Six Centuries Of Fine Prints:

Six Centuries of Fine Prints. The Book of Fine Prints. An Anthology of Printed Pictures and Introduction to the Study of Graphic Art in the West and the East. (Revised Edition.). Carl Zigrosser,1948 *Harold Innis's History of Communications* William J. Buxton,Michael R. Cheney,Paul Heyer,2014-12-18 For decades media historians have heard of Harold Innis s unpublished manuscript exploring the history of communications but very few have had an opportunity to see it In this volume editors and Innis scholars William J Buxton Michael R Cheney and Paul Heyer make widely accessible for the first time three core chapters from the legendary Innis manuscript Here Innis 1894 1952 examines the development of paper and printing from antiquity in Asia through to 16th century Europe He demonstrates how the paper printing nexus intersected with a broad range of other phenomena including administrative structures geopolitics militarism public opinion aesthetics cultural diffusion religion education reception production processes technology labor relations and commerce as well as the lives of visionary figures Buxton Cheney and Heyer knit the chapters into a cohesive narrative and help readers navigate Innis s observations by summarizing the heavily detailed factual material that peppered the unpublished manuscript They provide further context for Innis s arguments by adding annotations references and pertinent citations to his other writings The end result is both a testament to Innis s status as a canonical figure in the study of communication and a surprisingly relevant contribution to how we might think about the current sea change in all aspects of social cultural political and economic life stemming from the global shift to digital communication [Six Centuries of Fine Prints](#) Orr's Gallery,1963* [Fine prints from six centuries](#) ,2003 **Catalog of Copyright Entries.
