Socially Responsible Investment And Economic Development:

Socially Responsible Investment and Economic Development Jemadari Kamara, 1986 *Socially Responsible Investment* Russell Sparkes, 2003-03-14 Over recent years there has been rapid consumer led growth in investing in socially responsible companies to the extent that it has had an influence on corporate policies New regulations recognise the public interest by requiring all pension funds to declare their ethical policy Investors can no longer just consider the financial aspects of a company before investing but also have to consider the complex world of ethical investments Should the ethical policy take precedence over the financial aspects Should policies be inclusive or exclusive What percentage of a company's income has to come from unacceptable sources before the source is excluded Should any exclusion policy also extend to those involved in selling or transporting goods deemed unacceptable This is the first book to look at socially responsible investment from the perspective of the institutional investor who will be led through the complex dilemmas of socially responsible investment with practical examples and advice *Socially Responsible Investment Law* Benjamin J Richardson, 2008-06-30 Environmental harm is commonly associated with companies that extract consume and pollute our shared natural resources Rarely are the unseen polluters the financiers that sponsor and profit from eco damaging corporations placed at the forefront of the environmental debate By focusing on these unseen polluters Benjamin Richardson provides a comprehensive examination of socially responsible investment SRI and offers a guide to possible reform Richardson proposes that greater regulatory supervision of SRI will help ensure that the financial sector prioritizes ethically based investments In *Socially Responsible Investment Law* he suggests that new governmental reforms should encourage companies to participate in socially responsible investments by providing a better mix of standards and incentives for SRI through measures that include redefining the fiduciary responsibilities of institutional investors to incorporate environmental concerns By doing so Richardson posits that corporate financiers including banks hedge funds and pension plans will become more accountable to the goals of ensuring sustainable development **Sustainable and Responsible Investment in Developing Markets** Joshua Y. Abor, 2023-05-09 Covering pertinent areas of sustainable and responsible investment SRI this forward looking book examines SRI in developing markets including its evolution principles and concepts It explores the drivers and challenges in developing economies and analyses the theoretical underpinnings to critical issues pertaining to SRI Corporate Social Responsibility as a Possible Strategy to Regulate Economic Development, 2001 Socially Responsible Investment Enrique Ballester, Blanca Pérez-Gladish, Ana García-Bernabeu, 2014-11-18 This book integrates socially responsible investment into modern portfolio theory from a multi criteria perspective Socially responsible investment is a new deal championed by the institutional investment and bank sectors agents that influence mutual funds and other collective investment schemes and which fear that financial strategies without ethical constraints can harm sustainable growth and prosperity The book shows how to combine financial criteria such as profitability and risk with non financial criteria such as the protection of the

ecosystem responsible consumption of energy and healthcare campaigns The book's first part presents critical issues in ethical investment while the second explains in detail the application of goal programming techniques for SRI funds illustrating their use in actual cases Part three demonstrates how compromise programming can be applied in the contexts of portfolio selection and risk management Finally in its fourth part the book examines the application of other decision making support methods like the Analytic Hierarchy Process AHP framework the Reference Point Method and soft computing techniques for portfolio selection

The Future of Indigenous Inclusivity: Unlocking Finance for Economic Development Irfan, Mohammad, Majeed, Mohammed, Kassim, Salina, Ofori, Kwame Simpe, 2024-12-10 The future of Indigenous inclusivity in economic development depends on new financial opportunities to empower Indigenous communities to thrive while preserving their cultural heritage As global economies shift toward sustainability and equity there is growing recognition of the need to support Indigenous peoples in accessing finance technology and resources necessary to create sustainable growth By creating inclusive financial systems promoting Indigenous led entrepreneurship and investing in community driven projects communities and local businesses can bridge the gap between historical inequities and modern economic opportunities Exploring this approach may benefit Indigenous communities while contributing to the goals of economic resilience cultural preservation and environmental stewardship The Future of Indigenous Inclusivity Unlocking Finance for Economic Development explores the intersection of Indigenous communities and new financial practices for improved Indigenous economic development It examines solutions to address the challenges presented by Indigenous community development policymaking service improvement and inclusion in local economics This book covers topics such as law and policy natural resources and financial technology and is a useful resource for economists business owners policymakers engineers scientists academicians and researchers

Sustainable Economic Development Walter Leal Filho, Diana-Mihaela Pociovalisteanu, Abul Quasem Al-Amin, 2016-09-27 This book introduces the influence and impacts of green economy and green growth on sustainable economic development Combining empirical and theoretical information it provides detailed descriptions of state of the art approaches methods and initiatives from around the globe that illustrate green policies and demonstrate how green growth can be implemented on an international scale It also includes analyses of specific issues such as public policies and sustainable development plans that influence industry and increase trade in environmental goods and services the way to a greener economy green tourism green agriculture green learning and green equilibrium in modern society Matters such as green procurement environmentally oriented implementation strategies and the importance of employee skills in the development of a sustainable future workforce are described as well as a selection of tools that can be used to foster sustainable growth green economies and green growth The book also offers a timely contribution to the dissemination of approaches and methods that improve the way we perceive and utilize natural resources and the technologies designed to protect them Puts forward new ideas for creating a more sustainable future

Ethical investment has made great strides in recent years but many professional investors and most IFAs from whom the majority of the public still get their investment advice remain unsure about this fast growing sector This book helps professionals to Understand the ethical dimension in investment and in particular the economic and investment value

considerations that underpin investments with an ethical and socially responsible focus Include consideration of the ethical dimension in their know your client process Analyse and summarise their client s ethical concerns and priorities and how these translate to investment considerations Select ethical and socially responsible funds whose profiles best match their clients concerns and priorities

CSR and Socially Responsible Investing Strategies in Transitioning and Emerging Economies Kuna-Marszałek, Anetta,Kłysik-Uryszek, Agnieszka,2020-01-17 One of the most important activities of enterprises today is responsible entrepreneurship Corporate social responsibility CSR activities can help to forge a stronger bond between employees and corporations can boost morale and can help both employees and employers feel more connected with the world around them Moreover the growing importance of this concept results from the fact that it is perceived as an effective tool for increasing competitiveness improving the image of the company or contributing to the generation of higher profits In today s world an active commitment to social responsibility is becoming more common for a company CSR and Socially Responsible Investing Strategies in Transitioning and Emerging Economies is an essential reference source that identifies the scale and scope of implementation of CSR and socially responsible investing strategies and standards in companies operating in different transitioning and emerging economies as well as assessing the global effects of these activities Featuring research on topics such as economic growth responsible investing and business ethics this book is ideally designed for managers executives directors corporate professionals government officials industry leaders academicians students and researchers in the fields of international economics international business marketing finance management and public relations

Emerging Trends in Commerce and Economics Dr. B. Parashuramulu,Dr. Addelli Ravinder,

Development-Oriented Corporate Social Responsibility: Volume 2 Dima Jamali,Charlotte Karam,Michael Blowfield,2017-09-08 This volume provides a platform for localized perspectives on CSR in developing countries across the globe The chapters bring local context and business to the forefront and highlight the efforts spearheaded by indigenous actors from within the developing world They present insights from developing countries through successful and less successful examples of locally led CSR efforts Together these perspectives capture the complex paradoxes of CSR in developing countries and highlight common features in national institutions across the developing world such as weak political and regulatory institutions that shape local CSR initiatives and often limit its developmental impact The editors argue the need to embrace partnership models that leverage the strengths of different actors to promote effective development and tackle the complex challenges facing the developing world This important series will be the reference source for academics practitioners policy makers and NGOs involved in development oriented CSR

Social Innovation, the Social Economy and World Economic Development Denis Harrisson,Reynald Bourque,György Széll,2009 The world of work and labour is in a permanent transformation affecting the various social groups in the different parts of the world quite unequally Social innovations related to the idea of economic progress and well being tackle the problems of

employment leading to social exclusion and poverty as a consequence of the extreme positioning in favour of economic performance. An alternative economy complements the deficiency of both the market and the State. This volume presents contributions from scholars coming from different continents about Social Economy, Labour Rights, corporate Social Responsibility, Social Regulations and Public Policies. Social innovations have huge impacts on national and regional economies as their sources come from the citizen. Many initiatives presented in this volume are a social response by civil society to poverty, precarious employment, job losses, long term unemployment, delocalisation and de-industrialisation.

Global Social Economy: Development,, Work and Policy John B. Davis, 2009-09-10. This volume expands on the standard economic framework of global economy by looking at the way in which economic life is framed by society and social relationships and investigates how social values influence and help determine economic values. *Proceedings of the 2022 2nd International Conference on Economic Development and Business Culture (ICEDBC 2022)* Yushi Jiang, Yuriy Shvets, Hrushikesh Mallick, 2023-05-11. This is an open access book. With the support of universities and the research of AEIC Academic Exchange Center, The 2nd International Conference on Economic Development and Business Culture ICEDBC 2022 will be held in Dali from June 24th to 26th. Compared with previous conferences, it will discuss more in depth economic independent innovation, open cooperation and innovative business culture under the background of the new development stage, new situation and new journey era. There will be a broad exchange environment. Well known experts, scholars or entrepreneurs in the field will be invited to make keynote reports. Contributing authors are also very welcome to actively participate in the conference and build an academic exchange ceremony. Monetary Dynamics and Socio-Economic Development in Emerging Economies Canguende-Valentim, Cláudio, Madaleno, Mara, Victorino, Samuel Carlos, Jungo, João, 2025-08-08. Monetary dynamics play a critical role in shaping the socio-economic development of emerging economies. These dynamics encompass a range of factors including inflation control, interest rate management, currency stability and central bank policies which influence investment, consumption and income distribution. As emerging economies strive for sustainable development, the interaction between monetary policy and socio-economic outcomes becomes complex, requiring a balance between economic growth and financial stability. Understanding this integration is essential to designing policies that encourage progress while mitigating inequality and systemic risks. Monetary Dynamics and Socio-Economic Development in Emerging Economies explores the main challenges emerging economies face in terms of monetary stability and growth and opportunities for economic advancement. It discusses future trends in monetary dynamics and their potential implications for socio-economic development in a rapidly changing global context. This book covers topics such as digital technology, international trade and monetary policy and is a useful resource for business owners, economists, policymakers, computer engineers, academicians, researchers and scientists. International Corporate Governance Thomas Clarke, 2023-08-29. Thomas Clarke's *International Corporate Governance* offers a panoramic guide to corporate governance.

and examines the recurring crises in governance and the reform around the world This is a popular classic book but significant changes have been made to this new edition to take account of the continuing impact of the global financial crisis and the wave of regulation development flowing from this the profound consequences of climate change and the urgent need for corporations to respond with the commitment to sustainable value creation Important elements of the work include contemporary governance failures including BP VW Boeing GM Tesla Apple Purdue Pharma and Theranos the ongoing vitality of the diversity of corporate governance across the world digital disruption in capital markets and initiatives to build long term investment the universal impact of financialization and resulting increasing inequality the essential logic of corporate governance and corporate sustainability The textbook contains a wealth of pedagogical material to guide the reader through this complex subject with student questions to help with assessments and new companion website There are 14 new forensic case analyses critically scrutinizing governance failures International Corporate Governance is an essential text for those studying corporate governance at the advanced undergraduate postgraduate or executive level

Ethics and Socially Responsible Investment William Ransome, Charles Sampford, 2016-05-13 This volume breaks new ground by approaching Socially Responsible Investment SRI as an explicitly ethical practice in financial markets The work explains the philosophical and practical shortcomings of long term shareholder value and the origins and conceptual structure of SRI and links its pursuit to both its deeper philosophical foundations and the broader multi dimensional global movement towards greater social responsibility in global markets Interviews with fund managers in the Australian SRI sector generate recommendations for better integrating ethics into SRI practice via ethically informed engagement with invested companies and an in depth discussion of the central practical SRI issue of fiduciary responsibility strengthens the case in favour of SRI The practical and ethical theoretical perspectives are then brought together to sketch out an achievable ideal for SRI worldwide in which those who are involved in investment and business decisions become part of an ethical chain of decision makers linking the ultimate owners of capital with the business executives who frame advocate and implement business strategies In between there are investment advisors fund managers business analysts and boards The problem lies in the fact that the ultimate owners are discouraged from considering their own values or even their own long term interests whilst the others often look only to short term interests The solution lies in the latter recognising themselves as links in the ethical chain
