L2 Dynamic Assessment Research in China Matthew E. Poehner, James P. Lantolf, 2025-06-24 Dynamic Assessment is an innovative approach to revealing the full range of learner abilities that has rapidly gained attention from language educators and researchers While much of the research to date has examined Dynamic Assessment in Western countries the research in

this book further extends the framework by documenting its uses by Chinese scholars in meeting context specific challenges

Dynamic Assessment or DA originated in the writings of Russian psychologist L S Vygotsky concerning the concept of the Zone of Proximal Development While many assessment approaches call for closer integration with teaching DA embeds an instructional component referred to as mediation as part of the assessment procedure Following Vygotsky the picture of a person s abilities is incomplete if focus is restricted to past development as diagnosed by what the person can achieve independently and without considering those abilities that are emerging as revealed through responsiveness to mediation In this way DA offers insights into learner abilities not easily obtained through other assessments Widely employed in special education and general abilities testing the second language field has witnessed a rapid growth of interest in using DA to better understand the full range of learner language abilities and to determine how instruction can optimally promote the development of all learners This book brings together a collection of original studies conducted by scholars in China that build upon methods and principles from previous DA research and that leverage them to meet local demands In so doing this research collectively illustrates the extension of DA into new cultural contexts while simultaneously yielding findings that are sure to resonate with language educators assessors and researchers around the world This book was originally published as a special issue of Language Assessment Quarterly

Integrating Technology Into Contemporary Language Learning and Teaching Zou, Bin, Thomas, Michael, 2018-02-23

Technology has become an integral part of our everyday lives. As today's teachers prepare to instruct a new generation of students, the question is no longer whether technology should be integrated into the classroom but how. *The Handbook of Research on Integrating Technology Into Contemporary Language Learning and Teaching* is a critical scholarly publication that examines the relationship between language education and technology and the ability to improve language education through technological advances. Featuring coverage on a wide range of topics such as computer-assisted language learning, flipped instruction, and teacher education, this publication is geared toward researchers, practitioners, and education professionals seeking relevant research on the improvement of language education through the use of technology. *New Technological Applications for Foreign and Second Language Learning and Teaching* Kruk, Mariusz, Peterson, Mark, 2020-03-13

Population diversity is becoming more prevalent globally with increasing immigration, emigration, and refugee placement. These circumstances increase the likelihood that a child will be raised speaking a different language in the home than the common language used in each country. This necessitates the development of comprehensive strategies that promote second language learning through the adoption of new technological advancements. *New Technological Applications for Foreign and Second Language Learning and Teaching* is a scholarly publication that explores how the latest technologies have the potential to engage foreign and second language learners both within and outside the language classroom and to facilitate language learning and teaching in the target language. Highlighting a range of topics such as learning analytics, digital games, and telecollaboration, this book is ideal for teachers, instructional designers, curriculum developers, IT consultants, educational software developers, language learning specialists, academicians, administrators, professionals, researchers, and students. **The Cambridge Handbook of Task-Based Language Teaching** Mohammad Javad Ahmadian, Michael H. Long, 2021-12-09

Task-based language teaching (TBLT) is an innovative approach to language teaching which emphasises the importance of engaging learners' natural abilities for acquiring language incidentally. The speed with which the field is expanding makes it difficult to keep up with recent developments for novices and experienced researchers alike. This handbook meets that need, providing a comprehensive up-to-date overview of the field, written by a stellar line-up of leading international experts. Chapters are divided into five thematic areas and, as well as covering theory, also contain case studies to show how TBLT can be implemented in practice in a range of global contexts, as well as questions for discussion and suggested further readings. Comprehensive in its coverage and written in an accessible style, it will appeal to a wide readership, not only researchers and graduate students but also classroom teachers working in a variety of educational and cultural contexts around the world. **EFL Learners' Task Perceptions and Agency in Blended Learning** Joannis Kaliampos, 2022-09-05

How does foreign language learners' agency emerge at the micro level of classroom activity during the enactment of digitally enhanced tasks, and how do these learners exercise their agency digitally within and

beyond the classroom Drawing on research in task based and computer assisted language learning this mixed methods study uncovers key dimensions of learner agency a newcomer to the field of language teaching methodology and applied linguistics The analysis centers on three case studies of teenage students perceptions and handling of digitally enhanced language learning tasks These are complemented with a Germany wide questionnaire survey among participants in the U S Embassy School Election Project an intercultural blended language learning project that has drawn over 15 000 participants since 2012

Second Language Educational Experiences for Adult Learners John M. Norris, John McE. Davis, Veronika Timpe, Veronika Timpe-Laughlin, 2017-04-21 Second Language Educational Experiences for Adult Learners explains the latest research on adult learning and then applies that work to specifically address second language learning In the foundational chapters this book introduces some of the differences between language learning for adults In the second half of the volume the authors move to consider educational design in chapters on curriculum materials assessment and technology This is an essential book for researchers and students interested in the science of language learning or anyone looking to better understand the science of adult education

The Routledge Handbook of Applied Linguistics James Simpson, 2011-03-15 The Routledge Handbook of Applied Linguistics serves as an introduction and reference point to key areas in the field of applied linguistics The five sections of the volume encompass a wide range of topics from a variety of perspectives applied linguistics in action language learning language education language culture and identity perspectives on language in use descriptions of language for applied linguistics The forty seven chapters connect knowledge about language to decision making in the real world The volume as a whole highlights the role of applied linguistics which is to make insights drawn from language study relevant to such decision making The chapters are written by specialists from around the world Each one provides an overview of the history of the topic the main current issues and possible future trajectory Where appropriate authors discuss the impact and use of new technology in the area Suggestions for further reading are provided with every chapter The Routledge Handbook of Applied Linguistics is an essential purchase for postgraduate students of applied linguistics Editorial board Ronald Carter Guy Cook Diane Larsen Freeman and Amy Tsui
