(incorporating "The Occult Review"), 1922 **Art as Spiritual Activity** Rudolf Steiner, 1997 This book introduces a new way for thinking about creating and viewing art Rudolf Steiner saw his task as the renewal of the lost unity of science the arts and religion thus he created a new cognitive scientific and religious art in anthroposophy The implications of his act recognized by such diverse artists as Wassily Kandinsky and Joseph Beuys are only now coming fully to light In his thorough introduction of more than a hundred pages Michael Howard takes readers through these thought provoking chapters Is Art Dead To Muse or Amuse Artistic Activity As Spiritual Activity The Representative of Humanity Beauty Creativity and Metamorphosis New Directions in Art Lectures include The Aesthetics of Goethe s Worldview The Spiritual Being of Art Buildings Will Speak The Sense Organs and Aesthetic Experience The Two Sources of Art The Building at Dornach The

Art and Soul: Rudolf Steiner, Interdisciplinary Art and Education Victoria de Rijke, 2019-10-11 This book brings together Steiner's philosophical biodynamic and cultural contributions to education where spirit and soul are the creative elements in human evolution His thought is applied to selected examples of innovative artistic practice and pedagogy of the present This volume is intended for researchers in the arts and education with an interest in Rudolf Steiner's huge influence on educational thought and policy This is an urgent point in time to reflect on the role of arts in education and what it might mean for our souls An accessible yet scholarly study of interdisciplinarity imagination and creativity is of critical widespread interest now when arts education in many countries is threatened with near extinction **'The Riddle of the Sophia' and**

Other Essays John O'Meara, 2020-11-02 The following collection of essays could have had as a subtitle Towards a New Sophiology Apart from the final essay Valentin Tomberg and Dostoevski all the other essays appeared in this same order as articles in the Starlight Journal of the Sophia Foundation of North America over the years 2014-2019 The production of these articles took place during the period that immediately followed the publication of O'Meara's book *The Way of Novalis* and should be seen as an outgrowth from the Sophianic direction of that book In these essays slightly expanded from the articles O'Meara elaborates on the Sophianic mission of the Foundation with reference to the main Master Individualities to whom the Foundation has linked itself notably Rudolf Steiner Valentin Tomberg Novalis Friedrich von Hardenberg as well as the Master Peter Deunov However other well known individuals are also considered in some depth including Vladimir Solovyov Pavel Florensky Sergius Bulgakov Fyodor Dostoevski Carl Jung as well as some of the Master artists of the Renaissance most notably Michelangelo and da Vinci Estelle Isaacson and Ita Wegman also assume a significant role in this collection **The Spiritual Origins of Eastern Europe** Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta-historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will

humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research
