Spetsnaz Soviet Special Forces:

Inside Spetsnaz Kirsten Amundsen, 1990 Spetsnaz: The Inside Story of the Soviet Special Forces Viktor Suvorov, 1988-09-01 Viktor Suvorov is a Soviet army officer who has defected to the West Here is the full story of the Spetsnaz forces the Soviet army's secret killer elite This is the first comprehensive insight for the West into a Soviet army within an army whose existence has been known until recently only to a few highly placed people most of whom would deny it The spetsnaz Soviet special forces are one of the more shadowy and ruthless secret special forces in the world Controlled by military intelligence the GRU spetsnaz units are recruited from the ranks of the toughest officers and men in the Soviet Army the cutting edge of Soviet military might In modern warfare their primary task is the destruction of enemy tactical nuclear weapons but the training of anyone selected for spetsnaz prepares him or her for an unlimited range of tasks from undercover activity as a member of a Soviet Olympic sports team to piloting a midget submarine As an officer in the GRU the author was directly involved in the control and planning of spetsnaz In this revealing and sometimes shocking book he talks about his own experience about the military code of an armed force that kills its own wounded about the weapons strategy and training For anyone interested in the true military capability of the Soviet Union this book is essential reading

Spetsnaz Mark Galeotti, 2015-06-20 When the shadowy notorious Spetsnaz were first formed they drew on a long Soviet tradition of elite behind the lines commando forces from World War II and even earlier Throughout the 1960s 70s they were instrumental both in projecting Soviet power in the Third World and in suppressing resistance within the Warsaw pact As a powerful but mysterious tool of a world superpower the Spetsnaz have inevitably become the focus of many tall tales in the West In this book a peerless authority on Russia's military Special Forces debunks several of these myths uncovering truths that are often even more remarkable Now since the chaotic dissolution of the USSR and the two Chechen Wars Russian forces have seen increasing modernization involving them ever more in power projection counter insurgency and anti terrorism and the Spetsnaz have been deployed as a spearhead in virtually all of these operations This book offers a unique absorbing guide to the secrets of the Spetsnaz their most noteworthy missions and personalities but is also packed with details such as orders of battle equipment and operational doctrine **Spetsnaz** Tor Bukkvoll, 2024-12-12 In January 1951 Lieutenant Evgeniy Borisov was sent to the headquarters of the Soviet 5th Army in Spassk Dalnii a small city in the Russian Far East Borisov was there on a secret mission Together with his superior Major Rusinov his job was to establish the 91st Special Forces Company The 91st was to be one of forty six similar units spread out across the Soviet Union The new forces were called spetsnaz short for spetsialnoe naznachenie which translates to special purpose In Spetsnaz Tor Bukkvoll presents the first in depth history of the Soviet and later Russian special operations forces from their establishment until today He focuses on three broad topics Soviet and later Russian thinking on the use of special operations forces the actual process of constructing these forces and how this was facilitated or hampered by other agencies of the Soviet and Russian

states and the use of these forces in combat Bukkvoll uses a variety of sources but the most important are the recollections of former spetsnaz soldiers and officers themselves which allow an understanding of the history of these forces as the men of spetsnaz see and have seen it Bukkvoll also draws upon observations and judgments from other parts of the Soviet and Russian militaries from a number of KGB sources and from independent Russian experts and journalists Spetsnaz is essential reading for anyone interested in special operations forces or Russian military history Spetsnaz Viktor Suvorov,1987

Operation Spetsnaz Michael G. Welham,Bruce Quarrie,1989 Beskrivelse af de sovjetiske Spetsnaz specialtropper deres opgaver taktik og teknik *Soviet Military Power* ,1987 Soviet Military Power, 1987 ,1987 Soviet Military Power 1987 reviews new development in the USSR s armed forces over the past year and places these in the context of current doctrine and strategy These developments again underscore that the USSR is building new generations of offensive strategic and theater nuclear forces as well as conventional land sea and air forces and strategic defense forces going far beyond legitimate requirements for defense Green Berets, Seals, and Spetsnaz John M. Collins,1987 Specialenheder Special Forces JSOC Joint Special Operations Command CIA KGB GRU NSWG Naval Special Warfare Group SEAL Missions Rangers Delta Direct Action Indirect Action Reagan Doctrine SOF Special Operations Forces Security Troops Surrogate Support Special Operations Task Hostage Rescue Insurgent Terrorist Cells Counterterrorism Strategic Sabotage *Military Review* ,1993
