Society Of Others A Novel:

The Society of Others William Nicholson, 2006 New fiction from the screenwriter of the Academy Award winning *Gladiator* The nameless narrator of *The Society of Others* is an alienated youngster who sees no meaning in life He doesn't even see the point of getting out of bed in the morning To get his nagging family off his back he embarks on an aimless hitchhiking adventure When he is picked up on the highway on the way to the Channel Tunnel by a truck driver spouting Descartes and Kant it seems as if he is at the start of a picaresque coming of age journey around Europe But then the truck reaches the border of a repressive European state and the narrator watches in terror as the driver is tortured and killed by a sinister band of men in black bomber jackets What was so dangerous to this country's regime in the cache of banned books he was smuggling in to the country With all the pace and thrust of a thriller the hero is propelled into a dizzying sequence of increasingly terrifying Kafkaesque adventures as he tried to understand the bloody struggle between the regime's secret police and a band of equally ruthless and fanatical freedom fighters and his own role in that struggle Written to be read at several different levels and to provoke debate this novel is also a moral fairytale bursting with art poetry music and ideas

Ricoeur's view the political is the realm of a tension between rationality the attempt to provide a coherent explanation of the world and irrationality which manifests itself in force and repression This political paradox lies at the heart of politics for the claim to explain the world generates its own form of violence the more one desires the good the more one is inclined to impose it Ricoeur warns citizens the guardians of democracy against any totalizing system of thought and any dogmatic understanding of history Power should be divided and controlled and Ricoeur defends a form of political liberalism in which states are conscious of the limits of their power and respectful of the freedom of their citizens Ranging from questions of power and repression to those of ethics identity and responsibility these little known political texts by one of the leading philosophers of the twentieth century will be of interest to students and scholars of philosophy politics and theology and to anyone concerned with the great political questions of our time

and Contemporary Egyptian Society Yasmine Motawy, 2025-02-25 A social and political history of two decades of Egyptian neoliberalism through children's picture books published in Egypt in the post 2000 era Children's picture books are some of the most transparently ideological materials available to parents and educators and as cultural objects they are an expression of the zeitgeist of a particular era They reveal much about the hopes values and aspirations of the society that produces them as well as that society's vision of its place in the wider world at large Children's Picture Books and Contemporary Egyptian Society examines a new wave of Egyptian picture books that was published in the current century to see how these books responded to larger societal trends and transformations in Egypt as well as to explore the ideologies that lie behind them Yasmine Motawy argues that a host of factors including the growth of gated communities and international schooling the proliferation of lucrative literary awards returning Gulf migrants television dramas and nationwide reading advocacy initiatives helped give rise to a new kind of children's picture book in Egypt Motawy focuses on three clusters of selected picture books to investigate the extent to which these books reproduce hegemonic discourses or alternatively open up new horizons of childhood agency and societal transformation The first cluster includes books that directly socialize the child by showing them how things are done in both the domestic sphere and the increasing globalized spaces that children frequent with their families The second cluster aims at reframing cultural notions around femininity through the retelling of folk and fairy tales while the third cluster addresses children's abilities to assess the impact of their actions on their environment and invites them to examine their personal suitability to positions of power and stewardship

My Life Bhai Parmanand, 2003-01-01 Presents The Life Story Of Bhai Parmanand The Well Known Freedom Fighter Who Was A Source Of Inspiration To Many Others Contains 24 Chapters Dust Jacket Slightly Damaged *Manning the Nation. Father Figures in Zimbabwean Literature and Society* Kizito Z. Muchemwa, Robert Muponde, 2007 Gender studies in Zimbabwe have tended to focus on women and their comparative disadvantages and under privilege Assuming a broader perspective is necessary at a time when society has grown used to arguments rooted in binaries colonised and coloniser race and class sex and gender poverty and wealth patriotism and terrorism etc The editors of Manning the Nation recognise that concepts of manhood can be used to repress or liberate and will depend on historical and political imperatives they seek to introduce a more nuanced perspective to the interconnectivity of patriarchy masculinity the nation and its image The essays in this volume come from well respected academics working in a variety of fields The ideals and concepts of manhood are examined as they are reflected in important Zimbabwean literary texts However if literature provides a rich vein for the analysis of masculinities what makes this collection so interesting is the interplay of literary analysis with chapters that provide a critical examination of the ways in which ideals of manhood have been employed in for example leadership and the nation as a justification for violent engagement in the field of AIDS and HIV etc Manning the Nation Father figures in Zimbabwean literature and society sets the stage for a fresh and engaging discourse essential at a time when new paradigms are needed
