal backdrop that helps the human imagination narrate the meaning of life's events The remarkable similarities in fairytale motifs across different lands and cultures inspired many scholars to search for the original homeland of fairytales While peregrinations of fairytale motifs occur the common root of fairytales is more archetypal than geographic A striking feature of fairytales is that a sense of space time and causality is absent This situates them in a magical realm a land of the soul where the most interesting things happen in the center of places like Heaven mountains lakes and wells At the age of eighteen Marie Louise von Franz was invited to meet Carl Gustav Jung at Bollingen Tower She immediately recognized that there exist two levels of reality one outer and the other inner Within months she had enrolled at the University of Zurich and began attending Jung's lectures at the ETH Eidgenössische Technische Hochschule or the Swiss Federal Institute of Technology Less than a decade after meeting Jung von Franz had completed her doctorate in classical philology and begun seeing her first analysands She was a prolific writer a dedicated teacher and lecturer and was possessed of a far reaching and often non discriminating Eros that accepted everyone seeking help Alfred Ribi MD in Fountain of the Love of Wisdom Chiron 2006
