Cowan, 1999 *Evolution in the Bible* Patricia J. Veenema MDiv., 2022-12-30 How can the God of the Old Testament be the same God of the New Testament With an evolutionary lens there is a reasonable answer to this question At every stage of development we can have an inspired understanding of the Divine but our perception will be configured by our worldview or value system Like transparencies on an overhead projector in this book we overlay two valuable tools the model of the Documentary Hypothesis and the model of Spiral Dynamics enabling us to view the God of the Hebrew Scriptures from an Integral perspective This book invites you to make peace with the God of the Old Testament while honoring the ancients It helps you release the dogma of religion and gives space for you to evolve your understanding of God and awaken to an integral acceptance of the inevitable and necessary stages of human development Soulforce Joseph Arnold, 2024-08-19 Through the unique Soulforce Arts Approach you will be able to breath new life into your creative works and bring a newfound passion to your art Many artists musicians and creatives share a secret fear that their art doesn't really matter and that it isn't practical or useful enough to make a tangible contribution to a world in need This couldn't be further from the truth The purpose of art is to bring us more alive to connect us with something bigger than our individual selves to inspire heal and bring us together These are universal human needs whose fulfillment provides a necessary sense of meaning purpose and belonging and without which life becomes a dry dusty bone However in order to make art that fulfills this purpose you first must surmount the challenges inherent to creating art in an extractive consumer driven society This thought provoking book examines how Soulforce the transformative energy that comes from facing creative challenges from a place of wholeness aliveness and connection can breathe new life into your creative works and empower you to have a new experience of your art and its impact on you your community and the world Through his unique Soulforce Arts Approach Arnold empowers us to see art through the lens of deep humanity and interbeing and presents a curriculum to help us move from fear doubt and disconnection to a place where art becomes a tangible expression of love life and the divine in all of us A must read for fans of Julia Cameron and Alex Grey Soulforce is a primer for a new generation of artists and creatives who are ready to claim their true potential as creative forces for change **Awakening the New Masculine** Gary L. The Philosophical Basis of Inter-religious Dialogue Mirosław Patalon, 2008-12-18 In the present epoch of tensions between civilizations challenges being brought by globalization processes and the necessity of the coexistence of various cultures and traditions the subject of inter religious dialogue seems to be particularly significant Can religions remain isolated islands Are their claims of being the only source of theological truth justified Or should it rather be understood as an effect of interaction between different points of view and common effort of looking for the answers to the questions about God and his relations to the world What is the role of dialogue Is it only a politically correct element or maybe something more essential the basis of reasonable existence and development of religion Should the direction traced by 20th century s partisans of ecumenical movements be widened in order to embrace also non Christian religions What is the orthodoxy and where are its boundaries The process philosophy creates a convenient and favorable atmosphere for this kind of considerations The articles of this selection represent different points of view of the discussed topic The book is addressed to all who deal with the inter religious dialogue both clergy and laymen as well as scholars and students interested in the subject
