effectively meet today's challenges in social work and health care. This superb selection of papers from the Fourth International Conference on Social Work in Health and Mental Health held in Quebec provides a unique perspective on social work and the development of a more compassionate world. *Social Work Health and International Development: Compassion in Social Policy and Practice* focuses on areas essential to every social worker no matter where they practice. The book explores the increased importance of compassion and solidarity among social workers, the essential need to effectively address the HIV/AIDS pandemic, strategies to more fully address aging issues, and best practices. The latest research findings and data are discussed to modify approaches and revitalize the field all to help the world become a more caring, compassionate place. Topics in *Social Work Health and International Development: Compassion in Social Policy and Practice* include social work interventions to lead needy countries from health to economic growth, the concept of solidarity as a fundamental notion in social work, the need to revisit social work's ethical foundations, cultural competence in responding to the HIV/AIDS pandemic, a comprehensive action plan to deal with HIV/AIDS, a study on grandparents caring for children of AIDS victims, multilevel interventions to promote elderly people's mental health, forming partnerships that promote the diverse voices of older people, recognizing deficiencies to increase cultural competency in staff, best practice case management approach to improve patient adherence to care, Internet-based intervention for caregivers of persons with dementia, dyadic peer support pilot intervention for parents of children with lung disease, continual education for increased professional competence, much more. *Social Work Health and International Development* is invaluable reading for social workers, health practitioners, researchers, and clinicians.

*International Social Work* Stefan Borrmann, Michael Klassen, Christian Spatscheck, 2007-04-05. The book focuses on three key issues of international social work: on international dimensions of social problems and how social work practice can deal with these challenges; on cultural issues social workers have to think of when practicing; teaching and developing social work on an international level; and finally on aspects of international approaches in social work education. The authors are practicing and teaching social work in several countries and their personal and educational background allowed them to gain a profound experience on international social work. This makes the authors not only writing about international perspectives but also from an international perspective.
