Spinifex and Hessian Su-Jane Hunt,1986 Includes chapter on Aboriginal women labour conditions remuneration abuse several case studies **Spinifex and Hessian** Su-Jane Hunt,1986 Includes chapter on Aboriginal women labour conditions remuneration abuse several case studies *Barmaids* Diane Kirkby,1997-11-10 This 1997 book is a mixture of cultural and labour history which traces the role of barmaids and Australian drinking culture Aboriginal Health and History Ernest Hunter,1993-06-14 The Royal Commission into Aboriginal Deaths in Custody 1987 1991 focused attention on the behavioural dimension of Aboriginal health and the lack of appropriate services This book is a systematic analysis of the sociohistorical and intercultural aspects of mental health in one area of remote Australia the Kimberley The author shows how the effects of social disruption cultural dislocation and loss of power suffered by Aboriginal people have manifested themselves in certain behavioural patterns The book analyses rising mortality rates from suicide accidents and homicide amongst Kimberley Aboriginal communities and studies the economic impact of alcohol on these communities It also considers the role of alcohol in producing violent behaviour and affecting the general level of health **Selling Sex** Raelene Frances,2007 Provides a history of prostitution in Australia from before European colonisation and situates this history within an international context of labour migration and policy formation This work draws on archival research and interviews to chart the ways in which prostitution contributed to women s economic survival and to colonisation **Genocide on Settler Frontiers** Mohamed Adhikari,2015-06-01 European colonial conquest included many instances of indigenous peoples being exterminated Cases where invading commercial stock farmers clashed with hunter gatherers were particularly destructive often resulting in a degree of dispossession and slaughter that destroyed the ability of these societies to reproduce themselves The experience of aboriginal peoples in the settler colonies of southern Africa Australia North America and Latin America bears this out The frequency with which encounters of this kind resulted in the annihilation of forager societies raises the question of whether these conflicts were inherently genocidal an issue not yet addressed by scholars in a systematic way Women As Australian Citizens Patricia Crawford,Philippa Maddern,2016-06-03 What does it mean to be a woman citizen in Australia today Why have Australian women appeared so rarely in public political life despite gaining the vote in 1901 Why has formal citizenship historically been analysed in primarily male terms And how have women themselves established different practices of citizenship from those of men *Women as Australian Citizens* addresses these questions It examines the long histories of citizenship for Australian women of various ethnic and cultural backgrounds showing how gender far from being irrelevant has been central to constructions of the concept of citizenship Hence citizenship has been masculinised and women s citizenly activities marginalised This challenging and original work problematises the concept of citizenship and the unstated assumptions infusing it The authors argue that from its earliest European origins the word citizen has acted as a term of division denoting both inclusion in and exclusion from civic power and initiating enduring negotiations over the

criteria for becoming a citizen Patricia Crawford Philippa Maddern and their associate authors investigate how gender has been used as a marker and justification for inclusion and exclusion They show how women from many different backgrounds from the medieval world onwards rethought and rewrote their own citizenship and argue that the legacies of these historical debates still underlie community understandings of modern Australian citizenship **SPINIFEX AND HESSIAN** ,2018
