Social Work With Groups A Process Model

Joseph Anderson, Simon & Schuster

Social Work With Groups A Process Model:

Social Work with Groups Joseph Anderson, 1997 Social Work with Groups provides a highly accessible skills and theory based framework for facilitating social work practice with groups The field tested skill model of Trust Autonomy Closeness Interdependence and Separation shows students how to facilitate a group process suitable for diverse client populations and problems

Social Work with Groups Joseph Anderson, Simon & Schuster, 1996-09

Working with Older Adults: Group Process and Technique Barbara Haight, Faith Gibson, 2005-03-30 Beginning with an overview of the changing world of aging this book goes on to address practical principles and guidelines for group work

Crossing Boundaries and Developing Alliances Through Group Work Jocelyn Lindsay, Daniel Turcotte, Estelle Hopmeyer, 2023-06-14 Knock down cultural walls to build a foundation for successful social group work Crossing Boundaries and Developing Alliances Through Group Work examines how changing technological economic and social conditions require social workers to create alliances to better serve their clients The book addresses how the basic principles and techniques of group work can transcend geographical and cultural boundaries when dealing with issues such as HIV AIDS parenting adoption and sex offenses A distinguished panel of practitioners researchers and educators details the strategies used to establish cultural and linguistic border crossings that help reduce the limits social workers face Crossing Boundaries and Developing Alliances Through Group Work addresses the multicultural dimension of social work and the benefits of a junction between research and intervention including how the convergence with other fields of knowledge music drama the arts etc can contribute to a more effective intervention methodology The book examines partnerships between research teams and agencies field placements collaborations between schools and practice settings building a learning community service education the arrival of new technologies teleconferencing the Internet reasserting group work fundamentals and how mixing and matching methodologies can produce a more effective intervention strategy Topics examined in Crossing Boundaries and Developing Alliances Through Group Work include working with AIDS patients in early recovery from substance abuse integrating group work with mutual aid to treat male sex offenders using teleconferencing groups with families involved in organ donation conducting group interventions with mentally ill parents working with families dealing with failed adoptions developing a mediating group for birth parent self assessment and much more Crossing Boundaries and Developing Alliances Through Group Work is an essential tool for dealing with cross cultural conflicts It s equally valuable as a professional guide for clinicians and therapists policy developers supervisors and administrators and as a textbook or supplemental text in courses dealing with clinical international and intercultural group work advanced group work support groups and mental health services

A Mutual-Aid Model for Social Work with Groups Dominique Moyse Steinberg, 2014-02-24 Group work is a popular and widely used social work method Focusing particularly on the central role of mutual aid in effective group work this text presents the theoretical base outlines core principles and introduces the skills for translating those theories and

principles into practice A Mutual Aid Model for Social Work with Groups will help readers to catalyze the strengths of group members such that they become better problem solvers in all areas of life from the playroom to the boardroom Increased coverage of evaluation and evidence based practice speaks to the field s growing concern with monitoring process and assessing progress The book also includes worker based obstacles to mutual aid their impact and their antidotes pre group planning including new discussion on curriculum groups group building by prioritizing certain goals and norms in the new group the significance of time and place on mutual aid and the role of the group worker maintaining mutual aid during so called individual problem solving an expanded discussion of anti oppression and anti oppressive practice unlocking a group s potential to make difference and conflict useful special considerations in working with time limited open ended and very large groups Case examples are used throughout to help bridge the gap between theory and practice and exercises for class or field help learners to immediately apply conceptual material to their practice All resources required to carry out the exercises are contained in over 20 appendices at the end of the book Key points at the end of each chapter recap the major concepts presented and a roster of recommended reading for each chapter points the reader to further resources on each topic Designed to support ethical and successful practice this textbook is an essential addition to the library of any social work student or human service practitioner working with groups **Social Work with Groups** Sue Henry, Jean

East, Cathryne L. Schmitz, 2002 Social Work with Groups Mining the Gold examines a wide array of varieties of social group work practice from corrections through empowerment and international issues It explores ways to deal with youth violence following the shootings at Columbine High School issues of social exclusion empowerment practice groups in correctional settings group work practice with seniors gender diversity multicultural groups teleconferencing groups and education for social work group practice Every chapter of this timely and important volume reflects the gold to be mined in the use of groups in social work *Social Group Work with Cardiac Patients* Maurice Scott Fisher, 2012-12-06 Develop a

comprehensive understanding of cardiac disease process Cardiovascular problems are on the rise in America Care providers need to understand the overall clinical and statistical significance these life changing events have to patients and families alike Social Group Work with Cardiac Patients is a pragmatic guide that helps social workers and other psychosocial professionals develop and apply cardiac group work in a proactive and directed manner This valuable text explores social group work with patients immediately recovering from a cardiac event heart attack or failure transplants and implantable cardiac devices as well the secondary effects of such events Social Group Work with Cardiac Patients helps social work and healthcare professionals develop a comprehensive understanding of the psychosocial aspect of cardiac care In addition to examining the correlation between cardiac disease and depression and anxiety looking at the emotional aspects of heart disease and providing an overview of social work group care this unique text details the four core social groups cognitive behavioral psychoeducational skill development and interpersonal Both fundamental and state of the art this comprehensive

approach serves to enhance practice skills for immediate and constructive implementation. Important topics discussed in *Social Group Work with Cardiac Patients* also include understanding adherence to cardiac health and psychosocial variables, suggestions for using basic social groups and their development, adherence issues associated with care, stress management, management of anger among patients, holistic affects of cardiac disease on patients and families, compliance, follow up and follow through, substance abuse, human sexuality, differences between support groups and social group work, models, group leadership and co leadership skills, and many more. *Social Group Work with Cardiac Patients* is an asset as a pragmatic, relevant guide for development and actuation of both general social groups and specialty group treatment. An accessible and practical stand alone text, *Social Group Work with Cardiac Patients* is ideal for mental health and substance abuse social workers, counselors, cardiac nurse specialists, cardiac treatment staff, and students of social work.

Encyclopedia of Social Work with Groups Alex Gitterman, Robert Salmon, 2009-06-02. What do you have to know today to be an effective group worker and what are the different group work approaches? With 110 articles and entries, this book provides a comprehensive overview of social work with groups from its initial development to its astounding range of diverse practice today with many populations in different places. The articles have been written by social workers trained in the group approach from the United States, Canada, England, Australia, Spain, and Japan, and all involved are well known group workers acknowledged as experts in the area. The book covers all aspects of social work with groups, including its history, values, major models, approaches, and methods, education, research, journals, phases of development, working with specific populations and ages, plus many more. Each article includes references which can be a major resource for future exploration in the particular subject area. Both editors have many years of productive work in group work practice and other areas and are board members of The Association for the Advancement of Social Work with Groups. The *Encyclopedia of Social Work with Groups* will be of interest to students, practitioners, social work faculty, novice and experienced group workers.

Theory & Practice in Clinical Social Work Jerrold R. Brandell, 2010-02-16. Today's clinical social workers face a spectrum of social issues and problems of a scope and severity hardly imagined just a few years ago, and an ever widening domain of responsibility to overcome them. *Theory and Practice in Clinical Social Work* is the authoritative handbook for social work clinicians and graduate social work students that keeps pace with rapid social changes and presents carefully devised methods, models, and techniques for responding to the needs of an increasingly diverse clientele. Following an overview of the principal frameworks for clinical practice, including systems theory, behavioral and cognitive theories, psychoanalytic theory, and neurobiological theory, the book goes on to present the major social crises, problems, and new populations the social work clinician confronts each day. *Theory and Practice in Clinical Social Work* includes 29 original chapters, many with carefully crafted and detailed clinical illustrations by leading social work scholars and master clinicians who represent the widest variety of clinical orientations and specializations. Collectively, these leading authors have treated nearly every conceivable clinical population in virtually

every practice context using a full array of treatment approaches and modalities Included in this volume are chapters on practice with adults and children clinical social work with adolescents family therapy and children s treatment groups other chapters focus on social work with communities affected by disasters and terrorism clinical case management cross cultural clinical practice psychopharmacology practice with older adults and mourning and loss The extraordinary breadth of coverage will make this book an essential source of information for students in advanced practice courses and practicing social workers alike

The Routledge Handbook of Social Work Practice Research Lynette Joubert,Martin Webber,2020-04-13 The Routledge Handbook of Social Work Practice Research is the first international handbook to focus on practice research for social work Bringing together leading scholars in the field from Europe the USA and the Asia Pacific region it provides an up to the minute overview of the latest thinking in practice research whilst also providing practical advice on how to undertake practice research in the field It is divided into five sections State of the art Methodologies Pedagogies Applications Expanding the frontiers The range of topics discussed will enhance student development as well as increase the capacity of practitioners to conduct research develop coordinating and leadership roles and liaise with multiple stakeholders who will strengthen the context base for practice research As such this handbook will be essential reading for all social work students practitioners and academics as well as those working in other health and social care settings

Social Action in Group Work Abe Vinik,Morris Levin,2012-10-12 One of the most effective ways of dealing with social problems is getting rid of the cause of the problem not just finding a remedy for the result Social Action in Group Work provides a useful overview of the history philosophy theory and practice of social group work and action in the promotion of societal change It shows practitioners how to use their skills effectively to achieve social change This helpful book incorporates ideas developed in social movements identifies their contributions to social group work practice and illustrates effective practice in case experience with specific examples It provides a much needed understanding of the need for and process of social action along with new ideas for theory building teaching and practice in group work Numerous case examples from a variety of different settings become models that will be extremely useful for social work students educators professionals and those who work directly with groups This invigorating book is divided into three sections each with a unique focus and tied together by overlapping concepts theories and models The first section Ideas of Social Action examines the history of social action in group work and proposes an integrated global framework for social work organization education and practice Advocacy and Empowerment the middle section is replete with case examples The third section Principles and Practice explores the application of social group work in a variety of situations including inter ethnic conflict and a group of homeless men and women Together the sections make a strong stand for a more sensitive empowerment oriented practice and for more advocacy by the worker and group Everyone involved or interested in the process of social change through social action with groups will find Social Action in Group Work a wealth of practical information

Dimensions of Human Behavior Elizabeth D. Hutchison, 2008 What is it about the multiple dimensions of person environment and time that social workers need to understand How do diversity and inequality play a role in human behavior How does our biology spirituality and psychology impact behavior And finally what can we learn about how social institutions families groups organizations and communities impact the vast range of human behaviors The Third Edition of this powerful text aims to examine these dimensions by expanding on these important questions In this text you will meet social workers and clients from a variety of work settings and situations who bring the passion and power of social work to life through engaging case studies found throughout the text These case studies help apply the latest theory and research to real life practice situations The Third Edition offers new case studies and is thoroughly updated and revised to reflect recent census data developing trends and cutting edge research on human behavior New to the Third Edition Added coverage of international issues Human behavior is put in global context throughout the book Increased focus on social justice and diversity More content has been added on human diversity related to gender race and ethnicity culture sexual orientation and disability Engages the reader through a variety of illustrative features New case studies exhibits photos throughout and Web resources have been added to provide the most up to date information High Quality Ancillaries Student Study Website Help your students succeed with this new companion student study site at <http://www.sagepub.com/pandestudy> Students can review chapter highlights and summaries take practice quizzes and study via student flash cards on the Web In addition students can download podcasts which contain important highlights presented by the author Expanded Instructor's Resource CD New to this edition instructors can create tests using a new electronic test bank In addition this resource cd contains powerpoint slides teaching tips suggested classroom activities and more and is available to qualified adopters IRCDs are available for qualified instructors only To request an IRCD for this book please contact Customer Care at 1 800 818 7243 6 am 5 pm Pacific Time or by emailing info@sagepub.com with course name and enrollment and your university mailing address to expedite the process Intended Audience This text was developed for advanced undergraduate and graduate courses on Human Behavior in the Social Environment in departments of social work and psychology Together with its companion volume Dimensions of Human Behavior The Changing Life Course ISBN 978 1 4129 4126 6 students will receive the most comprehensive coverage available on Human Behavior The two volumes are also available at a discounted price as a bundle ISBN 978 1 4129 4128 0

Generalist Social Work Practice Charles H. Zastrow, Sarah L. Hessenauer, 2020-12-30 Charles Zastrow a leader in the field for over forty years combines the key components of traditional and contemporary approaches to teaching social work practice into one comprehensive volume in the twelfth edition of this classic text Generalist Social Work Practice presents the knowledge values and skills needed for entry level social work practice with individuals groups families organizations and communities The text describes a variety of approaches to social work practice including assessment intervention and evaluation A large number of skill building exercises are included so that readers can

practice applying theoretical concepts This book provides the theoretical and practical knowledge needed for students to become change agents **Social Group Work** Mr. Rohit Manglik,2023-10-23 In this book we will study about the theory and practice of working with small groups It covers group dynamics leadership stages of group development and techniques for promoting social change within a group context **Program Evaluation for Social Workers** Richard M. Grinnell Jr,Peter

A. Gabor,Yvonne A. Unrau,2015-10-19 Now in its seventh edition this comprehensive text once again provides beginning social work students and practitioners with a proven time tested approach to help them understand and appreciate how to use basic evaluation techniques within their individual cases case level and the programs where they work program level As with the previous six editions this text is eminently approachable accessible straightforward and most importantly practical

Social Work Visions from Around the Globe Anna Metteri,2005 Increase the effectiveness of the services you provide to clients *Social Work Visions from Around the Globe* examines the fundamental principles and dilemmas of social work with people whose health is under threat This valuable resource was compiled from material presented at the Third International Conference on Social Work in Health and Mental Health in Tampere Finland The book explores key issues in social work in health and mental health from the early historical roots of social work in health to developing a human rights perspective on the lives of men who face capital punishment Using tables figures case studies and interviews the text will help you provide holistic client based care to children men women and families *Social Work Visions from Around the Globe* is divided into two sections the first half discusses the position of individuals and families as users of health and mental health care services Specific cases in the book include social work situations for children with disabilities the mentally ill the elderly cancer and HIV AIDS This text includes research and findings on the challenges and solutions faced by social workers in North America Australia Europe Asia and Africa In the second half *Social Work Visions from Around the Globe* focuses on various approaches to social work in health and mental health that address the diversity of societies strengthening the voice of the social worker and service user the expertise of service users development of methods family life and childhood in global comparison human rights issues in social work **The Boundaries of Change in Community Work** Paul

Henderson,David Jones,David N. Thomas,2021-11-07 Since the late 1960s community work had emerged in its own right as an occupation with an increasingly important contribution to make both to ways of thinking within the field of social policy and to day to day social work practice and the resolution of pressing community issues Its practitioners had grown in numbers and experience while community work ideas and methods continued to influence developments in a variety of other neighbouring occupations Originally published in 1980 the editors of this NISW collection suggest that if community workers are to remain effective then they must stay on the boundaries of the agencies that employ them and of the groups with whom they work This theme of the boundary nature of community work is examined in detail in the Introduction and is subsequently taken up by the other contributors to the book This title is organised under three main headings a survey

section on the history philosophy and theories of community work in the United Kingdom a series of case studies that suggest the diversity of the interests of community work and an analysis of the growth of community work as an occupation and the spread of its influence through related professions and disciplines This mix of theory practice and analysis made the book of special importance both to practising community workers and to community work teachers and students at the time In addition the book would have been of direct interest to community oriented administrators professionals teachers and students in other human service fields such as health education housing planning and the personal social services as well as to elected members and administrators in central and local government more generally It will now be welcomed by anyone who seeks a critical account of the historical activities of community work written by experienced practitioners and teachers

Generalist Social Work Practice Janice Gasker,2023-02-10 Generalist Social Work Practice provides students with the foundational skills and knowledge needed to serve clients across micro mezzo and macro areas of practice Author Janice Gasker engages students through evidence based pedagogy self reflection opportunities application and reinforcement of concepts and an abundance of critical thinking sections including profession practice standards such as the 2018 NASW Code of Ethics and 2022 EPAS Updates to the Second Edition include an emphasis on Critical Race Theory greater coverage of issues related to race and intersectionality and a new section on institutional racism in social work Included with this title LMS Cartridge Import this title s instructor resources into your school s learning management system LMS and save time Don t use an LMS You can still access all of the same online resources for this title via the password protected Instructor Resource Site Learn more

Skills in Neighbourhood Work Paul Henderson,David N. Thomas,2013 Completely rewritten and updated this fourth edition retains the practical information but sets it in a contemporary context The authors explain the skills knowledge and techniques needed to work effectively in a neighbourhood setting [The Practice of Generalist Social Work](#) Julie Birkenmaier,Marla Berg-Weger,Martha P. Dewees,2011-04-27 Sufficiently concise to be teachable in a one semester practice course yet available with a treasure trove of related materials for use in a two or three course practice sequence this text helps translate the guiding theoretical perspectives of social justice human rights and critical social construction into purposeful social work practice Three unique cases specially written for this Series provide a learning by doing framework unavailable from any other social work publisher Companion readings and many other resources enable this text to be the centerpiece for three semesters of practice teaching Go to www.routledgesw.com to learn more
