Western medicine call it mental illness Shamanic traditions call it spiritual emergence I call it rebirth Rebirth does not have to be painful but rather enables you to release old patterns that no longer serve your highest good so that you can receive the new Rebirth does not have to create suffering but rather empowers you to heal and free yourself from limiting belief systems Rebirth does not have to be resisted but rather awakens you to the beauty and liberation of limitless possibility Rebirthing the soul is a natural process of evolution and is often mistaken as a problem but Soul Communication transcends this stigma reflecting the exact reason why humanity must surrender to rebirth When you align with the language of your soul you become the creator of your own life

physical and spiritual life all play a big part in the evolving nature of your soul's consciousness which is connected to your life missions and purposes. The more enlightened you become and the more you raise your soul consciousness, then the less strain is experienced as you navigate through the treacherous waters of the practical world. Your vibration is made up of undetectable cells to the human eye but visible to the spiritual eye. It is an invisible energy field that exists within your soul's aura and physical body. These cells fluctuate and change colors depending on your mood, your thought processes, your actions, who you surround yourself with, as well as what you ingest into your body. You are in control of this vibration energy field, able to oversee and dictate how well you would like it to function through your life choices. A raised soul consciousness gives you wider psychic perception that allows room for stronger cognitive input. This is the area where divinely guided information from above falls into and is planted. Some of the topics discussed include opening the pathway to divinity, knowing when your soul is transforming and evolving, awakening your creative consciousness, soul contracts, life purposes, healing and transformation, soul groups and earth angels, the earthly birth of the soul and spirit, the higher self, soul growth through grief, soul growth through health issues, soul growth through relationships, soul growth through work and career, soul growth through superficiality, soul growth through emotional healing, the human influences on the soul consciousness, and much more. Let more Light into your soul's life with the Metaphysical Divine Wisdom collection of books.
