PETER KIVISTO

Social Theory Revisited

Øyvind Ihlen, Magnus Fredriksson

Social Theory Revisited:

Illuminating Social Life Peter Kivisto, 2011 Illuminating Social Life has enjoyed increasing popularity with each edition. It is the only book designed for undergraduate teaching that shows today's students how classical and contemporary social theories can be used to shed new light on such topics as the internet, the world of work, fast food restaurants, shopping malls, alcohol use, body building, sales and service, and new religious movements. A perfect complement for the sociological theory course, it offers 13 original essays by leading scholars in the field who are also experienced undergraduate theory teachers. Substantial introductions by the editor link the applied essays to a complete review of the classical and modern social theories used in the book. *Social Theory Revisited* Clinton J. Jesser, 1975 Revisiting Social Theory D.V. Kumar, 2024-04-08 This book revisits social theory with a view to highlighting certain essential features of good social theory: its ability to raise certain questions, its explanatory power, its critical and reflexive interrogation of concepts, its search for objectivity, its concern to make sense of empirical data, and its aim of projecting some degree of generality and abstraction. With particular attention to issues of nationalism, democracy, civil society, state, feminism, neoliberalism, minority rights, environment, and North East Indian society, it considers whether new and more relevant theoretical questions need to be asked. It will therefore appeal to scholars of social theory and political sociology with interests in new approaches to social theory and the development of local or indigenous social thought. Welcome to Social Theory Tom Brock, 2023-03-08 Welcome to Social Theory is exactly what students want: a lucid and engaging introduction to social theory that carefully uses images, examples, and quotations to illustrate new ways of examining contemporary social life. Tom Brock's comprehensive and accessible style produces an indispensable guide to social theory that examines the major theoretical traditions from Marxism through to poststructuralism and from feminism through to postcolonial theory, new materialism, and posthumanism. Welcome to Social Theory gives careful appraisal of classical ideas and debates in social theory and traces their impact through discussion of major contemporary theorists including Michel Foucault, Pierre Bourdieu, Anthony Giddens, Margaret Archer, Judith Butler, bell hooks, Kimberl Crenshaw, Edward Said, Homi Bhabha, Gayatri Spivak, Bruno Latour, Gilles Deleuze, and Rosi Braidotti. Social theory matters, and this book shows why through relevant and compelling examples including the gig economy, everyday sexism, digital black feminism, animal and environmental activism, stigma, and discrimination against migrants. The need to decolonise the sociology curriculum and many more. Welcome to Social Theory is an indispensable text for undergraduate students who are new to social theory. Dr Tom Brock is a Senior Lecturer of Sociology at Manchester Metropolitan University. Sociological Theory Bert N. Adams, R. A. Sydnie, 2001-01-30 This concise text covers both classical and contemporary social thought. It traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory. The treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life. **The Social Theory of W.E.B. Du Bois** Phil

Zuckerman,2004-02-20 Karl Marx Max Weber and Emile Durkheim are widely recognized as the trinity of sociological theory While these three sociologists were trailblazing social theorists who enhanced the study of human behavior and its relationship to social institutions other more contemporary scholars were just as innovative one of those scholars being W E B Du Bois W E B Du Bois was a political and literary giant of the 20th century publishing over twenty books and thousand of essays and articles throughout his life In The Social Theory of W E B Du Bois editor Phil Zuckerman assembles Du Bois s work from a wide variety of sources including articles Du Bois published in newspapers speeches he delivered selections from well known classics such as The Souls of Black Folk and Darkwater and lesser known hard to find material written by this revolutionary social theorist W E B Du Bois is arguably one of the most imaginative perceptive and prolific founders of the sociological discipline In addition to leading the Pan African movement and being an activist for civil rights for African Americans Du Bois was a pioneer of urban sociology an innovator of rural sociology a leader in criminology the first American sociologist of religion and most notably the first great social theorist of race The Social Theory of W E B Du Bois is the first book to examine Du Bois s writings from a sociological perspective and emphasize his theoretical contributions This volume covers topics such as the meaning of race race relations international relations economics labor politics religion crime gender and education The Social Theory of W E B Du Bois offers an excellent introduction to the sociological theory of one of the 20th century s intellectual beacons It is a dynamic text for undergraduate and graduate students studying sociological theory African American studies and race and ethnicity *Encyclopedia of Social Theory* Austin Harrington,Barbara L. Marshall,Hans-Peter Müller,2006 The Encyclopedia of Social Theory contains over 500 entries varying from concise definitions of key terms and short biographies of key theorists to comprehensive surveys of leading concepts debates themes and schools The object of the Encyclopedia has been to give thorough coverage of the central topics in theoretical sociology as well as terms and concepts in the methodology and philosophy of social science Although 106 theorists are given entries the emphasis of the work is on the elucidation of ideas rather than intellectual biography The Encyclopedia covers the leading contemporary domains of debate on social theory and the classical legacies of social thinkers from the nineteenth and early twentieth centuries giving proper balance to both the European and North American traditions and to important new developments in the global self understanding of sociology Social theory has become one of the most vigorous specialisms of sociology in recent years This is in part due to the considerable overlaps of social theory with other disciplinary areas such as cultural and media studies anthropology and political theory and to the cross disciplinary nature of theoretical approaches such as feminism and psychoanalysis and new fields such as postcolonial studies The editors have therefore worked to produce in the Encyclopedia of Social Theory a first call reference for students and researchers across the social sciences and humanities with an interest in contemporary theory and the modern history of ideas The Encyclopedia has been authored by leading international specialists in the field under the direction of a well balanced editorial team It is comprehensively

cross referenced and all larger entries carry bibliographies There is a full index *Sociological Theory in the Contemporary Era* Scott Appelrouth, Laura Desfor Edles, 2010-11-29 Uses a proven text reader hybrid format to introduce contemporary theorists their original works and a theoretical framework for understanding them Praise for Sociological Theory in the Contemporary Era Current users of most other theory texts should take notice of Sociological Theory in the Contemporary Era as it rivals existing volumes with its accessibility and its selections Dustin Kidd Temple University TEACHING SOCIOLOGY Vol 36 2008 April 161 184 Sociological Theory in the Contemporary Era Second Edition combines well edited important original writings from sociology's core contemporary theorists with introductory text that provides a historical and theoretical framework for understanding them Authors Scott Appelrouth and Laura Desfor Edles use this unique text reader approach to introduce students to contemporary sociological theory in a lively and engaging fashion The text reader provides not only a biographical and theoretical summary of each theorist's works but also an overarching scaffolding that students can use to examine compare and contrast each theorist's major themes and concepts The book also offers discussions of past social and intellectual milieus to provide a holistic picture of the development of the theories discussed Contributor to the SAGE Teaching Innovations and Professional Development Award [An Invitation to Social Theory](#) David Inglis, 2024-11-05 Social theory is a crucial resource for the social sciences It provides rich insights into how human beings think and act and how contemporary social life is constructed But often the key ideas of social theorists are expressed in highly technical and difficult language that can hide more than it reveals The new edition of this popular book continues to cut to the core of what social theory is about Wide ranging in scope and coverage it is concise in presentation and free from jargon Covering key themes and schools of thought from the classical thinkers up to the present the third edition features a new chapter dedicated to post colonial sociological theory With updated literature and examples throughout the book also includes refreshed pedagogical features to connect theory to readers own life experiences Showing why social theory matters and why it is of far reaching social and political importance the book is ideal for readers seeking a clear crisp mapping of a complex but very rewarding area **Public Relations and Social Theory** Øyvind Ihlen, Magnus Fredriksson, 2009-03-30 Public Relations and Social Theory broadens the theoretical scope of public relations through its application of the works of prominent social theorists to the study of public relations The volume focuses on the work of key social theorists including Jürgen Habermas Niklas Luhmann Michel Foucault Ulrich Beck Pierre Bourdieu Anthony Giddens Robert Putnam Erving Goffman Peter L Berger Gayatri Chakravorty Spivak Bruno Latour Leon Mayhew Dorothy Smith and Max Weber Unique in its approach the collection demonstrates how the theories of these scholars come to bear on the understanding of public relations as a social activity Understanding public relations in its societal context entails a focus on such concepts as trust legitimacy understanding and reflection as well as on issues of power behavior and language Each chapter is devoted to an individual theorist providing an overview of that theorist's key concepts and contributions and exploring how these concepts

can be applied to public relations as a practice Each chapter also includes a box giving a short and concise presentation of the theorist along with recommendation of key works and secondary literature Overall this volume will enhance understanding of theories and their applications in public relations expanding the breadth and depth of the theoretic foundations of public relations It will be of great interest to scholars and graduate students in public relations and strategic communication

The Struggle for Development and Democracy: A General Theory Alessandro Olsaretti, 2023-03-13 In *The Struggle for Development and Democracy* Alessandro Olsaretti argues that we need significantly new theories of development and democracy to answer the problem posed by neoliberalism and the populist backlash namely uneven development and divisive politics heightened by the 9 11 attacks This volume proposes a general theory of development and democracy as part of a unified theory of power emphasizing that development needs markets civil society and the state and also the proper networks and interactions amongst markets civil society and the state Imperialism undermines these interactions and turns countries into providers of cheap land or labour This book begins to sketch the mechanisms at work and to answer one question how did imperialist elites build their power All royalties from sales of this volume will go to GiveWell org in honour of Alessandro Olsaretti s memory

Contemporary Sociological Theory Bert N Adams, R A Sydnie, 2002-01-16 The strengths of this text are the breadth of theories covered the integration of gender related topics family work religion the use of substantial quotes from primary texts the consistent inclusion of methodological issues I have no doubt that it will find a solid position in the field of theory texts Kathleen Slobin North Dakota State University A concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed Unlike other books of the type *Contemporary Sociological Theory* focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life

Modern Sociological Theory George Ritzer, Jeffrey Stepnisky, 2017-01-23 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop Now with SAGE Publishing and co authored by one of the foremost authorities on sociological theory the Eighth Edition of *Modern Sociological Theory* by George Ritzer and Jeffrey Stepnisky provides a comprehensive overview of the major theorists and theoretical schools from the Structural Functionalism of early 20th century through the cutting edge theories of the late 20th and early 21st centuries The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of contemporary thinkers

Encyclopedia of Social Theory George Ritzer, 2004-08-11 Click Additional Materials for downloadable samples The *Encyclopedia of Social Theory* is an indispensable reference source for anyone interested in the roots of contemporary social theory It examines the global landscape of all the key theories and the theorists behind them presenting them in the context needed to understand their strengths and weaknesses Theories covered include Critical Theory Enlightenment

Ethnomethodology Exchange Theory Feminism Marxist Theory Multiculturalism Phenomenology Postmodernism Rational Choice Structural Fundamentalism Led by internationally renowned scholar George Ritzer the Encyclopedia of Social Theory draws together a team of more than 200 international scholars covering the developments achievements and prospects of social theory from its inception in the 18th century to the present Understanding that social theory can both explain and alter the social world this two volume set serves as not only a foundation for learning but also an inspiration for creative and reflexive engagement with the rich range of ideas it contains Key Themes American Social Theory British Social Theory Comparative and Historical Theory Cultural Theory Economic Sociology Feminist Theory French Social Theory German Social Theory Macrosociological Theories Marxist and Neo Marxist Approaches Method and Metatheory Network and Exchange Theories Other Multiple National Traditions Politics and Government Postmodern Theory Psychoanalytic Theory Schools and Theoretical Approaches Symbolic Interaction and Microsociology Theorists Topics and Concepts in Social Theory Key Features More than 300 entries from fourteen countries Master Bibliography Reader s Guide Extensive biographical coverage of major theorists Extensive cross referencing

Social Theory Now Claudio E. Benzecry, Monika Krause, Isaac Ariail Reed, 2017-08-14 The landscape of social theory has changed significantly over the three decades since the publication of Anthony Giddens and Jonathan Turner s seminal Social Theory Today Sociologists in the twenty first century desperately need a new agenda centered around central questions of social theory In Social Theory Now Claudio E Benzecry Monika Krause and Isaac Ariail Reed set a new course for sociologists bringing together contributions from the most distinctive sociological traditions in an ambitious survey of where social theory is today and where it might be going The book provides a strategic window onto social theory based on current research examining trends in classical traditions and the cutting edge of more recent approaches From distinctive theoretical positions contributors address questions about how social order is accomplished the role of materiality practice and meaning as well as the conditions for the knowledge of the social world The theoretical traditions presented include cultural sociology microsociologies world system theory and post colonial theory gender and feminism actor network and network theory systems theory field theory rational choice poststructuralism pragmatism and the sociology of conventions Each chapter introduces a tradition and presents an agenda for further theoretical development Social Theory Now is an essential tool for sociologists It will be central to the discussion and teaching of contemporary social theory for years to come

Information Systems Theory Yogesh K. Dwivedi, Michael R. Wade, Scott L. Schneberger, 2011-09-21 The overall mission of this book is to provide a comprehensive understanding and coverage of the various theories and models used in IS research Specifically it aims to focus on the following key objectives To describe the various theories and models applicable to studying IS IT management issues To outline and describe for each of the various theories and models independent and dependent constructs reference discipline originating area originating author s seminal articles level of analysis i e firm individual industry and links with other theories To provide a critical review

meta analysis of IS IT management articles that have used a particular theory model To discuss how a theory can be used to better understand how information systems can be effectively deployed in today s digital world This book contributes to our understanding of a number of theories and models The theoretical contribution of this book is that it analyzes and synthesizes the relevant literature in order to enhance knowledge of IS theories and models from various perspectives To cater to the information needs of a diverse spectrum of readers this book is structured into two volumes with each volume further broken down into two sections The first section of Volume 1 presents detailed descriptions of a set of theories centered around the IS lifecycle including the Success Model Technology Acceptance Model User Resistance Theories and four others The second section of Volume 1 contains strategic and economic theories including a Resource Based View Theory of Slack Resources Portfolio Theory Discrepancy Theory Models and eleven others The first section of Volume 2 concerns socio psychological theories These include Personal Construct Theory Psychological Ownership Transactive Memory Language Action Approach and nine others The second section of Volume 2 deals with methodological theories including Critical Realism Grounded Theory Narrative Inquiry Work System Method and four others Together these theories provide a rich tapestry of knowledge around the use of theory in IS research Since most of these theories are from contributing disciplines they provide a window into the world of external thought leadership

Criminological Theory J. Robert Lilly, Francis T. Cullen, Richard A. Ball, 2024-03-07 Offering a rich introduction to how scholars analyze crime *Criminological Theory* Context and Consequences moves readers beyond a commonsense knowledge of crime to a deeper understanding of the importance of theory in shaping crime control policies The Eighth Edition of this clear accessible and thoroughly revised text covers traditional and contemporary theory within a larger sociological and historical context The latest edition includes new sources that assess the empirical status of the major theories a new chapter on Black Criminology and expanded coverage of important perspectives such as the explanation of white collar crime and the relationship of immigration and crime Included with this title LMS Cartridge Import this title s instructor resources into your school s learning management system LMS and save time Don t use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site

Handbook of Cities and Networks Neal, Zachary P., Rozenblat, Céline, 2021-07-31 This Handbook of Cities and Networks provides a cutting edge overview of research on how economic social and transportation networks affect processes both in and between cities Exploring the ways in which cities connect and intertwine it offers a varied set of collaborations highlighting different theoretical historical and methodological perspectives

Sociological Theory in the Digital Age Gabe Ignatow, 2020-02-20 What is the role of sociological theory in the information age What kinds of theories are best suited to analyzing the social uses of digital technologies and for using digital technologies in new ways to study the social This book contributes to several ongoing conversations on how the social sciences can best adapt to contemporary information technologies and information societies Focusing on practical or usable

theory it surveys the challenges and opportunities of conducting social science in the information age as well as the theoretical solutions that sociologists have developed and applied over the last two decades With specific attention to three theoretical approaches in digital social research critical theory forensic theory and Bourdieusian theory the author provides an overview of the history and main tenets of each surveys its use in sociological research and evaluates its successes and limitations Taking a long term view of theoretical development in evaluating schools of thought and considering their productivity in analyzing and using contemporary digital communication technologies this book thus treats theory as a tool for empirical research and the development of theory as inseparable from research practice As such it will appeal to scholars of sociology and social theory with interests in research methods the development of theory and digital technologies *The International Encyclopedia of Communication Theory and Philosophy, 4 Volume Set* Klaus Bruhn Jensen, Robert T. Craig, Jefferson D. Pooley, Eric W. Rothenbuhler, 2016-10-31 The International Encyclopedia of Communication Theory and Philosophy is the definitive single source reference work on the subject with state of the art and in depth scholarly reflection on key issues from leading international experts It is available both online and in print A state of the art and in depth scholarly reflection on the key issues raised by communication covering the history systematics and practical potential of communication theory Articles by leading experts offer an unprecedented level of accuracy and balance Provides comprehensive clear entries which are both cross national and cross disciplinary in nature The Encyclopedia presents a truly international perspective with authors and positions representing not just Europe and North America but also Latin America and Asia Published both online and in print Part of The Wiley Blackwell ICA International Encyclopedias of Communication series published in conjunction with the International Communication Association Online version available at www.wileyicaencyclopedia.com
